1. Description of Plan

The following description of the Auto Trust 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan, which was started July 1, 2000, is a defined contribution profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") and includes a cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan covers all full-time employees of Paragon Motors of Woodside, Inc. and related companies (the "Company"), who have completed three months of service. The Company includes Civic Center Motors, Ltd. and Worldwide Motors Ltd. Exclusions apply to members of a collective bargaining unit whose retirement benefits are the subject of a collective bargaining agreement that is in full force and effect. The trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

b. Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan. Total participant contributions in any calendar year are limited to the applicable limit under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company at its sole discretion may contribute matching contributions and additional discretionary contributions to an employee's account. The amount of the discretionary contribution is determined annually. Employees are not required to make elective deferrals in order to receive a discretionary contribution. Discretionary and matching contributions are allocated in accordance with provisions as outlined in the plan document. In 2015, the company did not make any matching or discretionary contributions to the Plan.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

1. **Description of Plan (continued)**

   e. **Payment of Benefits**

   Upon termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other form of payment permitted under the Plan. If the vested account balance is less than $5,000, the vested benefit will be automatically rolled over to an IRA provider selected by the plan administrator unless the participant consents to a distribution of the vested account balance.

   f. **Notes Receivable from Participants**

   Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loans bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

   g. **Forfeited Accounts**

   At December 31, 2015 and 2014, the forfeited non-vested account balance was $201 and $304, respectively. During 2015, there were no reductions in administrative expenses or employer contributions from forfeited non-vested accounts A correction to the account however was made in the amount of $103. Forfeitures are used first to reduce administrative expenses of the Plan and any remaining balances are used to reduce company contributions.

2. **Summary of Accounting Policies**

   a. **Basis of Accounting**

   The financial statements of the Plan are prepared using the accrual basis of accounting.

   b. **Use of Estimates**

   The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

   c. **Investment Valuation and Income Recognition**

   Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for a discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. **Summary of Accounting Policies (continued)**

d. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. The Plan distributed 2015 excess contributions to the applicable participants in 2016.

e. Other Liabilities

Amounts refundable to participants who exceeded the IRC 402g limits in 2015 are recorded as other liabilities.

f. Payment of Benefits

Benefits are recorded when paid.

g. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

h. Newly Adopted Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in a change in the presentation of investments in the fair value hierarchy.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies certain aspects of employee benefit plan accounting with respect to fully benefit-responsive investments contracts and plan disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early adoption permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early adoption permitted. Management has elected adopt Parts I and II early. Accordingly, the amendments were applied retrospectively and presentation of investments in the statements of net assets available for benefits revised in accordance with the new standard. Other notes within the financial statements have been removed or adjusted to reflect the amendments described in Part II of the standard. Part III of the standard is not applicable to this Plan.

2. **Summary of Accounting Policies (continued)**

i. **Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments. Fees related to the administration of notes receivable from plan participants are charged directly to the participants' account and are included in administrative expenses.

j. **Subsequent Events**

The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.

3. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts: Valued at net asset value (NAV) of units inside of a group annuity insurance contract. The underlying investments are pooled separate accounts that operate like mutual funds but they are not registered with the Securities and Exchange commission. Unit values are assigned by John Hancock Life Insurance Company ("Hancock") to each pooled separate account which will be different than the NAV of the underlying security because of cash that might be held for liquidity purposes and certain asset management fees charged to the fund and not charged separately to investors.

3. Fair Value Measurements (continued)

Guaranteed Interest Accounts: The accounts are valued at fair value using interest rates in effect at the valuation date compared with rates actually credited to the accounts. The use of daily interest rates which are applied to new deposits and used in the fair value calculation constitute an active market, similar to the values used in the NAV calculations for the pooled separate accounts.

The following table sets forth by level, within the fair value hierarchy, The Plan's assets at fair value as of December 31, 2015 and 2014. The following assets held by the Plan were valued using NAV as a practical expedient. There were no level 1, 2 or 3 assets held by the Plan at December 31, 2015, and 2014.

	Assets at Fair Value NAV	
	2015	2014
Pooled Separate Accounts	$ 5,667,584	$ 5,742,062
Guaranteed Interest Accounts	10,181	11,478
Investments at fair value	$ 5,677,765	$ 5,753,540

4. Group Annuity Contract with Insurance Company

In 2012, the Plan entered into an unallocated group annuity contract with Hancock. Contributions can be invested either in the pooled separate accounts or in the guaranteed interest accounts. The guaranteed interest accounts are held in the Hancock general account. The guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3, 5 or 10 year term less any applicable contract or participant-level recordkeeping charges, with certain restrictions. Interest rates are established on the first day of each calendar month and apply to regular ongoing contributions made to that account in that month. There is no minimum rate on these accounts. The guaranteed interest accounts are an investment option under the group annuity contract.

5. Information Certified by the Plan's Custodian

The plan management has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Hancock, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year).

Statements of net assets available for benefits:

	2015	2014
Pooled Separate Accounts	$ 5,667,584	$ 5,742,062
Guaranteed Interest Accounts	10,181	11,478
Notes receivable from participants	264,883	329,248

The custodian also certified to the completeness and accuracy of the net investment earnings as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015 and 2014. The certification also includes all investment related information in the accompanying supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015.

6. Party in Interest and Related-Party Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including, the Company. Plan investments include units of separate pooled accounts managed by Hancock. Hancock is the custodian and record-keeper as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan pays broker commissions to Axa Network, LLC and pays for custodial and recordkeeping services to Hancock. Broker commissions, are part of the transaction costs for the purchase and sale of the underlying pooled separate accounts and are not separately stated. Associated Pension Consultants, Inc. is the third party administrator and received fees of $2,015 from the Plan in 2015.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Tax Status

The Plan is structured and follows a volume submitter plan pre-approved by the IRS. The IRS issued an opinion letter to the company dated March 31, 2014, that the volume submitter plan is acceptable in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Prohibited Transactions

During 2015, The Company did not remit certain participant contributions to the Plan in a timely manner. A total of $1,394 of participant contributions were remitted and allocated to the proper employee accounts in 2016. The delays in remitting contributions to the affected participants' accounts were due to administrative errors, and the Company made the required corrections to the affected participants' accounts and compensated those participants for lost income due to the delays.
