Independent Auditor's Report

To the Administrator of the Huntington Bancshares Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Huntington Bancshares Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2015 Financial Statements

Our responsibility is to express an opinion on the 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements.

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by The Huntington National Bank, the trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matters

2014 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2014 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by The Huntington National Bank, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. Their report, dated June 26, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis of an audit opinion and accordingly, they did not express an opinion on the 2014 financial statements and (b) the form and content of the information included in the 2014 financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Supplementary Information

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2015 and Schedule of Reportable Transactions for the year ended December 31, 2015 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

General — The Huntington Bancshares Retirement Plan (the "Plan") is a noncontributory defined benefit pension plan that covers eligible employees of Huntington Bancshares Incorporated ("Huntington") and its subsidiaries. Huntington has agreed to voluntarily contribute such amounts as are required by the Internal Revenue Code (the "Code") and the Employee Retirement Income Security Act of 1974 (ERISA) to provide assets sufficient to meet the benefits to be paid to Plan participants. Huntington has the right under the Plan to amend and/or terminate the Plan.

Administration — The Plan administrator is Huntington. Administration of the Plan has been delegated by the Plan administrator to a committee of employees appointed by the Huntington Board of Directors. The Plan's trustee is the Huntington National Bank, Huntington's wholly owned bank subsidiary (the "Plan trustee"). The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the provisions of ERISA, as amended.

Funding — The funding policy is to contribute annually an amount at least equal to the minimum funding requirement under Code Section 412. The Plan also operates in compliance with the minimum funding requirements of ERISA. In 2015 and 2014, Huntington was not required to make a minimum contribution to the Plan.

Vesting — Participants' accrued benefits are 100% vested upon completion of five years of service.

Benefits Payments — Payments may be made upon termination of employment, retirement, death or disability. Participants with five or more years of vested service, as defined by the Plan, are entitled to annual pension benefits beginning at the normal retirement age (age 65). The Plan permits a reduced monthly benefit at age 55 with 10 years of vested service. Benefits paid to participants are based on a mathematical formula that considers length of service, retirement age, and compensation received. Participants may elect to receive benefit payments monthly or, under certain defined circumstances, in a lump sum. Payments as a result of death or disability are permitted, subject to provisions of the Plan.

Plan Amendments — From time to time, the Plan has been amended and restated. Effective January 1, 2015, the Plan was amended and restated in accordance with the IRS cycle "E" program. No substantive changes were made to the Plan. On July 17, 2013, the Board of Directors approved and Huntington authorized an amendment to the terms of the Plan to accomplish various benefit changes, including cessation of all future benefit accruals under the Plan after December 31, 2013.

Termination of the Plan — Pursuant to the Plan document, Huntington may terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA and the Code. In the event of termination of the Plan, the assets of the Plan shall be set aside for distribution to participants and beneficiaries, to the extent sufficient, as follows: first, for the payment of vested benefits, as defined, of (1) retired participants and terminated vested participants and (2) active participants; second, for the payment of benefits to the limit provided by the Pension Benefit Guaranty Corporation (PBGC); and third, for all other benefits under the Plan. Also, the PBGC guarantees payment of all nonforfeitable basic benefits, subject to certain limitations prescribed by ERISA. If the Plan is terminated following a change in control of Huntington, excess Plan assets may be distributed to participants.

For further information about the Plan agreement, the vesting and benefit provisions, and the PBGC's benefit guarantee, participants should refer to the Plan document and summary plan description.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation — The financial statements of the Plan are presented on the accrual basis and are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). In preparing these financial statements, subsequent events were evaluated through September 28, 2016, the date the financial statements were available to be issued. Financial statements are considered issued when they are widely distributed to all shareholders and other financial statement users. In conjunction with applicable accounting standards, all material subsequent events have been either recognized in the financial statements or disclosed in the notes to financial statements.

Risks and Uncertainties — The Plan invests in various investment securities. Investment securities in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and accumulated plan benefits at the date of the financial statements, and the reported amount of additions and deductions to net assets available for benefits and changes in accumulated plan benefits during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements — Investments are stated at fair value. Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. See Note 9 for description of valuation methods.

Purchases and sales of the investments of the Plan are recorded on the trade date.

Income Recognition — Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits — Benefit payments to participants are recorded upon distribution.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan as provided in the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits. The Plan sponsor provides accounting and other administrative services to the Plan at no charge.

Accumulated Plan Benefits — Accumulated plan benefits under the Plan's provisions, as described in Note 4, are those estimated future periodic payments, including lump-sum distributions, that are attributable to services rendered by the employees up to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits payable under all circumstances — retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered up to the valuation date.

3. ACCOUNTING STANDARDS UPDATE

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (ASU 2015-12). The guidance amends the requirements so that fully benefit-responsive investment contracts will be measured, presented, and disclosed only at contract value. The guidance also eliminates the requirement to disclose certain individual investments and simplifies the level of disaggregation of investments that are measured using fair value. The amendments in ASU 2015-12 applicable to the Plan are effective retrospectively for the fiscal year starting after December 15, 2015. The Plan does not expect the adoption of Part I of the update will have a material impact on the financial statements. The Plan is currently assessing the impact of adopting Parts II and III of the update on the financial statements.

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Affects Investment Disclosures for Reporting Entities Using Net Asset Value per Share (or Its Equivalent). The guidance modifies the disclosure requirements for certain investments in the Plan's financial statements. The amendments in ASU 2015-07 applicable to the Plan are effective retrospectively for the fiscal year starting after December 15, 2016. The Plan is currently assessing the impact of the Update on the financial statements.

4. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plan’s provisions to the employees’ compensation and services employees have rendered as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries and (2) present employees or their beneficiaries. Benefits payable as a result of retirement, death, disability or termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by independent actuaries. The amount results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Actuarial Present Value Benefit Calculations — The actuarial present value of accumulated plan benefits as of January 1, 2015, the most recent valuation date, is as follows:

Vested benefits:		
Participants currently receiving payments	$	192,127,498
Other participants		439,189,087
Total vested benefits		631,316,585
Nonvested benefits		8,845,826
Actuarial present value of accumulated plan benefits	$	640,162,411

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year beginning January 1, 2014, are as follows:

Actuarial present value of accumulated plan benefits at January 1, 2014	$	610,491,403
Increase (decrease) during the year attributable to:		
Benefits accumulated		(795,066)
Increase for interest due to decrease in discount period		38,262,365
Benefits paid		(39,955,220)
Change in actuarial assumptions		32,158,929
Actuarial present value of accumulated plan benefits at January 1, 2015	$	640,162,411

Actuarial Present Value Benefit Calculation Assumptions — The actuarial cost method used in the benefits calculation is the projected unit credit method. Significant assumptions underlying the actuarial computations are as follows:

Assumed rate of return on investments	6.00% and 6.50% compounded annually for 2015 and 2014, respectively.
Mortality basis	For 2015, RP2014 separate white collar annuitant and non-annuitant generational mortality tables backed off to 2006 and projected forward using the MP2015 projection scale. For 2014, RP2000 Mortality Table projected to 2021 for sex distinct combined healthy white collar.
Retirement	Rates based on age. For terminated vested participants and post-2009 disabled participants, the assumed retirement age is either 59 or 65 depending on eligibility for early retirement. For pre-2010 disabled participants, the assumed pre-2010 disabled participants, the assumed retirement age is 65.

These actuarial assumptions are based on the presumption that the Plan will continue. In the event of Plan termination, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5. INCOME TAXES

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated August 27, 2003, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended and restated since receiving the determination letter. The restated Plan document was submitted to the IRS in January 2011. Huntington believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the evaluation of tax positions taken by the Plan and recognition of a tax liability if the Plan has taken an uncertain tax position that is not more likely than not to be sustained upon examination by the IRS. Huntington, on behalf of the Plan, has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2015 and 2014, and for the years then ended included in the Plan's financial statements, notes to financial statements, and supplemental schedules that was prepared by, or derived from, information prepared by the Plan trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Plan trustee that such information is complete and accurate.

	2015	2014
Statements of net assets available for benefits:		
Investments:		
Mutual funds	$ 190,837,949	$ 242,686,609
Corporate obligations	202,806,040	215,835,709

Total net (depreciation) appreciation in fair value of investments (1)	(34,167,374)	13,934,705
Interest (2)	11,111,595	10,903,239

(1) The value certified by the Plan trustee, as shown here, is based on results prior to December 31, 2015. To conform with fair value accounting, the statements of net assets available for benefits and the statements of changes in net assets available for benefits has been adjusted to fair value at December 31, 2015 and 2014. See Note 9 for further information.

(2) The values certified by the Plan trustee are accounted for on a cash basis, and to conform with accrual basis accounting, the statements of net assets available for benefits and statements of changes in net assets available for benefits has been adjusted at December 31, 2015 and 2014. See Note 1 for further information.

7. EXEMPT PARTIES-IN-INTEREST TRANSACTIONS

There were no party-in-interest investments at December 31, 2015. The Plan, at December 31, 2014, held the following party-in-interest investments (at fair value):

	2015	2014
Mutual Funds:		
Huntington Dividend Capture Fund	$ —	$ 22,340,900
Huntington Treasury Money Market Fund	—	16,136,004
Huntington Situs Fund	—	15,579,406
Total mutual funds	$ —	$ 54,056,310

Parties-in-interest are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. In addition to the investments outlined above, Plan transactions with parties in interest during the years ended December 31, 2015 and 2014, were as follows:

Identity	Relationship	2015	2014
Pension Benefit Guarantee Corporation	Insurance Provider	$ 2,829,162	$ 803,537
Mercer Human Resource Consultants	Actuary	569,498	734,301

Findley Davies	Consultant	10,340	—
Total administrative expenses		$ 3,594,098	$ 1,801,138

On behalf of the Plan, Huntington paid professional fees for administration, asset custody, the audit of the Plan, and certain other services.

8. INVESTMENTS

At December 31, 2015 and 2014, the Plan trustee held all Plan investment assets.

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2015 and 2014, are as follows:

	2015	2014
Federated International Leaders Fund	$ 57,854,045	$ 56,980,518
Harbor International Fund	55,081,340	47,478,899
Goldman Sachs High Yield Fund - Institutional	32,705,634	N.A.

N.A., not applicable. The fair value did not represent five percent or more of the Plan's net assets available for benefits.

The Plan's investments (including investments purchased, sold, and held during the year) appreciated (depreciated) in fair value during the years ended December 31, 2015 and 2014, as follows:

	2015	2014
Net change in fair value of investments:		
Equity mutual funds	$ (13,081,673)	$ (19,139,002)
Huntington Bancshares Incorporated common stock	—	(1,448)
Other common stock	541,486	5,324,690
Fixed income mutual funds	(3,860,429)	(2,689,649)

Limited partnership	2,842,204	80,458
Total net change in fair value	$ (32,268,627)	$ 14,015,164

9. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. The mutual funds held by the Plan are actively traded. Corporate obligations and U.S. government securities are valued using unadjusted quoted prices from active markets for identical assets. Common stock is valued using the year-end closing price as determined by a national securities exchange. The investment in the limited partnership is reported at fair value as determined by the general partners of each limited partnership, based on their proportionate share of the partnership's fair value as recorded in the partnership's audited financial statements.

Balance, end of year	$ 8,478,456	$ 2,991,038

The Partnership interest represents ownership interest in a private equity fund. The fair value of this investment is referenced to the fund's underlying assets, which are principally equity securities of private businesses. The value of interest held in limited partnership is determined by the general partner.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, transfers are reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers between levels for the years ended December 31, 2015 and 2014.

Commitments — The Plan has made investment commitments to the limited partnership for approximately $10,000,000. There were approximately $4,000,000 and $7,000,000 in unfunded commitments to the limited partnership at December 31, 2015 and 2014, respectively.

Rationale for Economic Assumptions

- **Discount rate sponsor elections for funding –** Given the segment rate and look-back elections made by the plan sponsor, the stabilized and non-stabilized rates are prescribed by IRC Section 430 and relevant regulations.
- **417(e) lump sums for funding –** These are the IRC Section 430 prescribed rates and IRC 417(e) mortality tables. The valuation methodology is prescribed by the IRS.
- **Inflation –** Based on a long-term view of inflation using capital market assumptions published in Mercer Investment Consulting's *Capital Market Outlook*.
- **Expected investment return for funding –** The expected investment return is based on the median (50th percentile) simulated investment return using capital market assumptions published in Mercer Investment Consulting's *Capital Market Outlook* for the plan's target asset mix, net of an adjustment of 20 basis points for investment expenses assumed to be paid from plan assets.
- **Expenses –** Expenses are based on year-by-year experience for actual administrative expenses paid from plan assets. Adjustments are made for any known significant changes.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Rationale for Demographic Assumptions

- **Withdrawal –** Termination rates were developed based on an experience study undertaken in 2011 using data from 2005 through 2010. The assumption is reviewed annually for reasonability and annual review has shown that this table produces a reasonable approximation of the rates of termination expected to be experienced by the plan.
- **Disability incidence –** The disability incidence table is based on the Conference of Consulting Actuaries 1985 Pension Disability Study Class 1 rates multiplied by 60% because the plan's disability requirements are less stringent than Social Security Disability, which was the basis of the 1985 study.
- **Retirement age –** The retirement rates are based on an experience study undertaken in 2011 using data from 2005 through 2010 with the expectation that the future retirement patterns and circumstances of the employer will not differ significantly from the period studied.
- **Benefit commencement age –** The benefit commencement ages are based on an experience study undertaken in 2011 using data from 2005 through 2010. The expectation is that the future age at which benefit commencement occurs will not differ significantly from the period studied.
- **Spouse assumptions –** The assumption regarding percent married is based on the plan provision that allows a death benefit to all participants regardless of marital status. The assumption regarding spouse age difference at benefit commencement is based on the actuary's experience with many plans.
- **Forms of payment –** The assumptions regarding the form of payment are reviewed annually for experience. The current assumption is supported by actual experience of the plan using data since 2004.
- **Mortality for funding –** Given the mortality election made by the plan sponsor, the mortality rates are prescribed by IRC Section 430 and relevant regulations.

Actuarial Methods for Funding

Asset Methods

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, line 24 — Change in Actuarial Assumptions

- Interest rates and mortality rates (including lump sums) were updated from 2014 to 2015 in accordance with PPA.
- The expense component of normal cost increased from $1,740,000 to $1,830,000 to reflect our expectations for the current plan year.
- The expected investment return decreased from 6.50% for 2014 to 6.00% for 2015 to reflect our expectation for the current plan year.
- The inflation assumption was reduced to 2.20% per year to account for changes in market conditions.
- For the 10% who are assumed to elect a joint and survivor benefit, the form of payment assumption for active retirements, future disabled and future vested deferred participants was updated from 75% joint & survivor annuity to 100% joint & survivor annuity based on plan experience.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Rationale for Economic Assumptions

- **Discount rate sponsor elections for funding** – Given the segment rate and look-back elections made by the plan sponsor, the stabilized and non-stabilized rates are prescribed by IRC Section 430 and relevant regulations.
- **417(e) lump sums for funding** – These are the IRC Section 430 prescribed rates and IRC 417(e) mortality tables. The valuation methodology is prescribed by the IRS.
- **Inflation** – Based on a long-term view of inflation using capital market assumptions published in Mercer Investment Consulting's *Capital Market Outlook*.
- **Expected investment return for funding** – The expected investment return is based on the median (50th percentile) simulated investment return using capital market assumptions published in Mercer Investment Consulting's *Capital Market Outlook* for the plan's target asset mix, net of an adjustment of 20 basis points for investment expenses assumed to be paid from plan assets.
- **Expenses** – Expenses are based on year-by-year experience for actual administrative expenses paid from plan assets. Adjustments are made for any known significant changes.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Rationale for Demographic Assumptions

- **Withdrawal** – Termination rates were developed based on an experience study undertaken in 2011 using data from 2005 through 2010. The assumption is reviewed annually for reasonability and annual review has shown that this table produces a reasonable approximation of the rates of termination expected to be experienced by the plan.
- **Disability incidence** – The disability incidence table is based on the Conference of Consulting Actuaries 1985 Pension Disability Study Class 1 rates multiplied by 60% because the plan's disability requirements are less stringent than Social Security Disability, which was the basis of the 1985 study.
- **Retirement age** – The retirement rates are based on an experience study undertaken in 2011 using data from 2005 through 2010 with the expectation that the future retirement patterns and circumstances of the employer will not differ significantly from the period studied.
- **Benefit commencement age** – The benefit commencement ages are based on an experience study undertaken in 2011 using data from 2005 through 2010. The expectation is that the future age at which benefit commencement occurs will not differ significantly from the period studied.
- **Spouse assumptions** – The assumption regarding percent married is based on the plan provision that allows a death benefit to all participants regardless of marital status. The assumption regarding spouse age difference at benefit commencement is based on the actuary's experience with many plans.
- **Forms of payment** – The assumptions regarding the form of payment are reviewed annually for experience. The current assumption is supported by actual experience of the plan using data since 2004.
- **Mortality for funding** – Given the mortality election made by the plan sponsor, the mortality rates are prescribed by IRC Section 430 and relevant regulations.

Actuarial Methods for Funding

Asset Methods

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Most recent amendment	Last amended effective December 31, 2013.
Status of the plan	The plan has ongoing benefit accruals (prior to December 31, 2013) for participants hired prior to January 1, 2010. New employees hired on or after January 1, 2010 are not eligible to participate in the plan. Rehires on or after January 1, 2010 will continue to earn Service for vesting purposes for the prior benefit earned, but will not earn any additional benefits. Effective December 31, 2013, the plan is frozen and no participants will earn benefits in the plan in future years. Colleagues will continue to earn Service for vesting purposes after December 31, 2013.
Significant events that occurred during the year	To the best of our knowledge, there were no significant events in 2015.
Definitions	
• Participation	Any Employee shall become a Participant on the January 1 or July 1 following the later of his completion of one (1) year of Continuous Employment and his twenty-first (21) birthday. Effective December 31, 2009, the plan is frozen to new entrants such that no colleagues hired on or after January 1, 2010 will be permitted to enter the plan. Colleagues rehired on or after January 1, 2010 will continue to earn Service for vesting purposes for the prior benefit earned, but will not earn any additional benefits.
• Employee contributions	None

Schedule SB, Part V — Summary of Plan Provisions

• Service considered	A Participant's Service and Credited Service are his latest period of continuous employment with the employer. Credited Service is frozen effective December 31, 2013.
• Monthly compensation	For pay earned prior to January 1, 2000, Participant's compensation is his salary, excluding bonuses, overtime pay, and other irregular payments. For pay earned after December 31, 1999, a Participant's compensation is his base salary plus 50% of short-term bonuses and overtime pay. Compensation is limited as described in section 401(a)(17) of the Internal Revenue Code.
• Final average compensation	The average monthly compensation during the highest five consecutive Plan years. Final average compensation is frozen effective December 31, 2013.
Normal retirement	
• Eligibility	A Participant may retire upon attainment of the later of age 65 or five (5) years of service.
• Benefit	A monthly benefit payable for life of the Participant equal to (1) + (2) + (3) + (4) + (5) + (6) + (7) 1. For service prior to July 1, 1999, 1.25% of Final Average Compensation times years of Credited Service not in excess of 25 years. The 1.25% increases to 1.30% for Participants born in 1938 to 1954 and 1.35% for Participants born after 1954. 2. For service prior to July 1, 1999, 0.75% of Final Average Compensation in excess of Covered Compensation times years of Credited Service not in excess of 25 years. The 0.75% decreases to 0.70% for Participants born in 1938 to 1954 and to 0.65% for Participants born after 1954. 3. For service between June 30, 1999 and December 31, 2009, 1.00% of Final Average Compensation times years of Credited Service not in excess of 25 years (including years in part (1) above). 4. For service between June 30, 1999 and December 31, 2009, 0.65% of Final Average Compensation in excess of Covered Compensation times years of Credited Service not in excess of 25 years (including years in part (2) above). 5. For service prior to January 1, 2010, 1.00% of the Participant's Final Average Compensation multiplied by his Credited Service in excess of 25 years up to 15 additional years. 6. For service between December 31, 2009 and December 31, 2013, 1.00% of the Participant's Monthly Compensation, up to a total of 40 years of service (40-year limitation on years of Credited Service includes years in part (1) through (5) above). 7. The participant's frozen merged plan benefit calculated as the frozen benefit using the terms of the merged plan. Such merged benefit will be added to the benefit determined above which will use credited service after the merger date. No benefits will be earned in the plan after December 31, 2013.

Schedule SB, Part V — Summary of Plan Provisions

Early retirement

- Eligibility: A Participant may retire early upon attainment of age 55 and ten (10) years of Service.

- Benefit: The portion of the Accrued Retirement Pension from (1), (3) and (5) reduced prior to Normal Retirement by the Part A factors in the table below and the portion from (2), (4) and (6) reduced prior to Normal Retirement by the Part B factors in the table below. The factors used for (7) will be based on similar accrual-based concepts.

Early Retirement Reduction table

If payment starts at age:	Part A factors	Part B factors
64	0.97	0.92
63	0.94	0.84
62	0.91	0.76
61	0.88	0.71
60	0.85	0.66
59	0.82	0.63
58	0.79	0.60
57	0.76	0.56
56	0.73	0.52
55	0.70	0.48

Late retirement

- Eligibility: A Participant working beyond his Normal Retirement Date is entitled to a late retirement benefit.

- Benefit: The benefit beginning at his actual retirement date computed as if his Normal Retirement Date were his actual retirement date.

Deferred vested

- Eligibility: After 5 years of Service, the Participant is entitled to 100% of the accrued pension.

- Benefit: The monthly pension computed according to the formula for normal retirement with compensation and Credited Service for benefit accrual purposes stopping at the termination of employment or December 31, 2013, if earlier. If the benefit commences early (a Participant must attain age 55 and have ten (10) years of service to do so), the same factors shown under the early retirement benefit above are used to determine the benefit.

Schedule SB, Part V — Summary of Plan Provisions

Disability	
• Eligibility	Determination of total and permanent disability under any long term disability program sponsored by the Bank. The Normal Retirement Benefit as of the date of disability will be payable at age 65. If the participant is eligible to retire at the date of disability, benefits may commence immediately under the provisions for early, normal or late retirement, as applicable. Participants who became disabled prior to January 1, 2010, continue to accrue benefits during the period of disability until age 65 or December 31, 2013, if earlier, according to the benefit formula. At age 65, the Participant will receive a full normal retirement pension determined as of age 65 or December 31, 2013, if earlier.
• Benefit	Credited Service will continue to be granted during the period of disability, for those Participants who became disabled prior to January 1, 2010, until age 65 or December 31, 2013, if earlier. At age 65, the Participant will receive a full normal retirement pension determined as of age 65 or December 31, 2013, if earlier.
Pre-retirement death	
• Eligibility	On the death of any Participant who has not yet retired and who has a vested benefit under the Plan, a pension will become payable to the Participant's spouse or other elected beneficiary as of the date of the Participant's death.
• Benefit	The monthly pension payable for the life of the spouse or other elected beneficiary is 50% of the monthly pension the Participant would have received under the qualified joint and survivor pension assuming that benefits commence following the later of the date of the death or the Participant's earliest retirement age. A non-spouse beneficiary must receive the pre-retirement death benefit in the form of a lump sum payment. The spouse may elect a lump sum or a monthly life annuity.
Form of benefits	
• Automatic form for unmarried participants	Single Life Annuity
• Automatic form for married participants	50% Joint and Survivor Annuity
• Optional forms	• 50%, 75%, 100% Joint and Survivor Annuity • Single Life Annuity • 5-year and 10-year Certain and Life Annuity • Unlimited lump sum for those who retire or terminate from active status; a 45 day window for lump sum payment is offered to participants. After 45 days, the right to the lump sum is forfeited unless the value was less than $10,000 when originally calculated.
• Optional form conversion factors	417(e) assumptions for lump sums using interest rates for the month of August immediately preceding the first day of the plan year; 7.50% and RP2000 projected to 2015 (70% female/30% male) for all other payment forms.

Schedule SB, Part V — Summary of Plan Provisions

Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2013, the limit was $255,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2015, the limit is $210,000.
• Administration	Plan sponsor
• Funding medium	Trust

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through December 31, 2013, are included in this valuation.

- **Most recent plan amendments included:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Plan amendments excluded:** None
- **Late retirement increases:**
  - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation does not include increases for current participants over age 70½. There is only a small portion of the population for which this applies.
  - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Sections 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding

Additional Benefits Included or Excluded

- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions

- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

Maximum benefit amounts under IRS rules were updated from 2014 to 2015.

Schedule SB, line 24 — Change in Actuarial Assumptions

- Interest rates and mortality rates (including lump sums) were updated from 2014 to 2015 in accordance with PPA.
- The expense component of normal cost increased from $1,740,000 to $1,830,000 to reflect our expectations for the current plan year.
- The expected investment return decreased from 6.50% for 2014 to 6.00% for 2015 to reflect our expectation for the current plan year.
- The inflation assumption was reduced to 2.20% per year to account for changes in market conditions.
- For the 10% who are assumed to elect a joint and survivor benefit, the form of payment assumption for active retirements, future disabled and future vested deferred participants was updated from 75% joint & survivor annuity to 100% joint & survivor annuity based on plan experience.

Schedule SB, Part V — Summary of Plan Provisions

Disability	
• Eligibility	Determination of total and permanent disability under any long term disability program sponsored by the Bank. The Normal Retirement Benefit as of the date of disability will be payable at age 65. If the participant is eligible to retire at the date of disability, benefits may commence immediately under the provisions for early, normal or late retirement, as applicable. Participants who became disabled prior to January 1, 2010, continue to accrue benefits during the period of disability until age 65 or December 31, 2013, if earlier, according to the benefit formula. At age 65, the Participant will receive a full normal retirement pension determined as of age 65 or December 31, 2013, if earlier.
• Benefit	Credited Service will continue to be granted during the period of disability, for those Participants who became disabled prior to January 1, 2010, until age 65 or December 31, 2013, if earlier. Pre-retirement death	
• Eligibility	On the death of any Participant who has not yet retired and who has a vested benefit under the Plan, a pension will become payable to the Participant's spouse or other elected beneficiary as of the date of the Participant's death.
• Benefit	The monthly pension payable for the life of the spouse or other elected beneficiary is 50% of the monthly pension the Participant would have received under the qualified joint and survivor pension assuming that benefits commence following the later of the date of the death or the Participant's earliest retirement age. A non-spouse beneficiary must receive the pre-retirement death benefit in the form of a lump sum payment. The spouse may elect a lump sum or a monthly life annuity.
Form of benefits	
• Automatic form for unmarried participants	Single Life Annuity
• Automatic form for married participants	50% Joint and Survivor Annuity
• Optional forms	• 50%, 75%, 100% Joint and Survivor Annuity • Single Life Annuity • 5-year and 10-year Certain and Life Annuity • Unlimited lump sum for those who retire or terminate from active status; a 45 day window for lump sum payment is offered to participants. After 45 days, the right to the lump sum is forfeited unless the value was less than $10,000 when originally calculated.
• Optional form conversion factors	417(e) assumptions for lump sums using interest rates for the month of August immediately preceding the first day of the plan year; 7.50% and RP2000 projected to 2015 (70% female/30% male) for all other payment forms.

Schedule SB, Part V — Summary of Plan Provisions

Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2013, the limit was $255,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2015, the limit is $210,000.
• Administration	Plan sponsor
• Funding medium	Trust

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through December 31, 2013, are included in this valuation.

- **Most recent plan amendments included:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Plan amendments excluded:** None
- **Late retirement increases:**
  - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation does not include increases for current participants over age 70½. There is only a small portion of the population for which this applies.
  - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Sections 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding

Additional Benefits Included or Excluded

- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions

- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

Maximum benefit amounts under IRS rules were updated from 2014 to 2015.
