To the Participants and Administrator of the  
Wood Group Power Operations (West), Inc. 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Wood Group Power Operations (West), Inc. 401(k) Plan (the "Plan") for the year ended December 31, 2015 and have issued our report thereon dated October 3, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter dated May 27, 2016. Professional standards also require that we communicate to you the following information related to our audit.

## Significant Audit Findings

### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Wood Group Power Operations (West), Inc. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the valuation of investments is based on their fair value per quoted market prices. We evaluated the key factors and assumptions used to develop the valuation of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of the Information Certified by Trustee in Note 9 to the financial statements. This disclosure identifies the information in the financial statements and supplemental schedule that auditing procedures were not performed on as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The disclosure of fair value measurements in accordance with Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements* in Note 4 to the financial statements, which discloses management's methods in the valuation of fair values of financial instruments.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were identified during the engagement.

#### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated October 3, 2016.

#### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Issues were noted during our audit procedures that we would like to bring to your attention.

- 1) We recommended that you should reconcile contributions (from the payroll deposit to EFT remittance amount to Fidelity's contributions report); that each employee is receiving the correct contribution and have starting contributing and receiving employer contributions once they are eligible and/or elect to do so.
- 2) We recommend that you should periodically review the Fidelity census to verify all eligible employees are included on the census and that they are receiving their contributions (if elected).
- 3) We recommend that you track total employee and employer contributions for each payroll deposit to EFT remittance amounts to Fidelity's contributions report to ensure that participants are receiving their contributions on a timely basis.
- 4) We wanted to inform you of the importance of fiduciary meetings. We recommend that the designated plan committee meet during the year and discuss items pertaining to the plan such as recent law changes, challenges facing the plan, employee education, and investment reviews. These meetings should be documented in written correspondence and formal minutes. See the attached due diligence checklist for a detailed listing of fiduciary responsibilities.

This information is intended solely for the use of the participants, Plan administrator and management of Wood Group Power Operations (West), Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

# WOOD GROUP POWER PLANT SERVICES, INC. CRAFT 401(K) PLAN

## Notes to Financial Statements

December 31, 2015

---

### NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Wood Group Power Plant Services, Inc. Craft 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

#### General

The Wood Group Power Plant Services, Inc. Craft 401(k) Plan is a single employer defined contribution plan established on December 1, 2008, to provide retirement and other related profit sharing benefits to eligible employees of Wood Group Power Plant Services, Inc. (the “Company” or “Employer”), a division of EthosEnergy LLC.

The Plan was established for the exclusive benefit of participating employees and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and related rules and regulations.

#### Contributions

Participants may make pretax contributions ranging from 1 percent to 60 percent of their earnings as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), \$18,000 for the Plan year ended December 31, 2015. The Plan also allows for participants who are 50 years old or older to make catch up contributions in the amount of \$6,000 for the Plan year ended December 31, 2015. Participants can change their contribution percentage at any time and those changes will be effective as soon as administratively feasible.

The Plan provides for discretionary Employer matching contribution. For the year ended December 31, 2015, the Employer matched 25 percent of salary deferrals.

#### Eligibility

Employees who have 1,000 hours or more of service and are age eighteen or older are eligible to participate in the Plan the first full day of the first full payroll period that begins after their date of hire.

#### Participant Accounts

Each participant’s account is credited with the participant’s contributions, Employer’s contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

#### Investment Options

Participants in the Plan elect how their individual contributions and Employer contributions are to be invested in 1 percent multiples in any of the various investment options offered under the Plan.

#### Vesting

Participants are vested immediately in their contributions, Employer matching contributions, and actual earnings thereon.

## **NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)**

### Notes Receivable from Participants

Notes receivable from participants are not allowed.

### Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum distribution, installment payments or partial payments.

### Withdrawals

Withdrawals prior to the age of 59½ are allowed only at termination of employment and/or on any hardship basis subject to Internal Revenue Service regulations.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract value basis.

### Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Payment of Benefits

Benefits are recorded when paid.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Reclassifications

Certain reclassifications were made to December 31, 2014 to conform to December 31, 2015 presentation.

Subsequent Events

The Plan monitored and evaluated any subsequent events for footnote disclosure or adjustments required in its financial statements for the year ended December 31, 2015 through October 3, 2016, the date on which financial statements were available to be issued.

**NOTE 3 - INVESTMENTS**

The following presents investments that represent 5% or more of the Plan's net assets at December 31,:

\* Balance represents less than 5% of the total Plan assets as of December 31, 2015 or 2014, therefore the balance is not shown.

During 2015, the Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$11,716.

#### NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.  
If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 or 2014.

*Registered Investment Companies (Mutual Funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable Value Fund (Benefit-Responsive Investment Contract):* Valued at fair value by the investment company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan evaluated a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

**NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

| Investments at Fair Value as of December 31, 2015 |                   |             |                  |                   |

Unrealized gains/(losses) from the benefit-responsive investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

**NOTE 5 - BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan offers a fully benefit-responsive guaranteed investment contract (stable value fund) which carries a benefit-responsiveness feature that allows Plan participants to make exchanges or request benefit payments at contract value. Fidelity Management Trust Company ("Fidelity") maintains the contributions to the investment in a common/collective trust. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value investment issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Fidelity credited the Stable Value Fund with 1.15% annualized during the year ended December 31, 2015.

As described in Note 2, because the stable value fund has a benefit-responsiveness feature, contract value is the relevant measurement attributable for that portion of the net assets available for benefits. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including partial or complete Plan termination or merger with another Plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

#### **NOTE 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### **NOTE 7 - TAX STATUS**

The Plan is a Fidelity Management & Research Company ("Fidelity") proto-type plan. The Internal Revenue Service has determined and informed Fidelity by a letter dated October 9, 2003, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended, Fidelity, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

#### **NOTE 8 - PARTIES-IN-INTEREST TRANSACTIONS AND RELATED PARTY TRANSACTIONS**

Certain investments are managed by Fidelity. Fidelity is the trustee of the Plan's assets therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments. Fidelity performs certain administrative, advisory and recordkeeping services for the Plan. Morgan Stanley provides investment advisor and accounting services for the Plan and is considered a party-in-interest. For the year ended December 31, 2015, Fidelity and Morgan Stanley were paid \$100 for these services.

#### **NOTE 9 - INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)**

Other than the fair value of the benefit-responsive investment contract and the related adjustment from fair value to contract value, certain information related to investments disclosed in the accompanying financial statements, including investments, at fair value, held at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity. The contract value of the benefit-responsive investment contract was certified by the trustee.

#### **NOTE 10 - RISKS AND UNCERTAINTIES**

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**NOTE 11 - RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO FORM 5500**
