We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Amalgamated Transit Union
National 401(K) Pension Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Amalgamated Transit Union National 401(K) Pension Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established effective August 1, 1997 and covers employees of participating employers who meet the eligibility requirements. The Plan is a multi-employer defined contribution plan, with a deferred arrangement commonly referred to as a 401(K) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible Participants

Employees of the National Union Offices shall not be eligible to participate in this Plan unless such National Offices have specifically adopted this Plan in writing. "Employee" means any person who is employed by the Employer or National Offices, and excludes any person who is employed as an independent contractor. An employee shall become a participant on the first day of the month following thirty (30) days of employment with the Employer, or such shorter time as may be provided in an Adoption Agreement signed by the Employer and accepted by the Board of Trustees.

Participant Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined by the plan. However, total deferrals in any taxable year may not exceed a certain dollar limit which is set by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan of the National 401(K) Pension Plan. The Plans currently offered include one with various mutual funds or one with insurance investment contract as investment options for participants.

Employer Contributions

A contributing employer may contribute an amount to its employees' accounts, as set forth in the applicable adoption agreement or collective bargaining agreement. Employer contributions, if any, shall be invested in accordance with the direction of the participant.

A contributing employer may determine that it will contribute an amount to its employees' matching contribution accounts as set forth in the applicable adoption agreement or collective bargaining agreement. Matching contributions will be invested in accordance with the direction of the participant.

Vesting

The Plan participants have 100% vested (non-forfeitable) interest in contributions made on their behalf at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Participants can direct the investment of their entire interest in the Plan based on the Employer's plan and the investment choices available under that Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Amalgamated Transit Union
National 401(K) Pension Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN, Continued

Investment Options

Contributions to the Plan are invested as directed by the participant in various mutual funds. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives.

Investment performance by the investments selected by the participants may cause their vested balances to exceed or be less than the amounts contributed to the Plan.

Participant Loans

Participants may apply to the Administrator for a loan from the Plan under the following circumstances: (1) loans shall be made available to all participants and beneficiaries on a reasonably equivalent basis; (2) loans shall not be made available to highly compensated employees in an amount greater than the amount made available to other participants and beneficiaries; (3) loans shall bear a reasonable rate of interest; (4) loans shall be adequately secured; and (5) loans shall provide for periodic repayment over a reasonable period of time.

Loans made are limited to the lesser of \$50,000 or one-half (1/2) of the present value of the non-forfeitable accrued benefit of the participant under the Plan.

Distributions

Distributions are made as provided for under the Plan agreement and include termination of employment, financial hardship, disability, attainment of normal retirement age or death.

Plan Expenses

The Plan permits the payment of Plan expenses to be made from Plan assets or will be allocated among the accounts of all participants in the Plan.

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation

Investments in mutual funds are stated at fair value based upon quoted market prices. Participant loans are stated at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Subsequent Events

The Plan reviewed events for inclusion in the financial statements through October 13, 2016, the date through which subsequent events have been evaluated and the date the financial statements were available to be issued.

Amalgamated Transit Union
National 401(K) Pension Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES, Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

The Plan invests in various securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

NOTE 3 – PLAN TERMINATION

Although the Board of Trustees (Board) has not expressed any intent to do so, the Board has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the assets are distributed to the participants on the basis of the value of each participant's account as of the date of termination.

NOTE 4 – INVESTMENTS

The following investments represent 5% or more of the net assets available for plan benefits:

	<u>2015</u>	<u>2014</u>
Delaware Value Fund	\$ 7,532,961	\$ 8,091,642
Reliance Trust Co Stable Value Fund	22,638,776	21,866,792
Wells Fargo Advantage Growth	9,741,551	9,942,963
Vanguard Institutional Index	18,347,566	19,582,434

The Plan's investments in mutual funds appreciated (depreciated) in value (including gains and losses on investments bought and sold, as well as held during the year) by (\$2,731,904) and \$1,271,165 in 2015 and 2014, respectively.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 – Inputs are based on unadjusted quoted market prices within active markets.
- Level 2 – Inputs are based primarily on quoted prices for similar assets in active or inactive markets.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Amalgamated Transit Union
National 401(K) Pension Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 5 – FAIR VALUE MEASUREMENTS, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fair value of investments measured on a recurring basis at December 31, 2015 and 2014 are as follows:

	<u>Fair Value</u>	<u>Level 1</u>
<u>December 31, 2015</u>		
Diversified Emerging Markets	\$ 309,804	\$ 309,804
Equity Precious Metals	307,375	307,375

NOTE 6 – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – TAX STATUS

The Internal Revenue Service has ruled, as of the most recent determination letter dated September 10, 2012 that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax laws.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.
