NOTE 1 - PLAN DESCRIPTION

The following description of the Ohio Gastroenterology Group, Inc. 401(k) Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement or the summary plan description for a more complete description of the Plan's provisions.

GENERAL

The Plan is a 401(k) defined contribution plan covering all employees of Ohio Gastroenterology Group, Inc. (the "Company") who have completed one year of service (with a minimum of 1,000 hours of paid compensation during the plan year) and have attained 21 years of age. Each employee who has met the eligibility requirement will automatically become a participant on the first entry date which occurs after satisfying the requirements. The Plan entry dates are January 1, and July 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

The Company's contribution is determined at the discretion of the directors of the Company. During 2015 the Company made no matching contribution but did make a safe harbor non-elective contribution of $388,174 and a profit sharing contribution of $921,076, which were allocated among participants eligible to share in the contribution for the plan year. During 2014 the Company made no matching contribution but did make a safe harbor non-elective contribution of $381,359 and a profit sharing contribution of $927,053, which were allocated among participants eligible to share in the contribution for the plan year. The maximum annual addition (allocation of employer contribution, forfeitures and employee contributions) to the participant's account is limited to the lesser of 100% of the individual's salary, or $53,000 in 2015 and $52,000 in 2014.

Participants may contribute through payroll deduction in either a pre-tax deferral or Roth deferral (after-tax) by a specific percentage or dollar amount of the participant's compensation. Employees can contribute up to $18,000 and $17,500 to the Plan annually in 2015 and 2014, respectively. Employees over the age of 50 are allowed an additional $6,000 and $5,500 in 2015 and 2014, respectively, to be deferred based on Internal Revenue regulations. These amounts are treated as tax deferred compensation (if pre-tax deferral elected) and are exempt from federal taxation until they are withdrawn from the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is adjusted by (a) the participant's contribution, (b) allocations of any employer's contributions, and (c) allocations of the Plan's earnings or losses (including any administrative expenses paid by the Plan). Allocations are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(See accompanying financial statements and independent auditors' report)

NOTE 1 - **PLAN DESCRIPTION** (Continued)

SELF-DIRECTED ACCOUNTS

The Plan allows for self-directed accounts which allow participants to invest their account balances in any investment desired within certain specified limitations. Participants are allowed to place investments into self-directed accounts in addition to or in place of the general accounts available through the Plan.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. Interest rates are set by the Plan Administrator upon the date of the loan application based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

VESTING

Participants' contributions, rollover contributions, safe harbor contributions and earnings are fully vested at all times. The Company's matching contributions, profit-sharing contributions and earnings thereon vest as follows:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

FORFEITURES

Any portion of a participant's account which is not vested at the time of termination from the Plan is forfeited immediately at the date of termination. Forfeitures are allocated to participants as part of the Company's annual contribution or utilized for Plan expenses. The participant's balance will be reinstated if the participant returns to service within five years from the original termination date. Forfeitures were $7,000 and $32,318 in 2015 and 2014, respectively.

PAYMENT OF BENEFITS

The Plan provides for distribution of a participant's account upon termination of employment, retirement, death or disability under several options. If the participant's vested interest is greater than $5,000, the participant may choose to receive his benefit in the form of cash, an annuity, or a combination of these. If the vested interest is less than $5,000 then the vested account balance may only be distributed in a single lump-sum payment in cash or in property.

(See accompanying financial statements and independent auditors' report)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles with the applicable accounting requirements of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

BASIS OF ACCOUNTING
The financial statements are prepared on the accrual method of accounting.

USE OF ESTIMATES
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

INVESTMENT VALUATION AND INCOME RECOGNITION
The Plan's investments are stated at fair value. Participants investing in the general Plan can select from a variety of mutual funds offered through the Vanguard platform. The participants invest directly in mutual funds and those funds have quoted market prices which are used to value the investments. Shares or units of partnership interests are valued at the net asset value of shares held by the Plan at year end or based on recent comparable trades within the partnership.

Self-directed brokerage accounts are also stated at fair value using quoted market prices to value investments in publicly traded securities. Shares or units of partnership interests within the self-directed brokerage accounts are valued at the net asset value of shares held by the Plan at year end or based on recent comparable trades within the partnership.

Purchases and sales are recorded on a trade-date basis. Interest and dividend income are recorded on an accrual basis. The change in the unrealized difference between cost and fair value of investments held is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Gains and losses on disposition of investments are recognized at the time of disposition with the amount of gain or loss determined on an average cost basis.

(See accompanying financial statements and independent auditors' report)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

ADMINISTRATIVE EXPENSES
The administrative expenses for the Plan are either paid by the Company or the Plan. The Plan Sponsor pays for expenses related to the audit of the Plan.

BENEFIT PAYMENTS
Benefits are recorded when paid.

PLAN TERMINATION
Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one-hundred-percent (100%) vested in their accounts.

RECLASSIFICATIONS
Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

ACCOUNTING CHANGES
In July 2015, the FASB issued ASU 2015-12 *Plan Accounting: Defined Contribution Pension Plans (Topic 962) Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts (I) and (II) are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part (III) is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Parts I and III are not applicable to this Plan. Part II simplified the fair value hierarchy asset value disclosure to type instead of specific characteristics of the investment. Therefore, instead of reporting the general mutual funds by characteristics, such as: balanced, fixed income, index or other, we simply report the amount of investments in mutual funds and money market investments for the general investments. In addition the self-directed brokerage accounts are shown as one type, instead of by their characteristics and type.

(See accompanying financial statements and independent auditors' report)

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits. The United States generally accepted accounting principles provide a framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan has no level 3 investments in 2015 or 2014.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used.

Common and preferred stocks: Valued at the closing price reported on the active market on which the individual securities are traded (Level 1).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Partnerships: Partnerships that are publicly traded are valued at the closing price reported on the active market on which the individual securities are traded (Level 1). Partnerships privately held and not publicly traded are valued based on their calculated net asset value (NAV) based on the assets and liabilities adjusted to fair market value based on investor published information. Privately held partnerships are treated as (Level 2) based on (NAV).

(See accompanying financial statements and independent auditors' report)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

FAIR VALUE OF FINANCIAL INSTRUMENTS
The carrying amounts of the Plan's financial instruments, including cash, participant notes receivable, employer contributions receivable and employee contributions receivable approximate fair value due to the short maturities of these financial instruments.

NOTE 4 - INVESTMENT CONCENTRATIONS
The general investments are participant directed. The Plan has a high concentration in Vanguard target retirement investments. Investments in the Vanguard target retirement mutual funds totaled $9,278,647 and $15,995,647 at December 31, 2015 and 2014, respectively.

(See accompanying financial statements and independent auditors' report)

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February 15, 2011 that the Plan and related trust are designed in accordance with the Internal Revenue Code (Code) sections 401(a). The letter specifically addressed Plan amendments executed on December 22, 2009, April 15, 2009, June 7, 2006, March 18, 2005, September 1, 2003 and March 20, 2002. The plan has not been amended since the determination by the Internal Revenue Service.

Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing authorizes; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 6 - RELATED PARTY TRANSACTIONS
