NOTE 1 DESCRIPTION OF PLAN

The following description of the New Horizons Baking Company 401(k) Retirement Savings Plan for Norwalk Union Bakers (the Plan) provides only general information. Participants should refer to the Plan agreement and "Summary Plan Description" for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined salary deferral 401(k) plan originally effective January 1, 1998. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective January 1, 2010. All employees of New Horizons Baking Company, Inc. or its sister company, Genesis Baking Company (collectively referred to as "the sponsors") who are also members of Local 1-377 of the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied-Industrial, and Service Workers International Union, and who have completed 120 days of service with the sponsors and reached age 18, are eligible to participate. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees, consisting of key management personnel of the sponsors, oversee the operations of the Plan.

Contributions

Plan participants may defer and contribute a specified percentage of their eligible annual pre-tax compensation, as defined in the Plan, subject to certain limitations as specified in the Internal Revenue Code (IRC).

Pursuant to the collective bargaining agreement, the sponsors have agreed to make matching contributions equal to 50% of the first 5% of each participant's compensation deferral (resulting in a maximum matching contribution of 2.5% of annual compensation). The Company may, at its discretion, elect to make a profit sharing contribution to the Plan. There were no Company profit sharing contributions for the years ended December 31, 2015 and 2014.

The Plan also accepts rollover contributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contributions, matching and profit sharing contributions from the sponsors, and an allocation of the investment earnings or loss of the investment options in which the participant chooses to invest. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the sponsors' matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after five years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death or permanent disability.

Notes Receivable from Participants

Upon completion of three years as a Plan member, participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for hardship reasons as defined by the participant loan program. Under the terms of the Plan, participants may only have one outstanding loan from the Plan at any time. Loan transactions are treated as a transfer between the participant's investment accounts and the notes receivable from participants account. Loan terms may not extend beyond five years, unless for the purchase of a principal residence. Loans are secured by the balance in the participant's account and bear a reasonable rate of interest compared to the published prime rate at the time of loan origination. Principal and interest is paid ratably through payroll deductions. Loans are considered to be in default at the end of the calendar quarter following the calendar quarter in which payment was not made.

Benefit Payments

The normal retirement date is the date a participant reaches age 65. When a participant reaches the normal retirement date or elects early retirement at age 59-1/2, or if a participant dies or becomes disabled while participating in the Plan, the participant becomes fully vested and is immediately entitled to the balance in their account. If participants terminate for any reason other than retirement, death, or total disability, they are entitled to receive the vested amount in their individual account.

A participant may request a distribution from the participant's account to meet an immediate financial hardship pursuant to guidelines issued by the Internal Revenue Service (IRS).

Forfeited Accounts

Forfeited non-vested accounts are available to reduce sponsor contributions to the Plan. Forfeited non-vested accounts as of December 31, 2015 and 2014 totaled $1,771 and $1,450, respectively. There were $11,046 and $20,181 of forfeitures used to reduce sponsor contributions for the years ended December 31, 2015 and 2014.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to early adopt Parts I and II.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are secured by the participant's account balance and are stated at the amount of unpaid principal balance plus any accrued but unpaid interest. Payments of notes receivable from participants are applied to the specific accounts comprising the balance. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan agreement.

Benefit Payments

Benefits are recorded when paid.

Transfers from the Plan

Participants have the ability to transfer funds to another qualified savings plan, which are recorded upon transfer date.

Administrative Expenses

Administrative expenses consist of loan and distribution processing fees, as well as advisory fees for those participants who elect this service. All other administrative expenses and costs incurred in connection with the operation of the Plan, including all internal costs, are paid directly by the Plan's sponsors.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of the investments, interest and dividends for the year ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya), insurance company of the Plan.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 2,480,056	$ -	$ 2,480,056
Total Investments at Fair Value	$ -	$ 2,480,056	$ -	$ 2,480,056

	2014			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 2,337,053	$ -	$ 2,337,053
Total Investments at Fair Value	$ -	$ 2,337,053	$ -	$ 2,337,053

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya. The Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsors or other Plan sponsors' events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to quality for exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

The Plan was established as a result of the collective bargaining process and can only be terminated upon the written agreement of Local No. 1-377. In the event of Plan termination, the participants would become 100% vested in their respective account balances and the total value of each participant's account will be distributed to the participant, after reasonable expenses of administration.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008, received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Voya. Voya is the custodian as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Voya amounted to $8,568 in 2015 and $6,496 in 2014.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain Plan assets with Voya are a collective trust fund (pooled separate account), as classified in the financial statements included herein. The collective trust fund (pooled separate account) did not file a Form 5500 for the direct filing entity, therefore, the underlying assets have been reported on the Form 5500, Schedule H.
