THE TIDES' 401(k) PLAN
Notes to Financial Statements
December 31, 2015 and 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Tides' 401(k) Plan (the Plan) provides only general information. The Plan's sponsor is Robert Bugatto Enterprises, Inc. (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1999 to provide retirement benefits for the employees of the Company. The Plan is a single employer defined contribution retirement plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 "ERISA". The Plan was amended and restated effective January 1, 2009 to be a safe harbor 401(k) plan. The plan was amended and restated effective January 1, 2015 to the Plan Design Consultants' Defined Contribution Volume Submitter Plan and Trust. The Plan Sponsor's Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Director's.

Eligibility – Employees of the Company become participants in the Plan on the first day of the month following twelve months of employment, providing they have attained age twenty-one and completed 1,000 hours of service.

Contributions – Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants are permitted to irrevocably designate a portion of all of the deferral contributions as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Deferral and Roth Contributions are subject to a maximum limitation as provided in the Internal Revenue Code. The maximum contribution of pretax compensation that a participant could defer in 2015 was $18,000, and the maximum catch-up additional deferral for participants who reached the age of fifty by the end of the 2015 plan year was $6,000.

The Plan is a safe harbor 401(k) plan and the Company contributes an enhanced employer safe harbor match contribution of 100% of each participant's deferred contributions on the first 4% of each participant's compensation which is deferred as a participant deferral contribution. The Company contributed $61,524 in safe harbor matching contributions in the year ended December 31, 2015. Employer safe harbor contributions receivable totaled $61,372 and $54,675 at December 31, 2015 and 2014, respectively.

Investment Elections – The participant contributions and the company contributions are allocated to the various investment options offered by the Plan as directed by participants.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's accounts.

Vesting - A participant is always fully (100 percent) vested in his or her salary reduction account, employer safe harbor match contributions, and rollover contribution account, plus actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms generally range from one to five years, but can be up to 15 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account. A participant's account is charged monthly interest on the outstanding loan balance. In 2015 interest rates on loans were 5.25% per annum. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the vested portion of his or her account. If a participant's vested balance is less than $5,000, the Company may cash-out the entire vested account balance.

Participants with certain immediate and heavy financial needs are allowed hardship distributions of their balance of deferral contributions.

Forfeited Accounts - Available forfeitures of the nonvested portion of terminated participants' accounts may be used to reduce employer contributions and pay administrative expenses of the Plan. There were no available forfeitures at December 31, 2015 and 2014.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts.

Adoption of New Accounting Policies – During the year ended December 31, 2015, the Financial Accounting Standards Board (FASB) issued FASB ASU No. 2015-12, *Plan Accounting Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic) 962, Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.*

During the year ended December 31, 2015, the Plan adopted FASB ASU 2015-12 Part II which eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's plan administrator determines the Plan's valuation policies utilizing the information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Payment of Benefits - Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants and benefit distributions are charged directly to the participant's accounts and are included in administrative expenses. Fees related to recordkeeping, investment advisory and investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events – The plan has evaluated subsequent events through October 10, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE OF ASSETS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE OF ASSETS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts
Pooled separate accounts are sub accounts of mutual funds. The unit values of these sub accounts are determined daily by quoted market prices, and the investment and redemption of these units constitutes an active market.

Mutual Funds
Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts
A Collective Investment Trust's (CIT) NAV is based on the market value of its underlying investments held by the fund less its liabilities. The NAV is not a publicly quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. CIT investments may be redeemed at NAV as of the measurement date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

		Fair Value Measurements Using

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the plan's independent auditor not to perform any auditing procedures with respect to the following information certified by State Street Bank and Trust Company from December 31, 2014 through October 29, 2015, and by John Hancock Life Insurance (U.S.A.) from October 29, 2015 through December 31, 2015, as complete and accurate, except for comparing such information certified by the custodian with information included in the plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year).

NOTE 5 – SERVICE AGREEMENTS

Effective October 29, 2015, the Plan's investments are managed by John Hancock Life Insurance Company (U.S.A.) "John Hancock USA." under the terms of an allocated retirement account group annuity contract. Participants may direct the investment of their contributions and account balances amongst the various investment options offered under this contract.

The group annuity contract provides that John Hancock USA will provide record keeping services, accumulate and invest participants' contributions in investment funds in John Hancock USA's sub accounts as instructed by Plan participants and to pay participant benefits as provided by the Plan when they become due.

NOTE 5 – SERVICE AGREEMENTS (continued)

John Hancock USA holds the investment funds in sub accounts of separate accounts, which are primarily managed or sub-advised by affiliates.

Prior to October 29, 2015 the Plan held a service agreement with Automatic Data Processing, Inc. (ADP), and State Street Bank and Trust Company was the Plan's directed trustee and held the Plan's investments.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed or sub-advised by members of the Manulife Financial group of companies which are affiliated with John Hancock USA. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. The Plan made direct payments to John Hancock USA, the record-keeper, totaling $25 in the year ended December 31, 2015. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 7 – TAX STATUS

The volume submitter profit sharing plan adopted by the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net income is exempt from income taxes. The Defined Contribution Volume Submitter Plan and Trust received a favorable advisory letter from the Internal Revenue Service on March 31, 2014. Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 – LATE REMITTANCE OF PARTICIPANT CONTRIBUTIONS

As a result of a payroll processing error, the Company failed to forward participant contributions and loan repayments totaling $2,592 for the August 2, 2015 pay date to the trustee. The Company has calculated lost earnings, interest and de minimis excise taxes on the late contributions and loan repayments and is in the process of remitting the funds into the Plan to fully correct the operational error.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

In accordance with generally accepted accounting principles, the financial statements are presented on an accrual basis and the Form 5500 Schedule H is presented on the modified cash basis of accounting. This results in differences between the financial statements and Form 5500.

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2015 and 2014:
