The Plan Administrator of
ABB Inc. Retirement Savings Plan:

Report on the financial statements

We were engaged to audit the accompanying financial statements of the **ABB Inc. Retirement Savings Plan** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities, as of and for the years ended December 31, 2015 and 2014, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Supplementary information

The supplemental Schedule H, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2015 and Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2015, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 4, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 Description of the Plan

ABB Inc. Retirement Savings Plan (RSP or the Plan) is a defined contribution plan covering all eligible full-time and part-time employees of ABB Inc. (the Company, the Employer or ABB). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants should refer to the Plan document for a complete description of the Plan's provisions.

The assets of the Plan are held in the ABB Inc. Defined Contribution Plans Master Trust (Master Trust) along with the assets of the Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc. Also, on May 1, 2014, Baldor Electric Company, plan sponsor of the Baldor Electric Company Employees Profit Sharing and Savings Plan (Baldor Plan) adopted the Master Trust agreement as a participating plan sponsor. Fidelity Management Trust Company (the former Trustee) was the trustee of the Master Trust from January 1, 2014 through April 30, 2014. Effective May 1, 2014, Bank of America Merrill Lynch N.A., became the new Trustee of the Master Trust, at which time all of the assets of the Master Trust were transferred from Fidelity Management Trust Company to Bank of America Merrill Lynch N.A. Both the Fidelity Management Trust Company and Bank of America Merrill Lynch N.A. (the Trustees) maintained separate accounts for each plan. Accordingly, investment earnings and expenses are separately reflected in each plans' accounting records.

During 2015, there was a net transfer in of \$95,554. The transfer primarily relates to participants in the Plan who transferred from the Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc. During 2014 there were approximately \$670,000 of transfers in from the Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc.

During 2014, there were also net transfers in of \$45,948,804 consisting of the following amounts:

On December 31, 2014, the Power One, Inc. 401(k) Retirement Savings Program merged into the Plan. Assets consisting of cash in the amount of \$29,068,080 and participant loans receivables of \$281,026 were transferred out of the Power One, Inc. 401(k) Retirement Savings Program on December 31, 2014. These amounts are reflected as interest-bearing cash and notes receivable from participants, respectively, in the accompanying statement of net assets available for benefits as of December 31, 2014. The cash amount was then transferred into the Master Trust on January 2, 2015.

On June 15, 2012, ABB acquired Tropos Networks, Inc. On January 6, 2014, the net assets of the Tropos Networks, Inc. 401(k) Plan of \$5,410,649 was transferred into the Plan.

On July 29, 2011, ABB acquired Mincom Inc. On January 6, 2014, the net assets of the Mincom Inc. 401(k) Plan of \$10,517,079 were transferred into the Plan.

Eligibility

All nonunion salaried, certain hourly and certain non-U.S. resident (working for the Company in the U.S.) employees of the Company who are working as regular, full-time employees are eligible to participate in the Plan at any time after the date of hire. Regular part-time employees must complete 12 months of service and at least 1,000 hours of service to participate in the Plan.

Contributions

Participants can elect to make contributions to the Plan through payroll deductions in whole percentages from 1% to 50% of their annual compensation (as defined in the Plan document, subject to Internal Revenue Service (IRS) limitations) on a pre-tax or after-tax basis or can elect not to participate in the plan altogether. If the participant does not make an election in the first 30 days of employment, there is an auto-enrollment at a rate of 2%, which can be changed at any time by the participant. Over age 50 catch-up contributions can be made by eligible participants in whole percentages from 1% to 100% of their annual compensation (as defined in the Plan document, subject to IRS limitations). The Employer's contributions, where applicable, shall be equal to 50% of the participants' contributions made during the year, up to 6% of their annual compensation. The Plan Sponsor will provide an annual employer contribution calculated as an age-based percentage of the employee's eligible salary during the plan year and is paid out in the first quarter of the following plan year. The annual contribution receivable was \$42.7 million for 2015 and \$40.6 million for 2014. The Plan had additional employer contributions receivable of \$715,076 and employee contributions receivable of \$1,946,010 as of December 31, 2015. All of the Plan's investments are participant directed.

Vesting

All participant contributions and earnings thereon are fully vested at all times. Matching Employer and annual Company contributions and earnings thereon become 50% vested after the participant has completed two years of service and 100% vested after three years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, matching Employer contributions, and an allocation of: (i) the annual Company contribution and (ii) Plan earnings or losses. Earnings or losses are based on participants' individual account balances and investment choices. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of employment, retirement, or death the participant or beneficiary may receive a lump-sum cash distribution, or monthly or annual installments, depending upon the nature of the event and total vested value of the participant's account, as defined by the Plan document, or may elect to have the payment of benefits deferred up to age 70½ at which time distributions must commence.

Hardship Withdrawals

A participant may withdraw tax-deferred contributions for (a) medical expenses, (b) purchase of a principal residence, (c) payment of tuition expenses for educational fees and room and board expenses for post-secondary education, (d) to prevent eviction from principal residence, or (e) any other reason set forth by the Commissioner of the IRS conditional upon satisfactory demonstration of the need and approval by the Company.

Notes Receivable from Participants

The Plan allows a participant to have up to two loans outstanding at any time. The minimum loan is \$1,000 and the total amount of a participant's loan shall not exceed the lesser of:

- 50% of the participant's fully vested account balance; or
- \$50,000, reduced by the participant's highest outstanding loan balance from the Plan during the one-year period ending on the day before the new loan is made.

Loans are repaid from payroll deductions. Interest rates on the loans are equal to the prime interest rate plus 1% on the first business day of the month preceding the calendar quarter in which the loan becomes effective. Interest rates for loans issued during 2015 and 2014 were 4.25%. Interest rates for outstanding loans ranged from 3.25% to 10.50% as of December 31, 2015 and 2014, respectively. Participants may elect to repay loans over a period of one to five years. If the purpose of the loan is to purchase the participant's principal residence, the loan may be repaid over a period of up to 20 years.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to either pay expenses of the Plan or reduce future employer contributions. Unallocated forfeitures as of December 31, 2015 and 2014, were \$1,294,095 and \$78,689. The Plan used \$22,250 and \$1,119,255 to pay expenses of the Plan or reduce employer contributions during 2015 and 2014, respectively.

Administrative Expenses

Administrative expenses are paid by the Plan or the Company, at the discretion of the Company. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Assets of the Master Trust consist of mutual fund investments stated at quoted market value, short-term investments with market value equivalent to cost, and participation units in collective trusts based on net assets values (NAV) on the last business day of the Plan's year-end (see Note 6).

The Master Trust also invests in synthetic investment contracts through the Income Fund (see Note 6). Investment contracts held by a defined contribution plan or master trust are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan or master trust attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the Income Fund and the adjustment from fair value to contract value. The fair value of the Master Trust's and Plan's interest in the Income Fund is based on information reported by the issuer of the Income Fund at year-end. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay benefits and administrative expenses of the contract.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Net appreciation (depreciation) includes the Master Trust's gains and losses on investments bought, sold, and held during the year.

Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Management evaluated subsequent events for the Plan through September 30, 2016, the date the financial statements were available to be issued, and has determined that there are no material subsequent events that require adjustment to or disclosure in the financial statements, except as disclosed herein.

3 Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Corporation by a letter dated February 17, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

4 Information Certified by Trustees

The information in the financial statements and supplemental schedules were summarized from information supplied and certified as complete and accurate by the Trustees. The Trustees hold the Master Trust's assets and execute transactions thereon. Financial information relating to the invested assets and income or loss thereon, and notes receivable from participants from participants and related interest income included in the accompanying financial statements and supplemental schedules is based upon information provided by the Trustees. The information was not audited by independent certified public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Trustees have certified that the following data, included in the accompanying financial statements and supplemental schedules, is complete and accurate:

- Plan interest in the Master Trust and notes receivable from participants, as shown in the statements of net assets available for benefits at December 31, 2015 and 2014 (exclusive of the determination of fair value of the Plan's interest in fully benefit-responsive guaranteed investment contracts and corresponding adjustment from fair value to contract value).
- Plan interest in Master Trust investment gain and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.
- Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2015.
- Total investments and total net investment (loss) gain for the Master Trust as presented in Note 5.

The information obtained from the Trustees was not audited by independent public accountants as permitted by the above method of reporting compliance of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

5 Master Trust

All investment information disclosed in the accompanying financial statements and supplemental schedules including Plan interest in the Master Trust, at fair value, and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2015 and 2014, and the plan interest in Master Trust investment gain (loss) for the years then ended, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustees.

At December 31, 2015 and 2014, the Plan had an 87.6% and 87.7% interest in the net assets of the Master Trust. Net assets, net investment income, and gains and losses and losses to participating plans in the Master Trust were either a) based upon the actual experience of the underlying investment within the plan, or b) based upon the percentage ownership of the investment to the participating plan. Investment income relating to the Master Trust is allocated to the three plans in the Master Trust based on the balances invested by the Plan, the Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc. and the Baldor Electric Company Employees' Profit Sharing and Savings Plan. The Plan's interest in the net assets of the Master Trust is included in the accompanying statements of net assets available for benefits.

The following tables present the net assets for the Master Trust and the net investment gain (loss) for the Master Trust:

6 Fair Value Measurements

ASC 820 clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements.

The hierarchy established under ASC 820 gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). As required by ASC 820, the Master Trust investments are classified within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820, and its applicability to the Master Trust's investments, are described below:

- Level 1** Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2** Quoted prices for similar assets or liabilities, or inputs that are observable, either directly or indirectly, for substantially the full-term through corroboration with observable market data. Level 2 includes investments valued at quoted prices adjusted for legal and contractual restrictions specific to the security.
- Level 3** Pricing inputs are unobservable for the asset or liability, that is, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Level 3 includes private investments that are supported by little or no market activity.

The methods used to measure the fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Income fund - This is a conservative fixed income separately managed portfolio that seeks to provide a stable rate of return with preservation of principal and liquidity as primary objectives. The income fund is reported at fair value based on the fair value of the underlying investments. These underlying investments, which are comprised of high quality, fixed income securities held in various collective trusts that are "wrapped" by synthetic investment contracts issued by high quality financial institutions and an insurance company, and a money market fund held for liquidity purposes, are required to be reported at fair value. However, contract value is a relevant measurement attribute as these investment contracts are fully benefit-responsive. Under the terms of the contracts, the crediting interest rates are rates negotiated by the Company with the issuers. The average crediting interest rate of the investment contracts as of December 31, 2015 and 2014, were approximately 2.57% and 1.64%, respectively. The average yield for the investment contracts for the years ended December 31, 2015 and 2014, was approximately 1.68% and 1.37%, respectively. Certain events, which we refer to as "market value events", may limit the ability of the income fund to realize the contract value of investment contracts and may, therefore, result in payments to participants that reflect fair value rather than contract value. Such events include,

but are not limited to, certain amendments to the Plan documents or the income fund's investment guidelines not approved by issuers of investment contracts, failure to comply with certain contract provisions, complete or partial plan termination or merger with another plan, suspension or substantial reduction of Plan sponsor contributions to the Plan, debt default by the Plan sponsor, bankruptcy of the Plan sponsor or other Plan sponsor events that could cause substantial withdrawals from the Plan or the income fund, failure of the trust which holds the assets of the Plan to qualify for exemption from federal income taxes, and the occurrence of certain prohibited transactions under ERISA. The Plan administrator does not believe that any events that have occurred to date constitute market value events. The Plan may terminate its investment in the income fund upon election and 10 days notice.

Collective trusts and fund of collective trusts - Valued at NAV as reported by the Trustees based on the fair value of the underlying assets.

Lifecycle funds - Components of the lifecycle funds include the mutual funds and collective trust options offered to participants. The funds have daily valued NAVs with daily accrual adjustments for expenses.

Mutual funds - Valued at the NAV, based on quoted market prices in active markets, of shares held by the Plan at year-end.

The following tables sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2015 and 2014:

- a. This is a conservative fixed income separately managed portfolio that seeks to provide a stable rate of return with preservation of principal and liquidity as primary objectives.

- b. This category includes investments in highly diversified passively managed collective trusts that invest in U.S. issued bonds. There are currently no redemption restrictions on these investments.
- c. This category includes investments in highly diversified passively managed collective trusts that invest in U.S. common stocks. There are currently no redemption restrictions on these investments.
- d. This category includes investments in highly diversified passively managed collective trusts that invest in international common stocks. There are currently no redemption restrictions on these investments.
- e. This category includes investments in highly diversified actively managed mutual funds that invest in U.S. issued bonds. There are currently no redemption restrictions on these investments.
- f. This category includes investments in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. These funds share the common goal of first growing and then later preserving principal and contain a mix of U.S. and international stocks, bonds and cash. There are currently no redemption restrictions on these investments.
- g. This category includes investments in highly diversified actively managed mutual funds that invest in U.S. common stocks. There are currently no redemption restrictions on these investments.
- h. This category includes investments in highly diversified actively managed mutual funds that invest in international common stocks. There are currently no redemption restrictions on these investments.

At December 31, 2014, the Plan had interest-bearing cash of \$29,068,080. The entire balance relates to the Power-One Plan merger that occurred on December 31, 2014 as discussed in Note 1. The assets transferred during the merger are classified as level one assets and are only included in the Plan and not the Master Trust.

There have been no changes in the methodologies used at December 31, 2015 and 2014. The determination of where an asset falls in the hierarchy requires significant judgment. The Plan evaluates its hierarchy disclosures each year and changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. However, the Plan expects changes in classifications between levels will be rare. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2015 and 2014, there were no transfers in or out of Levels 1, 2, or 3.

7 Party-in-interest Transactions

Prior to the transfer to the new Trustee discussed in Note 1, the Plan held units of collective trusts and mutual funds issued and/or managed by the former Trustee or its affiliates. The purchases and sales of these investments, as well as notes receivable from participants and related loan payments qualify as party-in-interest transactions; however, they and transactions related to notes receivable from participants are exempt from the prohibited transactions rules under ERISA.

8 Contingencies

On December 29, 2006, Plaintiffs in Ronald Tussey, et al., v. ABB Inc., et al. (Tussey Case), filed a complaint in the United States District Court for the Western District of Missouri, for themselves and all participants in the Personal Retirement Investment and Savings Management Plan for Employees of ABB Inc. (now called ABB Inc. Retirement Savings Plan) and the Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc. (the Plans), alleging breach of ERISA fiduciary duties against certain ABB defendants and against Fidelity Management Trust Company and Fidelity Management & Research Company, which provided administrative and recordkeeping services to the Plans. Specifically, the Plaintiffs claimed that the fees and expenses paid by the Plans to Fidelity were unreasonable and excessive, not incurred solely for the benefit of the Plans, and undisclosed to the participants and that the ABB defendants had breached their fiduciary discretion by removing the Wellington Fund investment option from the Plans and by mapping the assets of that Fund to Fidelity target dated funds.

On March 31, 2012 the trial Court issued its decision finding that the ABB and Fidelity defendants breached certain of their fiduciary duties to the Plan participants. The defendants appealed to the United States Court of Appeals for the Eighth Circuit. In its decision rendered on March 19, 2014, the Eighth Circuit affirmed the award of \$13.4 million against the ABB Defendants based on Plaintiffs' excessive record keeping fees claim, vacated the award of \$21.8 million regarding the replacement of the Wellington fund with the Fidelity target dated funds and vacated the award of attorneys' fees against all defendants, reversed the trial court's judgment against Fidelity and remanded the case for reconsideration by the trial court pursuant to the Eighth Circuit's decision. On August 5, 2014, the Plaintiffs filed a certiorari petition to the United States Supreme Court. The Supreme Court subsequently declined Plaintiffs' petition.

On July 9, 2015, the trial court determined upon remand that the ABB Defendants had abused their discretion by deciding to remove the Wellington Fund investment alternative and to map assets of that Fund to the Fidelity target dated funds but the court further held that the Plaintiffs had failed to prove damages in connection with that decision. Therefore, the trial court entered judgment in favor of the ABB Defendants on that claim. Plaintiffs have filed a notice of appeal of the trial court's judgment. In addition, Plaintiffs' counsel has submitted a new request to the trial court for attorneys' fees. On December 9, 2015, judgment was entered in favor of the Plaintiffs, awarding attorney fees and costs totaling \$12,183,460 to be paid by ABB. ABB filed a notice of appeal. Both parties' appeals have been briefed and argued. The decision is pending.
