General

The Plan, amended and restated as of January 1, 2015, is a defined contribution plan covering all eligible employees of National Lime & Stone Company (the Company and Plan Administrator), as defined in the Plan document.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account. All contributions and earnings are invested among the mutual funds and common/collective trusts offered by the Plan at the direction of the participant.

Notes Receivable from Participants

Participants may borrow their accounts a minimum of $1,000 up to the lesser of $50,000, reduced by the excess, if any, of the highest outstanding balance of any other loans from the Plan during the preceding twelve-month period, or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions.

Contributions

Participants may elect to defer up to 100% of their annual compensation, as defined in the Plan document. The Company contributes 50% of the first 6% of base compensation for certain eligible participants contributing to the Plan. The Company may also make discretionary contributions to certain eligible participants. Participants may also contribute amounts representing distributions from other qualified plans.

Note 1 – Description of Plan (continued)

Payment of Benefits

Participants are eligible to retire at age 65. Upon termination of employment a participant's account is payable by lump sum or annuity, as defined by the Plan document. Participants are eligible for in-service distributions upon attainment of age 59 ½.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Company discretionary contributions and company match contributions, plus actual earnings (losses) thereon, are immediately vested for certain eligible participants, and vest based on years of continuous service for other participants, as defined in the Plan document. A participant is 100% vested in all contributions after six years of credited service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. If the participant is reemployed before incurring five consecutive one-year breaks in service, the Plan must reinstate the participant's nonvested accumulated benefits in his or her account balance under certain circumstances as defined in the Plan. Forfeitures used to reduce the Company's contributions were $11,576 and $0, during 2015 and 2014, respectively. At December 31, 2015 and 2014, respectively, the forfeited account balance totaled $3,035 and $11,361.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Administrative Expenses

Fees paid by the Plan for legal, accounting, trustee, and other costs of administering the Plan were rendered by parties in interest to the Plan.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used. The Plan's Investments are held by Charles Schwab Bank (the Trustee).

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value.

Common/collective trust funds (CCTs) represent investments with various investment managers. Units held in CCTs, including stable value funds, are fair valued at the net asset value (NAV). The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent outstanding loans and are measured at their unpaid principal balance plus accrued interest.

Note 2 – Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that could affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. For nonpublic business entities, ASU 2015-07 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and should be applied retrospectively. The Plan has elected to early adopt ASU 2015-07, which only impacts financial statement disclosures. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

In July 2015, FASB issued ASU 2015-12, *Amendments to Plan Accounting*, under Topics 960, 962, and 965. The ASU affects fully benefit-responsive investment contracts and plan investment disclosures. The ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Contract value is considered relevant because that is the amount at which plan participants would transact. The ASU eliminates the measurement and presentation of fair value disclosures for fully benefit-responsive investment contracts. The ASU also eliminates the requirement for an entity to disclose: individual investments that represent 5% or more of net assets available for benefits; the net appreciation or depreciation for investments by general type; and disaggregated investment information based on nature, characteristics and risks under Topic 820. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and should be applied retrospectively. The Plan has elected to early adopt part (ii) of ASU 2015-12. Parts (i) and (iii) are not applicable to this Plan.

Reclassifications

Certain 2014 amounts have been reclassified to conform to the 2015 presentation.

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, net appreciation (depreciation) of investments, and interest and dividends for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

Note 4 – Fair Value Measurement

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of December 31, 2015 and 2014. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Note 4 – Fair Value Measurement (continued)

	Investments at Fair Value as of December 31, 2015	
	Level 1	Total
Mutual Funds	$ 20,861,912	$ 20,861,912

Note 5 – Restrictions on Net Assets

The following table sets forth a summary of the Plan's investments with redemption restrictions for December 31, 2015 and 2014:

	Type of Withdrawal	Redemption Frequency	Redemption Notice Period
Mellon Stable Value Fund of The Bank of New York Mellon	Participant withdrawals	Daily	None
	Transfers to other funds	Daily	None
	Terminated participation in the fund	Daily, within 12 months following date of notification	Up to 12 months

Note 6 – Income Tax Status

The Internal Revenue Service ruled on June 19, 2014 that the Prototype Non-standardized Profit Sharing Plan with CODA (the prototype plan of Schwab Retirement Plan Services Inc. upon which the Plan is based) qualifies under Section 401 of the Internal Revenue Code (IRC) and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Subsequent Events

Management has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued, and determined that no events have occurred that require recognition or disclosure.
