UBM 401(k) PLAN

Notes to Financial Statements December 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the UBM 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is an individually designed defined contribution plan and includes the plans of other members of the UBM, Inc. Controlled Group of Companies (the "Company"). The companies included in the Group are as follows:

PR Newswire Association LLC
UBM, Inc.
UBM Medica LLC
UBM Medica Group LLC
Multivu, Inc.
Informex Holdings LLC
UBM Canon LLC
UBM Catersource
UBM LLC
UBM Advanstar

During 2015, the Company acquired UBM Advanstar ("Advanstar"). Effective February 1, 2015, the assets of the Advanstar 401(K) Plan were merged into this plan. Such assets consisted of \$29,110,827 in cash and \$363,033 of loans.

[1] General:

The Plan is a defined contribution plan qualified under Section 401(k) of the Internal Revenue Service covering substantially all full-time and part-time employees of the Company and all temporary employees who have completed twelve consecutive months of service and have worked at least 1,000 hours during a consecutive twelve-month period, excluding, however, an individual who is covered by a collective bargaining agreement unless participation by such employee in the Plan has been agreed to by the parties to such agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is JPMorgan Chase Bank, N.A. ("JPMorgan").

[2] Contributions:

Participants may contribute a percentage, between 1% and 50%, of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 50% of the participant pre-tax contributions, up to 3% of applicable compensation. A participant of the Plan shall be eligible to receive a matching contribution for each payroll period in which they remain an active employee, except as noted below.

Profit sharing contributions shall be made at such times and in such amounts as determined by each company in the Controlled Group of Companies. PR Newswire Association LLC, formerly PR Newswire, Inc., and Multivu, Inc. shall authorize a profit sharing contribution equal to 2% of a participant's applicable compensation. Participants of other employers under the Company are eligible for matching and profit sharing contributions upon enrollment.

Notes to Financial Statements December 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[3] Participant accounts:

Each participant's account is credited directly with their elective contributions and discretionary matching employer contributions on a percentage basis. Discretionary profit-sharing contributions are credited based on a percentage of eligible compensation. Participants also receive a pro rata allocation of the Plan's investment earnings and losses, which are based on the participants' account balances.

[4] Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. The participant's vesting in the Company's profit-sharing contribution account and employer matching contribution account will be determined in accordance with the following schedule (except for employees of PR Newswire Association LLC and Multivu, Inc.):

Completed Years of Service	Vested Percentage
Less than one	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Employees of PR Newswire Association LLC and Multivu, Inc. are fully vested immediately in the profit-sharing contributions.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[6] Payment of benefits:

A participant who ceases to be an employee for any reason other than death shall be entitled to receive their vested accrued benefit in the form of a lump-sum payment or distributions in the form of an annuity contract or in periodic installments of all benefits commencing at such time as the participant shall elect in accordance with the Plan payable over a fixed period not to exceed the lesser of ten years or the life expectancy of the participant at the time payments commence. If the account balance is paid in installments, it will be segregated and separately invested with one of the investment choices being a non-transferable annuity policy. If the participant's total distribution is \$5,000 or less, payment is made in a lump sum. In the event of a participant's death, the participant's beneficiary shall be entitled to receive the participant's entire accrued benefit in the form of a lump-sum payment.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[7] Forfeitures:

Forfeited non-vested accounts are used to reduce future employer contributions. During the year ended December 31, 2015, \$723,295 of forfeitures were used to reduce employer contributions from the Company. Forfeited non-vested accounts at December 31, 2015 and 2014 were \$76,529 and \$376,648, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

During 2016, PR Newswire Association LLC was sold and as a result approximately \$31,000,000 of assets were transferred out of the Plan.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses of the Plan are paid by the Company. Fees related to participant loans, expenses for the Stable Asset Income Fund and short-term trading fees imposed by certain mutual funds are paid by the individual accounts of the participants utilizing these features.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes to Financial Statements December 31, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[7] Recent accounting pronouncement:

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), an amendment to Fair Value Measurement Topic 820*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. For non-public business entities, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted. The Plan elected to adopt ASU 2015-07 as of and for the year ended December 31, 2015. Accordingly, investments measured using the net asset value per share practical expedient has not been categorized within the fair value hierarchy. The amendment has been applied retrospectively to all periods presented.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year end. The amendments are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan elected to adopt ASU 2015-12 as of and for the year ended December 31, 2015. The applicable amendments of ASU 2015-12 have been applied retrospectively to all periods presented.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, JPMorgan, the trustee of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the statement of changes in net assets available for benefits for the year ended December 31, 2015 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015.

UBM 401(k) PLAN

NOTE D - FAIR VALUE MEASUREMENTS

The FASB's Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability, or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts - Common trust funds are comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity-related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager of the fund. The investment advisor of the trust reserves the right to restrict transfers or redemptions, for a thirty-day period, if there was no prior transfer or redemption in excess of \$5,000. At December 31, 2015, there were no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Investment Assets at Fair Value as of December 31, 2015	
	Level 1	Total
Investments:		
Mutual Funds	\$ 189,906,133	\$ 189,906,133
Common Collective Trusts:		
Equity Index Fund*	-	\$ 38,120,331
Stable Asset Income Fund*	-	<u>22,070,627</u>
Total Common Collective Trusts	-	<u>60,190,958</u>
Total Investments at Fair Value	<u>\$ 183,906,133</u>	<u>\$ 250,097,091</u>

	Investment Assets at Fair Value as of December 31, 2014	
	Level 1	Total
Investments:		
Mutual Funds	\$ 163,422,103	\$ 163,422,103
Common Collective Trusts:		
Equity Index Fund*	-	\$ 40,601,874
Stable Asset Income Fund*	-	<u>25,116,566</u>
Total Common Collective Trusts	-	<u>65,718,440</u>
Total Investments at Fair Value	<u>\$ 163,422,103</u>	<u>\$ 229,140,543</u>

* In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no transfers in or out of Levels 1, 2 or 3.

UBM 401(k) PLAN

Notes to Financial Statements December 31, 2015 and 2014

NOTE E - TAX STATUS

The IRS has determined and informed the Company by a letter dated June 20, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and common collective trusts managed by JPMorgan. JPMorgan is the trustee and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan were \$2,655.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2015 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.
