BALBOA BAY CLUB
BARGAINING UNIT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 1: Description of Plan

The following description of the Balboa Bay Club Bargaining Unit Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 1993, is a defined contribution plan covering all full-time employees of Balboa Bay Club (the "Company") who are represented by a collective bargaining agreement. Employees who have reached the age of 21 and completed six months of service are eligible for elective deferral into the Plan and may enter the Plan on the first day of the month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986, as amended.

Contributions

Participants may contribute up to 100 percent of their annual wages, as defined by the Plan, up to a maximum amount as prescribed by law. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes to the Plan for each participant at the rate of 29 cents per hour for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, which include participant contributions, rollovers, and related earnings. The nonelective contributions made by the Company and earnings thereon are in accordance with the following vesting schedules set forth in the Plan.

Years of Vesting Service	Percentage Vested
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Note 1: Description of Plan (Continued)

Vesting (Continued)

Company contributions and earnings shall also become 100 percent vested if the Plan is terminated or any of the following events should occur: a participant reaches normal retirement age under the Plan, death, disability of the participant, or the participant reaches age 65 while employed.

Notes Receivable from Participants

Participants are not permitted to borrow against their account balance.

Benefit Payments

Upon termination of employment, a participant may be entitled to a distribution from the Plan, in which the availability of the distribution will depend on the amount of the participant's vested account balance. The participant may elect to take the distribution in any of the following forms: lump-sum payment or transfer, installment payments, or annuity payments. In-service distributions may be permitted for participants who reach 59½ or have eligible financial hardships.

Forfeitures

Forfeitures of the employee's nonvested portion of the Company's contributions are used to reduce future employer's contributions and administrative expenses. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $2,458 and $1,005, respectively. Also, in 2015 employer contributions were reduced by $13,527.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) on of investments.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Note 2: Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

At December 31, 2015 and 2014, the fair value of the Plan's investments in pooled separate accounts is measured using net asset value per share ("NAV") as a practical expedient. Each unit in a pooled separate account invests directly in a unit of the mutual fund. Unit values are calculated based on the observable net asset value of the underlying investment in the mutual funds.

At December 31, 2015 and 2014, the value of the Plan's guaranteed interest contract is measured at contract value, as more fully described in Note 5.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits in net realized and unrealized losses on investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Information Prepared and Certified by Custodian

Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2015 and 2014, and net realized and unrealized losses on investments and interest for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MassMutual.

Note 5: Guaranteed Interest Contract

The Plan entered into a guaranteed interest contract (the "Contract") which is a benefit-responsive investment contract, with MassMutual. MassMutual maintains the contributions in a guaranteed interest account provided through a group annuity contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute to the Contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The average yield earned by the Contract and the crediting interest rate paid to participants was 3.00 percent and 2.32 percent at December 31, 2015 and 2014, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5: Guaranteed Interest Contract (Continued)

Under the Contract, a crediting rate is established for a six-month period of time ("rate period") and all assets invested in the guaranteed interest contract are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. MassMutual assumes market, credit, and interest rate risk for the assets supporting the guaranteed interest contract.

MassMutual re-sets guaranteed interest contract rates semiannually, taking into consideration a number of factors, including the following: (1) investment year method experience of the contract or pool, (2) projected levels of cash flows within the current interest rate environment, and (3) projected maturity of the underlying investments. Generally speaking, the guaranteed interest contract crediting rates will typically show less volatility than current market rates.

Upon full or partial Contract or Plan termination and certain other sponsor-initiated events, distributions from the guaranteed interest contract may be subject to a liquidation value ("market value") adjustment pursuant to a formula specified in the Contract. The market value formula may produce a value that is more or less than the book value of the Plan's investment in the Contract.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 7: Tax Status

The Plan is based on the Non-Standardized Prototype Profit Sharing/401(k) Plan, which received a determination letter from the Internal Revenue Service ("IRS"), dated May 8, 2009, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8: Withdrawn Participants

At December 31, 2015 and 2014, no amounts were allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 9: Party-in-Interest

The investments in pooled separate accounts and the Contract are managed by MassMutual, the custodian; therefore, these investments qualify as party-in-interest transactions.

Note 10: Fidelity Bond

ERISA requires that the Plan be covered by a fidelity bond. The amount of the bond must be equal to the lesser of 10 percent of the funds handled as of the beginning of the year or $500,000. As of January 1, 2015, the Plan met the minimum bonding requirement.

Note 11: Net Asset Value per Share (NAV)

The following table for December 31, 2015, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 464,014	None	Daily	None	None

The following table for December 31, 2014, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 484,050	None	Daily	None	None

Note 12: Differences on the Form 5500

The financial statements have been prepared on the accrual basis as required by generally accepted accounting principles in the United States of America. However, for the years ended December 31, 2015 and 2014, the Form 5500 to be filed with the IRS has been prepared on the cash basis.

Note 12: Differences on the Form 5500 (Continued)

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2015
Net Assets Available for Benefits per the Financial Statements	$ 1,678,821
Less: Participant contributions receivable	(5,878)
Less: Employer contributions receivable	(3,391)
Net Assets Available for Benefits per the Form 5500	$ 1,669,552

The following is a reconciliation of total additions to net assets per the financial statements to the Form 5500 at December 31, 2015:

Additions per the Financial Statements	$ 246,629
Less: Current-year participant contributions receivable	(5,878)
Less: Current-year employer contributions receivable	(3,391)
Less: Rounding	(1)
Additions per the Form 5500	$ 237,359

Note 13: Subsequent Events

The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.
