SIMCO PROFIT SHARING 401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Note 1 - Description of Plan

General

Effective January 1, 1981, SIMCO Electronics (the “Company”, “Plan Administrator”) adopted a prototype non-standardized profit sharing 401(k) plan (the “Plan”). The Plan is a defined contribution plan covering all eligible employees who are not members of a union subject to a collective bargaining agreement or leased employees or employees who are paid cash in lieu of benefits in accordance with a United States Department of Labor Wage Determination which has been issued as a requirement of the Service Contract Act of 1965, as amended.

This description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration

The Company has appointed an Administrative Committee (the "Committee") to manage the operations and administration of the Plan. The Plan Administrator has contracted with Automatic Data Processing (“ADP”), who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Plan Administrator has also contracted with State Street Bank and Trust Company (“State Street”) to act as the Plan trustee and custodian.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan document. Participants who are age 50 and over may make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically entered in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan allows for discretionary employer matching contributions. The Plan also allows for an additional annual employer discretionary profit sharing contribution, in an amount determined by the Company, to participants who are eligible to share in the contributions for the Plan year. The Company’s discretionary matching contribution is calculated at 50% of participant deferral contributions up to a total of 2% of compensation. Such matching contributions amounted to $131,447 and $134,608 for the years ended December 31, 2015 and 2014, respectively. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company’s profit sharing contribution, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contributions and discretionary profit sharing contributions is based on the participant's years of vesting service. Participants who complete 1,000 hours of service for each Plan year receive one year of vesting service. Participants are vested 100% in discretionary profit sharing contributions after completing two years of service. The vesting schedule for the Company's matching contributions is as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Investment options

Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into the various mutual funds, common collective trust funds, and stable asset trust funds available through State Street or into a self-directed brokerage account. As of December 31, 2015 and 2014, no participants held investments in self-directed brokerage accounts.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the 2015 excess contributions of $24,595 to the applicable participants prior to March 15, 2016.

Payment of benefits

Upon termination of service, death, disability or retirement, a participant may receive a lump-sum distribution or a direct rollover distribution into a qualified plan. Upon termination of service, if a participant's account balance is in excess of $5,000, the participant may delay receipt of the distributions. Additionally, if a terminated participant's account does not exceed $1,000, it will be distributed by means of a lump-sum amount only, without the participant’s consent. If a terminated participant's account balance is between $1,000 and $5,000 and the Plan does not receive distribution instructions, the account will be rolled over into an individual retirement plan account, as determined by the Plan administrator, on behalf of the participant. However, for all participants, minimum required distributions must be made by April 1st following the year in which the participant retires or reaches the age of 70½. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age.

Note 1 - Description of Plan (continued)

Forfeited accounts

The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts may first be used to pay Plan expenses and then are applied to reduce employer contributions. For the years ended December 31, 2015 and 2014, respectively, forfeited non-vested accounts amounted to $23,515 and $13,640, and forfeitures used to reduce employer matching contributions were $23,519 and $13,642, respectively. Total Plan forfeitures remaining in the Plan, including earnings, are insignificant at December 31, 2015 and 2014.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Change in accounting principle

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part Ill) Measurement Date Practical Expedient.* The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts ("FBRICs") and states that contract value is the only required measurement for FBRICs. However, this ASU clarifies that indirect investments in FBRICs through investment companies (for example, those included in the underlying investments of stable value common collective trusts) are not included within the scope of this guidance and therefore, should be reported at fair value, which may include underlying FBRICs at contract value. Part I is to be applied retrospectively and early adoption is permitted. Company management has elected to adopt Part I in 2015. The Plan's investment in the Invesco Stable Asset Trust represents an indirect investment in a FBRIC and as such the investment is now reported at fair value without presenting the adjustment to contract value. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements is to be provided by general type of plan asset. Company management has elected to adopt Part II in 2015. Part Ill is not applicable to the Plan.

Use of estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates. Significant estimates used in preparing these financial statements include the fair value of investments in mutual funds and common collective trust funds.

Note 2 - Summary of accounting policies (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation and appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payments of benefits

Benefits are recorded when paid.

Expenses

Plan administrative expenses of $2,437 and $2,555 for the years ended December 31, 2015 and 2014, respectively, related to the processing of benefit payments and were charged directly to the participants' accounts. Fees incurred by the Plan for professional services are paid through revenue sharing, and are also included in Plan administrative expenses (see Note 6). Such fees amounted to $20,000 and $10,000 for the years ended December 31, 2015 and 2014, respectively. Investment-related expenses are included in net depreciation or appreciation in fair value of investments.

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through October 13, 2016, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net depreciation or appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $792,744 and appreciated in value by $222,084, respectively.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Quoted prices in active markets. The Plan's investments in mutual funds are valued at quoted prices in active exchanges.

Level 2 Other observable inputs which include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

The fair value of common collective trust funds are based on the investment's net asset value per unit, considering quoted market prices for similar securities, interest rates, foreign exchange rates, prepayment speeds, credit risk and other inputs. The fair value of the Invesco Stable Asset Trust, a common collective trust, is based on net asset value, as reported by the manager of the collective trust fund. The fund invests in short-term investment funds (reported at Level 1), affiliated collective trusts and Insurance Company Separate Accounts (reported at Level 2).

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were valued at Level 3 as of December 31, 2015 and 2014.

There were no changes in the methods used to evaluate fair value of Plan assets as of December 31, 2015 and 2014.

Note 4 - Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,103,834	$ -	$ -	$ 9,103,834
Common collective trust funds	-	5,987,821	-	5,987,821
Investments at fair value	$ 9,103,834	$ 5,987,821	$ -	$ 15,091,655

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,377,783	$ -	$ -	$ 9,377,783
Common collective trust funds	-	5,905,088	-	5,905,088
Investments at fair value	$ 9,377,783	$ 5,905,088	$ -	$ 15,282,871

Note 5 - Terminated employee accounts

At December 31, 2015 and 2014, 179 and 150 participants, respectively, had terminated employment. Their vested account balances included in net assets available for benefits were $4,088,068 and $4,115,485, respectively, as of those dates. None of the terminated participants remaining in the Plan at December 31, 2015 and 2014, respectively, had requested to withdraw from the Plan as of those dates.

Note 6 - Related party transactions and party-in-interest transactions

Certain plan investments are shares of mutual funds managed by State Street. State Street is the trustee and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. ADP receives asset-based fees as compensation for some of the Plan's investments with State Street. On an annual basis, ADP transfers to the Plan a portion of such compensation pursuant to a revenue sharing agreement with the Plan, calculated at 16 basis points of the assets invested with State Street. Such amounts, calculated at $24,712 and $23,840 for 2015 and 2014, respectively, were transferred on a quarterly basis and used to pay Plan expenses (see Note 2 - Expenses). Any remaining balance is reallocated among Plan participants. Such amounts allocated to participant accounts for the years ended December 31, 2015 and 2014 were $14,272 and $11,679, respectively. The unallocated balance at December 31, 2015 was $8,685.

Note 7 - Rollover contributions

During 2015, rollover contributions of $5,173 came from another plan and related to a single participant. The Company did not have any rollover contributions during 2014.

Note 8 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9 - Tax status

The Internal Revenue Service has informed State Street by letter dated July 16, 2014 that the prototype non-standardized Plan adopted by the Company is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and subsequent to year-end.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing authorities; however, no audits are currently in progress for any tax periods.

Note 10 - Risks and uncertainties

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Through August 31, 2016, individual fund returns ranged from a loss of 5.45% to a gain of 15.46% and averaged a net gain of 6.2% since December 31, 2015.

Note 11 - Reconciliation of the financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:
