Corporate Wings 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of Plan

The following description of Corporate Wings 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Corporate Wings Technical Services, LLC (the “Company”) whose employment is not governed by a collective bargaining agreement, who have completed one month of service, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of pretax or post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan is referred to as a safe harbor 401(k) plan. To satisfy the safe harbor rules, the Company will contribute to the Plan matching contributions equal to (a) 100% of participant deferrals (including catch-up contributions) up to 3% of compensation plus (b) 50% of participant deferrals between 3% and 5% of compensation. The Company may also make an annual discretionary profit sharing contribution to the Plan. Profit sharing contributions are allocated to the participants’ account balances based on employee compensation. No discretionary profit sharing contributions were made during 2015. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company safe harbor matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company’s discretionary profit sharing contributions is based on years of continuous service. A participant is 100% vested in the Company’s discretionary profit sharing contributions after five years of credited service.

Corporate Wings 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set as 2% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$17 and \$765, respectively. These accounts will be used to first pay any administrative expenses and then to reduce future employer contributions. Also, in 2015, employer contributions were reduced by \$767 from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board (FASB) which established the FASB Accounting Standards Codification (ASC) as the single source of authoritative accounting principles generally accepted in the United States of America.

Adoption of Recent Accounting Pronouncements

In May 2015, the FASB amended ASC Topic 820, Fair Value Measurement, by removing the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient. This amendment is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management elected to adopt it effective December 31, 2015 and applied it retrospectively to the 2014 financial statements.

Corporate Wings 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 2: Summary of Significant Accounting Policies (continued)

Adoption of Recent Accounting Pronouncements (continued)

In July 2015, the FASB amended ASC Topic 960, Plan Accounting: Defined Benefit Pension Plans, ASC Topic 962, Defined Contribution Pension Plans, and ASC Topic 965, Health and Welfare Benefit Plans: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. These amendments are effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management elected to adopt Part II during the year ended December 31, 2015.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Corporate Wings 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 2: Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2016, the date the financial statements were available to be issued.

Note 3: Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in fair value of investments and interest for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (the custodian of the Plan).

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Corporate Wings 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 4: Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year-end, which is provided by the administrator of the accounts. The NAV is based on the value of the underlying assets held in the accounts, minus its liabilities, and then divided by the number of units outstanding. There are no unfunded commitments or participant redemption restrictions for these investments.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to defer payment in order to ensure that securities liquidations will be carried out in an orderly business manner.

Cash: Valued at amortized cost, which approximates fair value.

Total investments at fair value	\$ <u>765</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>4,178,102</u>

* In accordance with the "Fair Value Measurement" topic of the FASB ASC, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the stable value investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively.

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption Frequency</u> <u>(if currently eligible)</u>	<u>Redemption</u> <u>Notice Period</u>

<u>December 31, 2014</u>	<u>Fair Value</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption Frequency</u> <u>(if currently eligible)</u>	<u>Redemption</u> <u>Notice Period</u>

Notes to Financial Statements

December 31, 2015 and 2014

Note 5: Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company (U.S.A.) (“John Hancock”). John Hancock is the custodian and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

John Hancock provides certain administrative services to the Plan pursuant to an agreement between the Company and John Hancock. John Hancock receives revenue from mutual fund and collective trust fund service providers for services John Hancock provides to the funds. This revenue is used to offset certain amounts owed to John Hancock for its administrative services to the Plan.

If the revenue received by John Hancock from such mutual fund or collective trust fund service providers exceeds the amount owed under the agreement, John Hancock remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2015, there were no excess amounts. The Plan or Plan Sponsor may make a payment to John Hancock for administrative expenses not covered by revenue sharing

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company’s discretionary profit sharing contributions.

Note 7: Tax Status

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under the applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
