To the Participants and Administrator
Ellwood Texas Forge Retirement Income Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ellwood Texas Forge Retirement Income Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ellwood Texas Forge Retirement Income Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Ellwood Texas Forge Retirement Income Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all salaried and hourly employees of Ellwood Texas Forge, L.P. (Ellwood Texas Forge Houston (ETF-H)), Ellwood Texas Forge Navasota, LLC (ETF-N), Ellwood Advanced Components LLC (EAC), Ellwood Machining and Welding Company (EMW) and C&J Cladding LLC (CJC) (effective July 1, 2015) (collectively, the Company and Plan Sponsor) and is in accordance with Section 401 of the Internal Revenue Code (IRC).

ETF-H and EMW employees are eligible to participate in the Plan on the first day of the calendar month following their employment commencement date. ETF-N, EAC and CJC employees who have completed three months of service are eligible to participate in the Plan on the first day of the pay period after they meet the service requirement.

In addition, the Plan includes an automatic enrollment policy. Under this policy, if an employee does not submit an automatic enrollment waiver within 30 days of becoming eligible, he or she will be automatically enrolled in the Plan at a 3% deferral rate. The deferral rate increases 1% per year up to 6%. An employee has the option to cease enrollment, withdraw all contributions and forfeit all Company contributions within 90 days of becoming eligible.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute pre-tax, a portion of their compensation from 1% up to a maximum allowable by the plan document and in accordance with other limiting provisions of the IRC and other applicable legal limits.

In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" (limited to \$6,000 in 2015) may be made. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Company determines a matching contribution on an annual basis. During 2015, ETF-H contributed 75% of the first 6% and EMW contributed 100% of the first 6% of base compensation that a participant contributed to the Plan. During 2015, CJC contributed 50% of the first 6% of base compensation that a participant contributed to the Plan. During 2015, ETF-N contributed 100% of the first 4% of base compensation and 50% of the remaining 2% of base compensation that a participant contributed to the Plan. During 2015, EAC contributed 25% of the first 6% of base compensation that a participant contributed to the Plan.

1. Plan Description (Continued)

Contributions (Continued)

ETF-H and EAC may also make discretionary contributions based on a formula which varies for each company. ETF-H made discretionary contributions of approximately \$353,000 in 2015. EAC made discretionary contributions of approximately \$85,000 in 2015.

ETF-N, EMW and CJC may also make discretionary contributions which are determined by management during each calendar quarter. ETF-N made discretionary contributions of approximately \$126,000 in 2015. EMW did not make discretionary contributions in 2015. CJC made discretionary contributions of approximately \$12,000 in 2015.

Participants may direct their contributions and any Company contributions made on their behalf to a variety of investment options provided by the Plan.

Participant Accounts

The trustee maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary and rollover contributions, earnings on account investments, Company matching contributions and with an allocation of the Company's discretionary contributions. Allocations of the Company's discretionary contributions are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Vesting

EAC, EMW and CJC participants are immediately vested in their contributions, any Company contributions and earnings thereon.

ETF-H and ETF-N participants are immediately vested in their contributions and earnings thereon. ETF-N participants are immediately vested in any Company matching contributions and earnings thereon.

ETF-H's Company matching contributions, discretionary contributions and earnings thereon to each participant's account vest according to the following schedule:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5 years or more	100%

Ellwood Texas Forge Retirement Income Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Vesting (Continued)

ETF-N's Company discretionary contributions and earnings thereon to each participant's account vest according to the following schedule:

Years of Service	Vested Percentage
1	25%
2	50%
3	75%
4 years or more	100%

In the event a participant retires on or after the normal retirement age (age 60), becomes disabled, or dies, the balance in the participant's account becomes fully vested.

Benefits

Upon termination of service, death, disability, or age 59½, participants may receive a lump-sum amount equal to the vested value of the participant's account. Unless a lump-sum distribution is required by the Plan, participants may elect to receive alternate forms of distributions as defined by the plan document. Participants are also entitled to receive all or a portion of their before-tax savings contributions in the form of a hardship withdrawal, if they have met plan provisions for such a withdrawal.

At December 31, 2015 and 2014, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Notes Receivable From Participants

Participants may request a loan from the Plan. Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of 50% of their vested balance or \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months. Loan terms generally range from 12 to 60 months, unless the loan is made for the purchase of a participant's principal residence. The loans are secured by the balance of the participant's account and bear interest at a reasonable rate, as defined by the plan agreement.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are applied to reduce administrative expenses of the Plan and then future Company contributions. Forfeitures totaled approximately \$137,000 in 2015.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation, Income Recognition and Risks

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 – Observable inputs such as quoted prices in active markets for identical investments that the Plan has the ability to access.

Level 2 – Inputs include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;
- d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 – Unobservable inputs in which there is little or no market activity for the asset or liability, which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

Ellwood Texas Forge Retirement Income Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation, Income Recognition and Risks (Continued)

The T. Rowe Price Stable Value Common Trust Fund (the Fund) is a collective trust fund which holds interests in fully benefit-responsive contracts. The Fund is valued using net asset value (NAV) provided by the trustee on the last day of the Plan's year end. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The cost of investments sold, distributed, or forfeited is determined using the specific identification method. Investment purchases and sales are accounted for on a trade-date basis. Interest and dividend income is recorded when earned.

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Administrative Fees and Expenses

Administrative expenses are paid by the Company or the Plan, as provided by the plan document.

Benefit Payments

Benefits are recorded when paid.

Ellwood Texas Forge Retirement Income Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07 *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), (ASU 2015-12): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This three-part update simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and, accordingly, removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share. These amendments are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. This update also provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month end that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted.

Plan management reviewed both ASU 2015-07 and ASU 2015-12, and decided to early adopt both standards as they believe it will simplify plan accounting and its presentation in the financial statements. As such, the accounting and disclosures in these financial statements and notes follow ASU 2015-07 and ASU 2015-12.

Subsequent Events

The Plan Sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 6, 2016, the day the financial statements were approved and authorized for issue.

Ellwood Texas Forge Retirement Income Plan

Notes to the Financial Statements (Continued)

3. Investments

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level, as described in Note 2:

<i>As of December 31, 2015</i>	Level 1	Total
Mutual funds	\$ 25,243,545	\$ 25,243,545
Common collective trust measured at net asset value*	-	8,338,705
Investments at Fair Value	\$ 25,243,545	\$ 33,582,250

<i>As of December 31, 2014</i>	Level 1	Total
Mutual funds	\$ 28,923,054	\$ 28,923,054
Common collective trust measured at net asset value*	-	7,943,216
Investments at Fair Value	\$ 28,923,054	\$ 36,866,270

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

4. Collective Trust Fund

The Plan has a common collective trust, which is valued at NAV (Note 3). The common collective trust fund is valued using \$1 for the NAV per unit. Trust units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the trust.

5. Certification of Financial Information

T. Rowe Price Trust Company, the trustee of the Plan, has certified that the investment information related to investments and notes receivable from participants summarized in the statements of net assets available for plan benefits as of December 31, 2015 and 2014 and the statement of changes in net assets available for plan benefits for the year ended December 31, 2015 is complete and accurate.

6. Related Party and Exempt Party-in-interest Transactions

Certain plan investments in mutual funds and the collective investment trust are managed by the trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for custodian and recordkeeping services were not significant for the year ended December 31, 2015.

Ellwood Texas Forge Retirement Income Plan

Notes to the Financial Statements (Continued)

6. Related Party and Exempt Party-in-interest Transactions (Continued)

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1).

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

7. Income Tax Status

The Plan obtained its latest determination letter dated May 8, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended. The plan administrator, the trustee and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2015	2014
Net assets available for plan benefits per the financial statements	\$ 35,538,631	\$ 38,936,603
Adjustment for interest in collective investment trust relating to fully benefit-responsive investment contract	6,630	116,845
Net Assets Available for Plan Benefits per Schedule H of Form 5500	\$ 35,545,261	\$ 39,053,448

Notes to the Financial Statements (Continued)

8. Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

The following is a reconciliation of the net decrease in assets available for plan benefits per the financial statements to the Form 5500:

<i>For the Year Ended December 31,</i>	2015
Net decrease in assets available for plan benefits per the financial statements	\$ (3,397,972)
