To the Plan Administrator of
Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan
Christiansburg, Virginia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the recordkeeper of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the recordkeeper holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the recordkeeper as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the recordkeeper is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) and Delinquent Participant Contributions, as of and for the year ended December 31, 2015, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the recordkeeper, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan

The following description of Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by Comprehensive Computer Solutions, Inc. (d/b/a FoxGuard Solutions, Inc.) and Qualtrax, Inc. (together the “Plan Sponsor”) for the benefit of its non-union employees who are age 21 or older and have been employed for at least 3 months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective January 1, 2016.

Contributions – Participants may contribute up to 100% of their eligible compensation, as defined by the Plan, on a pre-tax and Roth 401(k) basis, subject to certain statutory limitations. The Plan also allows participants age 50 or older to make additional “catch-up” contributions, not to exceed \$6,000 in 2015. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Newly hired participants are subject to automatic enrollment into the Plan at a 3% enrollment rate, unless the participant affirmatively elects otherwise.

The Plan Sponsor makes a matching contribution on behalf of each eligible participant in an amount equal to 25% of the participant’s contribution up to 8% of the participant’s eligible compensation each pay period.

Participant Investment Options – A participant may direct the investment of their account into any one or combination of investment fund options. Pursuant to provisions under the Plan’s contract with Hartford Life Insurance Company (“Hartford”), current investment offerings include pooled separate accounts and a fully benefit-responsive investment contract.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, the Plan Sponsor’s contributions, and Plan earnings, and is charged with participant distributions and an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant’s account invested in a particular fund to all participants’ investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan Sponsor’s matching contribution is allocated based upon participant’s contributions to the Plan.

Vesting – Participants are 100% vested in their own rollover, pre-tax, and Roth 401(k) contributions, and any earnings thereon. A participant is automatically fully vested in Plan Sponsor matching contributions made under the Plan at age 65, upon early retirement at 59½ with 5 years of service, death, or disability. Plan Sponsor matching contributions plus actual earnings thereon become vested according to the following schedule for years of service:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	25%
3	50%
4 or more	100%

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan (continued)

Payment of Benefits – Distributions can be made due to retirement, death, disability, or termination of employment and are subject to the applicable provisions of the Plan agreement. Up to 100% of the participant's vested account balance can be paid in a lump-sum, direct rollover to another qualified plan, or installments to the participant or their beneficiaries.

Upon showing "financial hardship" and approval from the Plan Sponsor, a participant may withdraw part or all of their voluntary contributions, and certain amounts transferred to this Plan from another plan, if applicable. If a withdrawal is made, the participant is ineligible to contribute to the Plan for a period of six months following the distribution.

Upon attainment of age 59½, participants shall be entitled to receive a distribution of their entire account balance, including the vested portion of the Plan Sponsor's matching contributions.

Notes Receivable from Participants – The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. The accrual of interest on loans is discontinued at the time the loan is 90 days past due unless the credit is well-secured and in process of collection. Past due status is based on contractual terms of the loan. In all cases, loans are placed on nonaccrual or charged off at an earlier date if collection of principal or interest is considered doubtful.

Forfeitures – At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$3,714 and \$909, respectively. Forfeitures may be allocated to Plan participants, used to offset Plan Sponsor matching contributions, or pay Plan expenses. During the year ended December 31, 2015, \$909 was reallocated to Plan participants.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 2—Summary of significant accounting policies (continued)

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts, which are presented at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Administrative Expenses – Substantially all of the Plan's administrative expenses are paid from participant accounts unless the Plan Sponsor elects to pay such expenses.

Recent Accounting Pronouncements – In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), and *Health and Welfare Benefit Plans* (Topic 965): *Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, Part III Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investment by general type. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. As permitted, the Plan has elected early adoption of Parts I and II and has applied the ASU retrospectively for all periods presented.

Note 3—Certified financial information

Massachusetts Mutual Life Insurance Company ("MassMutual"), the Plan's recordkeeper, holds the Plan's investment assets and executes transactions therein. Investments, notes receivable from participants, investment income (loss), and interest income from participants' notes receivable information included in the accompanying financial statements and supplemental schedules is based on information certified by the recordkeeper as complete and accurate and has not been examined by independent auditors of the Plan.

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 4—Fair value of Plan assets

FASB Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. ASC 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets.

Level 2 – Observable inputs other than quoted prices in active markets, such as quoted prices for similar assets; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the assets.

Level 3 – Unobservable inputs where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts – The pooled separate account invests mainly in mutual funds. The fair value of the underlying mutual funds are publicly quoted pricing inputs and are used in determining the Net Asset Value (“NAV”) of the pooled separate account, which is not publicly quoted. The NAV is classified at Level 2 of the valuation hierarchy because the NAV’s unit price is quoted on a private market that is not active.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Prior year classifications have changed based on new accounting pronouncements and additional guidance.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2015 and 2014.

Investment Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 4,266,984	\$ -	\$ 4,266,984
Total assets, at fair value	\$ -	\$ 4,266,984	\$ -	\$ 4,266,984

Investment Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,966,530	\$ -	\$ 3,966,530

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 5—Guaranteed Interest Contract

In 2011, the Plan entered into a fully benefit-responsive guaranteed interest contract with Hartford. Hartford maintains the contributions made to the account in the general asset account which is available to Hartford creditors. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The account is credited with interest at a rate they declare for each calendar quarter. The average yields based on actual earnings and credited to participants was 3.00% during the year ended December 31, 2015.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported by Hartford, represents contributions made under the contract, plus credited interest, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest contract is presented on the face of the statement of net assets available for benefits at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Hartford determines the interest rate for each quarter at their discretion. The interest rate will never be less than the minimum interest rate specified in the contract. Hartford may, from time to time, credit interest rates in excess of the minimum interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for the exemption from federal income taxes on any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6—Party-in-interest transactions

The Plan invests in various investments managed by Hartford, which was acquired by MassMutual, and therefore these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants are considered to be party-in-interest transactions because they are transacted with Plan participants.

For the year ended December 31, 2015, the Plan paid \$891 to MassMutual for recordkeeping services provided to the Plan.

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 7—Tax Status

The Internal Revenue Service (“IRS”) has issued an opinion letter dated March 31, 2014, stating that the prototype plan document used by the Plan was designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and therefore, the Plan and the related trust continue to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

During the years ended December 31, 2015 and 2014, it was determined that the Plan Sponsor failed to execute certain participants’ deferral elections and remittances correctly. The Plan Sponsor determined the impact of these errors was approximately \$35,000 and \$19,000, respectively, which was been recorded in the accompanying financial statements.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2015 - 12/31/2015 and indirect compensation is presented on a calendar year basis ending 12/31/2015.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because, among other potential considerations, plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **\$929.62**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$929.62**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2015 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2015, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **\$15.21**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.573% for 2015) earned on the bank accounts and investments associated with the short-term investment pool for the 2015 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are

invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2015 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

In addition, please note that some of the funds available through your service contract or arrangement are funds from the Oppenheimer family of mutual funds, which are affiliated with MassMutual (The Oppenheimer Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. Report of Independent Auditor

To the Plan Administrator of
Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan
Christiansburg, Virginia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the recordkeeper of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the recordkeeper holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the recordkeeper as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the recordkeeper is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) and Delinquent Participant Contributions, as of and for the year ended December 31, 2015, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the recordkeeper, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan

The following description of Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by Comprehensive Computer Solutions, Inc. (d/b/a FoxGuard Solutions, Inc.) and Qualtrax, Inc. (together the “Plan Sponsor”) for the benefit of its non-union employees who are age 21 or older and have been employed for at least 3 months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective January 1, 2016.

Contributions – Participants may contribute up to 100% of their eligible compensation, as defined by the Plan, on a pre-tax and Roth 401(k) basis, subject to certain statutory limitations. The Plan also allows participants age 50 or older to make additional “catch-up” contributions, not to exceed \$6,000 in 2015. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Newly hired participants are subject to automatic enrollment into the Plan at a 3% enrollment rate, unless the participant affirmatively elects otherwise.

The Plan Sponsor makes a matching contribution on behalf of each eligible participant in an amount equal to 25% of the participant’s contribution up to 8% of the participant’s eligible compensation each pay period.

Participant Investment Options – A participant may direct the investment of their account into any one or combination of investment fund options. Pursuant to provisions under the Plan’s contract with Hartford Life Insurance Company (“Hartford”), current investment offerings include pooled separate accounts and a fully benefit-responsive investment contract.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, the Plan Sponsor’s contributions, and Plan earnings, and is charged with participant distributions and an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant’s account invested in a particular fund to all participants’ investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan Sponsor’s matching contribution is allocated based upon participant’s contributions to the Plan.

Vesting – Participants are 100% vested in their own rollover, pre-tax, and Roth 401(k) contributions, and any earnings thereon. A participant is automatically fully vested in Plan Sponsor matching contributions made under the Plan at age 65, upon early retirement at 59½ with 5 years of service, death, or disability. Plan Sponsor matching contributions plus actual earnings thereon become vested according to the following schedule for years of service:

Years of Service	Vesting
Less than 2	0%
2	25%
3	50%
4 or more	100%

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of Comprehensive Computer Solutions, Inc. 401(k) Retirement Plan (continued)

Payment of Benefits – Distributions can be made due to retirement, death, disability, or termination of employment and are subject to the applicable provisions of the Plan agreement. Up to 100% of the participant's vested account balance can be paid in a lump-sum, direct rollover to another qualified plan, or installments to the participant or their beneficiaries.

Upon showing "financial hardship" and approval from the Plan Sponsor, a participant may withdraw part or all of their voluntary contributions, and certain amounts transferred to this Plan from another plan, if applicable. If a withdrawal is made, the participant is ineligible to contribute to the Plan for a period of six months following the distribution.

Upon attainment of age 59½, participants shall be entitled to receive a distribution of their entire account balance, including the vested portion of the Plan Sponsor's matching contributions.

Notes Receivable from Participants – The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. The accrual of interest on loans is discontinued at the time the loan is 90 days past due unless the credit is well-secured and in process of collection. Past due status is based on contractual terms of the loan. In all cases, loans are placed on nonaccrual or charged off at an earlier date if collection of principal or interest is considered doubtful.

Forfeitures – At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$3,714 and \$909, respectively. Forfeitures may be allocated to Plan participants, used to offset Plan Sponsor matching contributions, or pay Plan expenses. During the year ended December 31, 2015, \$909 was reallocated to Plan participants.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

COMPREHENSIVE COMPUTER SOLUTIONS, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 2—Summary of significant accounting policies (continued)

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts, which are presented at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Administrative Expenses – Substantially all of the Plan's administrative expenses are paid from participant accounts unless the Plan Sponsor elects to pay such expenses.

Recent Accounting Pronouncements – In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), and *Health and Welfare Benefit Plans* (Topic 965): *Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, Part III Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investment by general type. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. As permitted, the Plan has elected early adoption of Parts I and II and has applied the ASU retrospectively for all periods presented.

Note 3—Certified financial information

Massachusetts Mutual Life Insurance Company ("MassMutual"), the Plan's recordkeeper, holds the Plan's investment assets and executes transactions therein. Investments, notes receivable from participants, investment income (loss), and interest income from participants' notes receivable information included in the accompanying financial statements and supplemental schedules is based on information certified by the recordkeeper as complete and accurate and has not been examined by independent auditors of the Plan.

Note 4—Fair value of Plan assets

FASB Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. ASC 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets.

Level 2 – Observable inputs other than quoted prices in active markets, such as quoted prices for similar assets; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the assets.

Level 3 – Unobservable inputs where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts – The pooled separate account invests mainly in mutual funds. The fair value of the underlying mutual funds are publicly quoted pricing inputs and are used in determining the Net Asset Value (“NAV”) of the pooled separate account, which is not publicly quoted. The NAV is classified at Level 2 of the valuation hierarchy because the NAV’s unit price is quoted on a private market that is not active.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Prior year classifications have changed based on new accounting pronouncements and additional guidance.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2015 and 2014.

	Investment Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 5—Guaranteed Interest Contract

In 2011, the Plan entered into a fully benefit-responsive guaranteed interest contract with Hartford. Hartford maintains the contributions made to the account in the general asset account which is available to Hartford creditors. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The account is credited with interest at a rate they declare for each calendar quarter. The average yields based on actual earnings and credited to participants was 3.00% during the year ended December 31, 2015.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported by Hartford, represents contributions made under the contract, plus credited interest, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest contract is presented on the face of the statement of net assets available for benefits at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Hartford determines the interest rate for each quarter at their discretion. The interest rate will never be less than the minimum interest rate specified in the contract. Hartford may, from time to time, credit interest rates in excess of the minimum interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for the exemption from federal income taxes on any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6—Party-in-interest transactions

The Plan invests in various investments managed by Hartford, which was acquired by MassMutual, and therefore these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants are considered to be party-in-interest transactions because they are transacted with Plan participants.

For the year ended December 31, 2015, the Plan paid \$891 to MassMutual for recordkeeping services provided to the Plan.

Note 7—Tax Status

The Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014, stating that the prototype plan document used by the Plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and therefore, the Plan and the related trust continue to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

During the years ended December 31, 2015 and 2014, it was determined that the Plan Sponsor failed to execute certain participants' deferral elections and remittances correctly. The Plan Sponsor determined the impact of these errors was approximately \$35,000 and \$19,000, respectively, which was been recorded in the accompanying financial statements.

Note 10—Reconciliation of financial statements to Form 5500
