Licking Memorial Health Systems Tax Deferred 403(b) Plan
Notes to the Financial Statements
December 31, 2015 and 2014

Note A - Description of Plan

The following description of the Licking Memorial Health Systems Tax Deferred 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (the "IRC") covering substantially all employees of Licking Memorial Health Systems (the "Plan Sponsor"). The Plan was established to provide employees with a systematic means of saving and investing for the future. All permissible employees of the Plan Sponsor, as defined in accordance with the universal availability standards, are eligible to enroll in the Plan on their date of hire. Deferrals begin upon enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Plan Contributions: Each year, participants may elect to contribute up to 75% of their eligible compensation, subject to certain limitations prescribed by the IRC and other limitations specified in the Plan. Participants also are permitted to make rollover contributions to the Plan from a qualified plan, annuity contract, or individual retirement account or annuity in accordance with the Plan Document.
3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Plan gains or losses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.
4. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their contributions into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
5. Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.
6. Notes Receivable from Participants: Participants may borrow from their account balances with interest charged at a rate equal to a reasonable interest rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money, which remains in effect for the duration of the loan. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The minimum loan is \$1,000 and the maximum loan is the lesser of \$50,000 less the highest outstanding loan balance during the one-year period prior to the new loan application date, or 50% of the participant's account balance less any current outstanding loan balance. The loans are secured by the balance in the participants' account. Principal and interest are paid ratably through payroll deductions. Participants may only take out one loan during any 12 month period and may only have one loan outstanding at any time.
7. Payment of Benefits: Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments or an annuity contract. Upon termination, other than by retirement, disability, or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump sum. Hardship distributions are permitted under the Plan if certain conditions are satisfied.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.
2. New Accounting Pronouncements: In May 2015, the FASB issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by ASC 820. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with retrospective application of Parts I and II to all periods presented.

Plan management has elected to early adopt ASU 2015-07 and ASU 2015-12 as of December 31, 2015, as they believe they will simplify Plan accounting and its presentation in the financial statements. As such, the presentation of the financial statements and notes herein have been changed to reflect such adoption.

3. Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates.
4. Investment Valuation and Income Recognition: The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes to the Financial Statements (Continued)
December 31, 2015 and 2014

Note B - Summary of Significant Accounting Policies (Continued)

5. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.
6. Payment of Benefits: Benefit payments are recorded when paid.
7. Administrative Expenses: Administrative expenses of the Plan are paid by the Plan sponsor or Plan participants, as defined in the Plan agreement.
8. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.
9. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report, which represents the date the financial statements were available to be issued.

Note C - Information Certified by the Plan's Trustee and Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company ("Vanguard"), the trustee of the Plan and Hartford Life Insurance Company ("Hartford"), the custodian of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, the Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related interest and dividends, interest income on notes receivable from participants, and net depreciation in fair value of investment information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Licking Memorial Health Systems Tax Deferred 403(b) Plan
Notes to the Financial Statements (Continued)
December 31, 2015 and 2014

Note D - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for the investments measured at fair value. Other than as disclosed in Note B, there have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at NAV of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through subaccounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through subaccounts of a separate account of an insurance company at December 31, 2015 and 2014, respectively. The investments are redeemable at the adjusted NAV under agreements with the insurance company. There are currently no redemption requirements or unfunded commitments on these investments.

The pooled separate accounts consist of the following categories:

- Small cap, Mid-cap, Large cap, and International/global: pursues capital appreciation and income foremost by investing in equity securities across domestic and international markets and across certain market capitalizations; may be exposed to all market risks.
- Balanced: primarily seeks current income and, as a secondary objective, capital appreciation.
- Bond: seeks total return with an emphasis on high current income, but also considering capital appreciation; may invest in foreign securities.
- Specialty: seeks long-term capital appreciation, primarily investing in equity securities of issuers among a number of different countries throughout the world (one of which may be the United States).
- Fixed income: seeks to invest in money market instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements (Continued)
December 31, 2015 and 2014

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2015:

	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 816,743	\$ -	\$ -	\$ 816,743
Mutual Funds	37,589,413	-	-	37,589,413
Total Assets in the Fair Value Hierarchy	<u>\$ 38,406,156</u>	<u>\$ -</u>	<u>\$ -</u>	38,406,156
Investments measured at NAV (a)				<u>703,519</u>
Investments at Fair Value				<u>\$ 39,109,675</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2014:

	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 830,544	\$ -	\$ -	\$ 830,544
Mutual Funds	37,185,281	-	-	37,185,281
Total Assets in the Fair Value Hierarchy	<u>\$ 38,015,825</u>	<u>\$ -</u>	<u>\$ -</u>	38,015,825
Investments measured at NAV (a)				<u>819,466</u>
Investments at Fair Value				<u>\$ 38,835,291</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Note E - Fully Benefit-Responsive Investment Contracts

The Plan holds fully benefit-responsive investment contracts with Hartford. Hartford maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts are included in the financial statements at contract value as reported to the Plan by Hartford. Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the guaranteed investment contracts. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expense. Participants pay ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, but may not be less than 3% for contracts 750057 and 750072 over the life of the respective contracts. Such interest rates are reviewed on a quarterly basis for resetting.

Notes to the Financial Statements (Continued)
December 31, 2015 and 2014

Note E - Fully Benefit-Responsive Investment Contracts (Continued)

Certain events, such as premature termination of the contracts by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the issuer. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

Note F - Related Party Transactions

Certain administrative services are provided by the Plan Sponsor at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Plan Sponsor.

Certain Plan investments are shares of a money market fund and mutual funds managed by Vanguard, and certain Plan investments are shares of pooled separate accounts and guaranteed investment contracts managed by Hartford. Vanguard is the trustee of the Plan and Hartford is the custodian of the Plan, therefore, these transactions qualify as party-in-interest.

Note G - Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code and, therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service ("IRS"). The Plan is required to operate in conformity with the IRC to maintain its qualifications under Section 403(b). The Plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note I - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.
