NOTES TO FINANCIAL STATEMENTS

December 31, 2015

Note 1 Description of Plan

The following description of Tavern in the Square Management 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on January 1, 2015 to provide employees of Tavern in the Square Management and certain related entities (collectively, the “Company”) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Contributions to the Plan were effective with the April 16, 2016 payroll.

Eligibility

All employees of the Company, except those covered by a collective bargaining agreement and non resident aliens, are eligible to participate in the Plan immediately upon meeting the age of 21 years and after completing one year of eligibility service, as defined in the Plan document.

Participant contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 92% of their annual pre-tax compensation. The Plan also allows participants to defer funds into a “Roth 401(k) deferral”, which are subject to federal income taxes. These contributions combined are limited to the maximum amounts allowed under the provisions of the IRC (\$18,000 in 2015). Further, participants who are 50 years of age or older as of December 31, 2015 may contribute an additional “catch up” contribution (\$6,000 in 2015). The Plan also allows rollover contributions from other qualified plans as defined in the Plan document. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

Employer contributions

For each plan year profit sharing contributions may be made to the Plan on behalf of each plan participant at the discretion of the employer. A participant must complete at least 500 hours of service during the plan year and must be employed on the last day of the plan year to be eligible to receive a profit sharing contribution. No profit sharing contribution was made to the Plan for the plan year ended December 31, 2015. The employer can also make qualified nonelective contributions. No qualified nonelective contribution was made to the Plan for the plan year ended December 31, 2015.

Note 1 Description of Plan (continued)

Participants' accounts

Each participant's account is credited with their respective contribution and its allocation of (a) employer contributions and (b) Plan earnings or losses.

Vesting

Participants' voluntary contributions, rollover contributions and earnings thereon vest immediately. Discretionary profit sharing contributions and qualified nonelective contributions, and earnings or losses thereon vest 20% per year after two years of service (as defined), with full vesting after six years of credited service. In the event of death or disability, participants' accounts become fully vested.

Payment of benefits

Upon termination of employment, retirement, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum, installment payments, partial payments or annuities, in accordance with Internal Revenue Service ("IRS") regulations and plan provisions. Further, withdrawals from the Plan before leaving the Company are available after attaining the age of 59½. Distributions to participants are recorded when paid.

Notes receivable from participants

The Plan permits participant loans. Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Participant loans are subject to approval by the plan administrator and the interest rate is set at the prime rate plus 1%. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Participants can only have one loan outstanding at any given time. Loans are secured by the balance in the participant's account. There were no participant loans outstanding at December 31, 2015.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, may be used to pay administrative expenses of the Plan. As of December 31, 2015 there was no outstanding balance of net forfeitures. During the plan year ended December 31, 2015 there were no forfeitures used to reduce plan administrative expenses.

Note 2 Summary of significant accounting policies

The following is a summary of significant accounting policies followed by the Plan.

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 7 for discussions of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the Plan year or at the time of purchase during the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Administrative expenses

The Company may, at its discretion, pay the expenses incident to administering the Plan. In the event that the Company does not pay Plan expenses, the expenses shall be paid by the Plan.

Fair value

Accounting standards provide a common definition of fair value and establish a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial and non-financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 7).

December 31, 2015

Note 2 Summary of significant accounting policies (continued)

New accounting standard

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management elected to early adopt Part II of these new standards and determined that Parts I and III are not applicable.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2016, which is the date the financial statements were available to be issued.

Note 3 Information certified by the Plan's trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Mid Atlantic Trust Company ("Mid Atlantic"), the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), for the year ended December 31, 2015.

Investments

Mutual Funds	\$ 8,426
Money Market Fund	1,376

The trustee has also certified to the completeness and accuracy of \$248 of net depreciation in fair value of investments and \$67 of interest and dividend income related to the aforementioned investments for the period from April 1, 2015 through December 31, 2015.

**TAVERN IN THE SQUARE MANAGEMENT 401(K)
PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015

Note 4 Tax status

The Plan operates under a prototype plan which has received a favorable opinion letter from the IRS dated April 10, 2014, indicating that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes and represents that the Plan is designed and currently being operated in compliance with the applicable requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The FASB has issued a standard that clarifies the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 Plan termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 Risks and uncertainties

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7 Fair value measurements

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

**TAVERN IN THE SQUARE MANAGEMENT 401(K)
PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015

Note 7 Fair value measurements (continued)

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

**TAVERN IN THE SQUARE MANAGEMENT 401(K)
PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015

Note 7 Fair value measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial assets at December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,426	\$ -	\$ -	\$ 8,426
Money market funds	1,376	-	-	1,376
Investments at fair value	\$ <u>9,802</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>9,802</u>
