NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF PLAN

The following brief description of the Alliance Beverage Distributing Co., LLC 401(k) Plan 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan covering substantially all nonunion employees of Alliance Beverage Distributing Co., LLC (Alliance), who have completed six months of service and have attained 21 years of age. The board of directors of Alliance controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees may contribute up to 60% of their pretax annual compensation, subject to Internal Revenue Service (IRS) limitations. Alliance has implemented the automatic enrollment safe-harbor whereby employees are automatically enrolled in the Plan at a deferral rate of 3% when they become eligible to participate unless a different deferral rate election is made by the employee. Alliance contributes 100% of the first 1% and 50% of the next 5% of base compensation that a participant contributes to the Plan. Alliance may also make a discretionary nonelective contribution to participant accounts. The amount of the discretionary contribution is determined and approved by Alliance's board of directors, and this contribution is made to all eligible Plan participant accounts whether or not they contribute to the Plan. There were no discretionary contributions made in 2015. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; these additional contributions are ineligible for an employer matching contribution.

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, Alliance's matching and discretionary contributions, and Plan earnings, and charged with withdrawals and Plan losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of service.

(See Independent Auditors' Report)

NOTES TO FINANCIAL STATEMENTS, CONTINUED**

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than Three Years	0%
Three Years or Greater	100%

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$3,703 and \$13,105, respectively. These accounts may be used to reduce future administrative expenses or employer contributions in accordance with Plan documents. In 2015, Alliance contributions were reduced by \$22,800.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in various investment options. Specific information regarding these options may be obtained from the Plan Administrator.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of 50% of their vested balance or \$50,000. Note terms require amortization of principal and interest over a period not to exceed five years. Note used to acquire a principal residence may extend beyond a 5-year term. The notes receivable are collateralized by the balance in the participant's account and bear interest at 7.75%. Notes receivable are repaid through payroll deductions and may be repaid in full at any time.

Administrative Expenses

Certain Plan expenses of the Plan are paid by the Plan through deduction from participant accounts based on individual fees incurred, while the remainder is paid by Alliance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board (FASB). The Codification is the single source of authoritative GAAP in the United States.

(See Independent Auditors' Report)

ALLIANCE BEVERAGE DISTRIBUTING CO., LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

New Accounting Standards

In July 2015, the FASB issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefits Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 7, 2016, the date the financial statements were available to be issued.

Risk and Uncertainties

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit and overall volatility. Due to

(See Independent Auditors' Report)

ALLIANCE BEVERAGE DISTRIBUTING CO., LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments

Investments are stated at fair value. See Note 5 for a discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are carried at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

3. PLAN TERMINATION

Although it has not expressed any intention to do so, Alliance has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments were held by the Trustee, Fidelity Management Trust Company, at December 31, 2015 and 2014. Financial information related to Plan investments is included in the accompanying financial statements based on information provided by the Trustee. That information, which has not been audited by independent auditors, is summarized below:

	<u>2015</u>	<u>2014</u>
Money Market and Mutual Funds	\$35,461,795	\$36,449,007

During 2015, certified investment income (loss) consisted of the following:

Interest and Dividends	\$ 1,611,422
Net Depreciation in Fair Value of Investments	(920,365)

5. VALUATION OF INVESTMENTS

The Fair Value Measurements and Disclosures Topic of the Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015.

Money Market and Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market. These assets are classified as Level 1 within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. TAX STATUS

The Plan adopted a volume submitter plan document sponsored by Fidelity Management and Research Co. The volume submitter plan received an opinion letter from the Internal Revenue Service, dated March 31, 2014, which states the volume submitter plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since the date of the determination letter. The Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator has concluded that there were no uncertain tax positions taken as of December 31, 2015.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments were managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions. The Plan pays investment management and recordkeeping fees to parties-in-interest. The Plan paid \$8,746 to parties-in-interest for the year ended December 31, 2015. These parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

In addition, administrative fees were paid indirectly through revenue sharing and are included in the change in fair value of investments.

To Plan Administrator of
Alliance Beverage Distributing Co., LLC 401(k) Plan

We have conducted a DOL limited scope audit of the financial statements of Alliance Beverage Distributing Co., LLC 401(k) Plan (Plan) for the year ended December 31, 2015 and issued our report thereon dated October 7, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we communicate to you the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As part of our audit, we considered the internal control of the Plan, except that we did not, as part of the scope limitation discussed in the first paragraph, include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Our responsibility for the supplemental information accompanying the financial statements was to perform adequate procedures to evaluate whether the form and content of the supplemental information, other than that derived from the information certified by the Trustee, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, during 2015, the Plan adopted certain provisions in Accounting Standards Update 2015-12. The accounting change has been applied retrospectively to all periods presented. We noted no transactions entered into by the Plan

during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transactions occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 7, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

In addition, during our audit, we noted certain matters involving the internal control and other operational matters that are presented for your consideration. These matters do not affect our report dated October 7, 2016 on the financial statements of the Plan. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss these comments in further detail at your convenience, perform an additional study of these matters, or assist you in implementing the recommendations. Our comments are summarized as follows:

There were several instances of employee deferrals not remitted timely to the Plan. Internal controls should be established to ensure employee deferrals are remitted timely. The Plan Sponsor has corrected these contributions during the year.

The employer matching contribution was not calculated correctly for certain participants that reached the maximum contribution limit during the year. We recommend the Plan Sponsor establish procedures to ensure matching contributions are calculated correctly and reviewed by appropriate personnel.

Certain participants were not automatically enrolled in accordance with the provisions of the Plan Document. We recommend the Plan Sponsor establish procedures to ensure eligible participants are automatically enrolled in the Plan. The Plan Sponsor is in the process of making corrective contributions for the affected participants.

This information is intended solely for the use of the Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.
