Trinity Partners, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Trinity Partners, LLC 401(k) Profit Sharing Plan (the "Plan") of Trinity Partners, LLC and subsidiaries (the "Company") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General provisions and amendments: The Plan is a defined contribution plan established by the Company on January 1, 1997. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers eligible employees of Trinity Partners, LLC and participating employer, Akuta Corporation.

Effective January 1, 2015, the contract with the former record keeper and custodian, Voya Retirement Insurance and Annuity Company ("Voya"), was terminated and the Plan changed its record keeper and trustee to Empower Retirement ("Empower") and Great-West Trust Company LLC ("Great-West"), respectively. On December 31, 2014, the investments of the Plan were liquidated into non-interest bearing cash to prepare for transfer to Great-West. The Plan was also most recently amended on January 1, 2015 to adopt the current prototype plan. The only significant change to the Plan's provisions was the change in the investments offered under the Plan.

Eligibility requirements: The Plan covers substantially all employees of the Company, as defined above, who have attained the age of twenty-one. Any employee who meets the age criteria during the year is eligible to participate the first day of the month coinciding with or next following the date the requirements are met.

To be eligible for the employer match, a participant must have made 401(k) or Roth contributions during the year. Participation in the employer discretionary profit sharing contribution requires a participant to complete one year of service in addition to the age requirement. In the year an employer discretionary profit sharing contribution is allocated, employees who are not employed on the last day of the Plan year must have completed more than 500 hours of service, unless termination of service was due to death, total and permanent disability, or early or normal retirement during the Plan year. Effective January 1, 2015, the 500 hours of service requirement was removed and a semi-annual entry date was implemented for participants newly eligible to participate in profit sharing contribution.

Contributions: Participants may elect to defer, on a pre-tax or after-tax basis, up to the maximum dollar amount allowed by the Internal Revenue Code ("IRC"). Participants may elect to contribute to the Plan up to the maximum amount allowed by the IRC (\$18,000 in the calendar year 2015). Participants who have attained age 50 by calendar year-end may also elect to make catch-up contributions of up to \$6,000 for the calendar year 2015. Catch-up contributions are not subject to any other contribution limits or to the nondiscrimination rules.

The Company provides an employer matching contribution equal to 50% of each participant's deferral contribution up to 6% of their eligible compensation. For the year ended December 31, 2015, the employer matching contributions totaled \$276,906, net of forfeitures applied.

In addition, the Company may elect to make an additional discretionary profit sharing contribution to the Plan. For the 2015 plan year, there were no additional discretionary contributions declared or contributed to the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of any discretionary profit sharing contribution and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Trinity Partners, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 years up to 2 years	0%
2 years up to 3 years	25%
3 years up to 4 years	50%
4 years up to 5 years	75%
5 years or more	100%

Participants become 100% vested in the Company's discretionary profit-sharing contribution upon the completion of three years of service. Participants are not vested in these contributions until this requirement is met.

If a participant attains normal retirement age while still employed or if a participant incurs a severance from employment as a result of death or disability, he or she will become 100% vested in his or her account.

Forfeitures: Forfeitures are used to reduce employer matching or discretionary profit sharing contributions, or to pay administrative expenses. Forfeited nonvested accounts totaled \$3,141 and \$2,996 at December 31, 2015 and 2014, respectively. For the year ended December 31, 2015, total forfeitures amounted to \$39,533 and net appreciation on forfeited amounts was \$1,139. During the year ended December 31, 2015, \$40,527 in forfeitures were used to reduce employer matching contributions and no forfeitures were used to pay administrative expenses.

Investment elections: Each participant shall direct the investment of their account. Investments offered under the former custodian, Voya, included a guaranteed investment contract and various pooled separate accounts. As discussed above, these investments were liquidated on December 31, 2014 in preparation for the transfer to Great-West on January 2, 2015. Investments offered under Great-West include various mutual funds and a stable value fund.

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of their vested account balance. Loan terms are provided up to five years, except the term for loans which are for the purchase of a principal residence may extend to 15 years. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with regional bank rates for similar loans or such other reasonable rate as determined by the plan administrator. The interest rate on all loans outstanding as of December 31, 2015 range from 3.25% to 4.25%, and loans mature through 2030. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes permanently disabled or deceased. Effective January 1, 2015, vested account balances of \$5,000 or less can be distributed without consent for termination of service in the form of a lump-sum payment equal to the vested interest in his or her account. Previously, the cash out limit was \$1,000 or less. In-service withdrawals are also permitted in certain circumstances, including financial hardships, as defined in the plan document, or when a participant attains age 59 ½.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets generally accepted accounting principles ("GAAP") to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair value measurements: GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds are valued at quoted market prices based on the net asset value ("NAV") of shares held by the Plan.

Stable value fund: The common/collective trust is valued at NAV per unit based on the underlying investments comprising the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Trinity Partners, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: As provided by the plan agreement, administrative expenses related to Plan's investments and recordkeeping are paid by the Plan and other administrative expenses are paid by the Company.

Income taxes: GAAP requires plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Recent accounting pronouncements: In May 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 plan year; there was no retrospective impact as of December 31, 2014 as all investments were liquidated to cash on December 31, 2014 as discussed previously.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

Trinity Partners, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The update may be adopted in whole or by part (I, II, III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan early adopted all amendments of ASU 2015-12, where applicable, for the 2015 plan year. There is no impact on the prior year presentation or disclosures as a result of the retrospective application of the amendments I and II because there were no investments held by the plan as of the December 31, 2014 year-end.

Note 3. Information Certified or Provided by the Plan's Trustee and Former Custodian

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Great-West, the current trustee, and Voya, the former custodian, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee and former custodian that information provided to the plan administrator by the trustee and former custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2015	2014
Investments, at fair value:		
Mutual funds	\$ 10,408,377	\$ -
Stable value fund	67,698	-
	<u>\$ 10,476,075</u>	<u>\$ -</u>
Notes receivable from participants	<u>\$ 54,762</u>	<u>\$ -</u>

The trustee also certified to the completeness and accuracy of \$230,553 of net depreciation in fair value of investments, \$296,734 of interest and dividend income related to the aforementioned investments and interest on notes receivable from participants of \$1,326 for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$ 10,408,377	\$ -	\$ -	\$ 10,408,377
Investments measured at NAV (a)				67,698
Total investments, at fair value				<u>\$ 10,476,075</u>

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2015:

Investment	Fair Value Estimated Using NAV Per Share			
	December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	<u>\$ 67,698</u>	<u>\$ -</u>	Daily	None

There were no assets measured at fair value as of December 31, 2014.

Note 5. Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balance. Loans to participants are collateralized by the respective participant's remaining account balance. Also, certain restrictions apply to participant loans, as defined in the plan document. As of December 31, 2015 and 2014, total loans outstanding were \$54,762 and \$27,332, respectively.

Note 6. Income Tax Status

Effective January 1, 2015, the Plan has adopted the Great-West Trust Company Defined Contribution Prototype Plan and Trust. This prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Note 7. Plan Termination

The Company has not expressed any intent to terminate the Plan. The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Notes to Financial Statements

Note 8. Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan; such transactions constitute party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan's operations. In addition, the Plan issues loans to participants, which are secured by the balances in the participants' account, and also constitute party-in-interest transactions.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.
