ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

(1) Description of plan

The following description of the Asurion, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on January 1, 1994 to provide retirement benefits for employees of Asurion, LLC (the "Plan Sponsor"). The Plan covers substantially all employees who have completed 30 days of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2014, National Electronics Warranty, LLC became an adopting employer of the Plan. Assets totaling \$75,198,031 were transferred from the N.E.W. Extended Savings Plan into the Plan on January 10, 2014.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may elect to make after-tax contributions in the form of a Roth 401(k) deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants contributions are permitted up to 100% of compensation.

The Plan Sponsor makes a safe-harbor matching contribution in an amount equal to 100% of each participant's contributions up to 3% of compensation and 50% of the next 2% of compensation contributed to the Plan.

The Plan also provides that the Plan Sponsor may contribute an additional discretionary amount each year as authorized by the Plan Sponsor's Board of Directors; however, an annual discretionary contribution by the Plan Sponsor is not required. No annual discretionary contribution was made by the Plan Sponsor during 2015 or 2014.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Plan Sponsor contributions, investment earnings or losses, and administrative expenses allocable to such participants. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferrals plus actual earnings or losses thereon. Participants are immediately vested in the Plan Sponsor's safe-harbor matching contributions plus actual earnings (losses) thereon. Vesting in additional discretionary Plan Sponsor contributions plus actual earnings (losses) thereon is based on years of continuous service. Participants vest pro-rata and are fully vested after five years of service.

(e) Notes receivable from participants

Each participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. The notes are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 3.25% to 4.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are collected through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump sum payment or installments over a specified period equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary contribution portion of their accounts. Forfeitures may be used to pay plan expenses or may be used to reduce the Plan Sponsor's contributions to the Plan. At December 31, 2015 and 2014, the forfeiture account balance totaled \$100,864 and \$133,369, respectively. During 2015 and 2014, Plan Sponsor contributions were reduced by \$98,143 and \$106,887, respectively, from forfeited nonvested accounts, and the Plan paid certain administrative expenses totaling \$32,791 and \$72,800, respectively, from forfeited nonvested accounts.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the withdrawing participant's vested account balance. Participants are not permitted to defer withholdings for up to six months following a hardship withdrawal.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Expenses of administering the Plan and fees related to notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) New accounting pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *"Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share"* ("ASU 2015-07"), which removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value ("NAV") within the fair value hierarchy table. Instead, the Plan is required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. The Plan Sponsor elected to early adopt ASU 2015-07 as of December 31, 2015, and has applied the provisions retrospectively. The Plan presents the investment disclosure required by this ASU 2015-07 in the fair value hierarchy tables for 2015 and 2014 in Note 4, "Fair Value Measurements".

In July 2015, the FASB issued ASU No. 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient,"* ("ASU 2015-12"), which simplifies the required disclosures related to employee benefit plans.

- Part I is not applicable to the Plan.
- Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type, however plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of Plan asset.
- Part III is not applicable to the Plan.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

The Plan Sponsor elected to early-adopt ASU 2015-12 as of December 31, 2015, and has applied the provisions retrospectively. The Plan Sponsor has eliminated its historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. There were no other impacts on the statements of net assets available for benefits and the statements of changes in net assets available for benefits as of and for the years ended December 31, 2015 and 2014.

The presentation of the collective trust funds for 2014 have been changed to be consistent with the 2015 presentation. The funds are presented using NAV per unit as a practical expedient for the fair value of the investment without presentation of contract value or the difference between fair value and contract value, which was \$83,793 as of December 31, 2014. The change in presentation had no effect on total net assets available for benefits or the change in net assets available for benefits as of and for the year ended December 31, 2014.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2015 and October 14, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by custodian

The following information was certified as by Principal Trust Company, custodian, as of and for the years ended December 31, 2015 and 2014.

	<u>2015</u>	<u>2014</u>
Investments	\$ <u>201,321,378</u>	\$ <u>196,469,036</u>

Net change resulting from investment activity	\$ <u>(1,964,139)</u>	\$ <u>12,248,225</u>
Interest income from notes receivable from participants	\$ <u>206,245</u>	\$ <u>214,106</u>

Notes to the Financial Statements

December 31, 2015 and 2014

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- (i) *Mutual funds*: Valued at the NAV of shares held by the Plan at year end based on quoted market prices in an active market.
- (ii) *Guaranteed interest account*: The non-benefit responsive guaranteed interest account is valued at fair value based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Participant redemptions for termination, death, disability and retirement are made at contract value. If the Plan terminates the contract before the contract matures, the redemption is made at fair value. Contract value approximates fair value.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Fair Value Measurements as of December 31, 2015 using the following inputs

Notes to the Financial Statements

December 31, 2015 and 2014

(5) Income tax status

The Plan Sponsor adopted a prototype 401(k) plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008. The letter stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received an opinion letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC, and the Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party transactions

Certain Plan investments are units of pooled separate accounts, collective trust funds, and a guaranteed interest account managed by Principal Trust Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees of \$420,956 in 2015 and \$295,480 in 2014 were paid by the Plan to Principal Trust Company. The Plan holds notes receivable from participants which also qualify as party-in-interest transactions.

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
