THE F. DOHMEN CO. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 – Description of the Plan

The following brief description of The F. Dohmen Co. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for non-union employees of The F. Dohmen Company (the Company) and its wholly-owned subsidiaries and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Newly hired employees are eligible to participate in the Plan as of the first day of the month following employment and after attainment of age 21. All newly eligible participants are automatically enrolled in the Plan.

Contributions

Each year participants may contribute up to 60% of their eligible compensation, as defined in the Plan and subject to Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company contributes a matching contribution of 100% of the first 4% of defined compensation that a participant contributes to the Plan. Eligible employees are required to complete six months of service before they are eligible for the matching contribution. Employees receive the matching contribution on the first day of the quarter coinciding with or immediately following the attainment of this requirement. The Company may contribute a discretionary profit sharing contribution to the Plan each year. The amount of the discretionary contribution, if any, shall be determined by the Company and shall be allocated among participants based upon the ratio of each participant's compensation, as defined in the plan document. The Company did not make a discretionary profit sharing contribution to the Plan for the year ended December 31, 2015.

Investment Options

The Plan enables participants to direct the investment of salary deferral contributions, rollover contributions, employer matching and profit sharing contributions and related earnings to various mutual funds and a common collective trust fund. Participants may change their investment selections daily.

NOTE 1 – Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2015 and 2014, forfeited nonvested accounts totaled \$414 and \$72,347, respectively. These accounts may be used to pay plan administrative expenses or reduce future Company contributions. Forfeitures in the amount of \$71,933 were used to reduce Company contributions during the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Company matching contributions, and an allocation of plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan document. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years or up to ten years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. The loans bear interest at a fixed rate of 4.25% as of December 31, 2015, which is commensurate with the rate which would be charged by commercial lenders for similar loans as of the loan origination date. Principal and interest is paid ratably through bi-weekly payroll deductions.

Vesting

Participants are immediately vested in their contributions, rollover contributions, and company matching contributions plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
Less than two	0%
2 years	20%
3 years	40%
4 years	60%
5 years or more	100%

NOTE 1 – Description of the Plan (cont.)

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 55. There is no early retirement age designated under the Plan. Prior to termination of service, a participant age 59-1/2 or older who is 100% vested may elect to receive all or a portion of their interest in their participant contribution account. Hardship withdrawals are not allowed.

Distributions Upon Termination of Employment

Benefits are distributed in one of the following methods dependent upon the participant's age, election and the participant account balance at the time of termination of employment:

- (i) in lump sum; or
- (ii) in monthly, quarterly, or annual installments; or
- (iii) in a combination of (i) and (ii) above.

If no election is made and the participant's vested account balance is between \$1,000 and \$5,000, the plan administrator will distribute the balance to an individual retirement account or annuity for the participant's benefit. If no election is made and the participant's vested account balance is \$1,000 or less, the plan administrator will distribute the balance to the participant as a lump sum distribution. Notwithstanding, distributions shall commence following a participant reaching age 70-1/2.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the cost of the investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits paid to participants are recorded upon distribution

Administrative Expenses

A portion of the Plan's administrative expenses are paid by the Company.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value practical expedient in Accounting Standards Codification 820. ASU 2015-07 requires retrospective application and is effective for fiscal years beginning after December 15, 2015 (non-public for fiscal years beginning after December 15, 2016) with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. Management has elected to early adopt the provisions of Parts I and II of this new standard. Part III is not applicable to the Plan. Accordingly, this provision was retrospectively applied.

Subsequent Events

Management of the Plan has evaluated subsequent events through October 10, 2016, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements. Management feels that no material events occurred subsequent to year end that would require further disclosure.

NOTE 3 – Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTE 4 – Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability; and
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

NOTE 4 – Fair Value of Financial Instruments (cont.)

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The methods described to determine fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

For years ended December 31, 2015 and 2014, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2015

NOTE 5 – Amounts Owed to Participants Withdrawing From the Plan

No amounts were owed to participants who had withdrawn from the Plan as of December 31, 2015 or 2014.

NOTE 6 – Related Parties and Parties in Interest

The plan investments include funds managed by Fidelity Investments (an affiliate of Fidelity Management Trust Company, the trustee of the plan). Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services are with Fidelity Management Trust Company and are party-in-interest transactions. Additional amounts charged for investment management fees were netted against investment income for the year ended December 31, 2015.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 7 – Risks and Uncertainties

The Plan allows participants to obtain loans from the Plan, which are also considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 – Concentrations

The Plan does not hold individual investments that represent 10% or more of the plan's net assets available for benefits.

NOTE 9 – Tax Status

The Plan is designed as a prototype plan through Fidelity Management Trust Company, the trustee of the Plan. Although the Plan has not obtained a determination letter from the Internal Revenue Service (IRS), the prototype plan received a favorable determination letter dated March 31, 2008, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirement of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Participants in the Plan are not subject to income taxes on salary reduction contributions or earnings thereon until they receive distributions from the Plan.

U.S. GAAP requires the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 11 – Prohibited Transactions

For the year ended December 31, 2015, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled \$1,421, were corrected through the Department of Labor Voluntary Fiduciary Correction Program in 2016. Additionally, the Company has compensated participants for lost earnings resulting from the delay in contributions.
