HAMILTON SAFE GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Hamilton Safe Group (“Company”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

1. General

The Plan was established and was effective January 1, 2013. The Plan is a defined contribution plan merging the assets of Hamilton Security Products Co. Profit Sharing Plan; Hamilton Systems, Inc. Profit Sharing Plan; A/W Industries, Inc. Profit Sharing Plan; Hamilton Air Products Profit Sharing Plan; Hamilton Products Group Profit Sharing Plan; Hamilton Safe Company Profit Sharing Plan; and K/H Enterprises, Inc. Profit Sharing Plan. On January 2, 2014, the Plan was amended to allow the transfer of the account balances of the Gunnebo Entrance Control, Inc. 401(k) Plan into the Plan. On January 2, 2014, approximately \$1 million of assets were transferred into the Plan. The Plan covers all full-time employees of the Company who have 90 days of service and are age nineteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

2. Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s safe harbor contribution, (b) discretionary non-elective contribution, (c) an allocation of plan earnings (losses), (d) plan forfeitures and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

3. Contributions

Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pre-tax basis as an elective deferral. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are subject to certain statutory limitations.

The Plan is a “safe harbor 401(k) plan”. The Company contribution will be made in an amount equal to 3% of each participant’s compensation. This contribution is 100% vested at all times.

The Company may also make additional discretionary non-elective contributions to the Plan. These contributions are determined annually at the discretion of the Company’s management. The Company made no discretionary non-elective contributions during 2015 and 2014.

HAMILTON SAFE GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions (Continued)

Participants may roll over balances accumulated in other qualified plans.

4. Vesting

Participants are immediately vested in their contributions, safe harbor contributions, rollover contributions, plus actual earnings thereon.

Vesting in the Company's non-elective contributions is based on years of continuous service. A participant is fully vested after six years of credited service.

5. Forfeited Accounts

In accordance with the plan document, forfeitures are first used to pay plan expenses, and then allocated to participants. After paying plan expenses, \$38,816 was allocated back to participants during 2015. Forfeited non-vested accounts totaled \$19,187 and \$58,322 at December 31, 2015 and 2014, respectively.

6. Payment of Benefits

Participants may withdraw their contribution, safe harbor contribution and the vested portion of non-elective contribution upon hardship, retirement, the attainment of age 59½, termination of service, disability, or death. In the event of a participant's death, payment will be made to designated beneficiaries. In general, severance distribution timing is in the second plan year following severance from employment, unless the participant is age 55 or older or disabled.

7. Notes Receivable from Participants

The Plan does not permit participant loans; however, the Gunnebo Entrance Control, Inc. 401(k) Plan had allowed participant loans. The Plan allowed for these loans to be transferred in and participants with outstanding loan balances continue to make loan payments to the Plan under the terms of the previous loan agreements with Gunnebo Entrance Control, Inc. 401(k) Plan.

The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 5.25%, which were commensurate with local prevailing rates as determined by the plan administrator upon the date of the loan application. Principal and interest is paid ratably through payroll deductions.

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

All costs and expenses of administering the Plan are payable by the Plan if not paid by the Company. Most administrative expenses of the Plan were paid by the Plan during 2015 and 2014.

7. New Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820), Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU impacts reporting entities that measure an investment's fair value using the net asset value per share (or an equivalent) as a practical expedient. The amendments in ASU 2015-07 eliminate the requirement to classify the investment within the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2015, however early adoption is allowed. The ASU is to be applied retrospectively in all periods presented in an entity's financial statements. The adoption has been reflected in Note E to the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts but will continue to provide certain disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. Upon adoption, contract value will be the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part II also removes the requirement to include investment strategy disclosures for those investments using NAV as a practical expedient. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The ASU is effective for fiscal years beginning after December 15, 2015; however, early adoption is allowed. The Plan adopted Part II of ASU 2015-12 and its application was applied retrospectively. Parts I and III are not applicable to the Plan.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee at December 31:

	<u>2015</u>	<u>2014</u>
Investments, at fair value		
Common/collective trust	\$ 2,704,222	\$ 2,635,620
Mutual funds	\$ 13,414,118	\$ 16,975,076
Dividends & interest	\$ 697,257	\$ 876,890
Net appreciation (depreciation) in fair value of investments	\$ (816,507)	\$ 176,539

NOTE D - TAX STATUS

The volume submitter plan sponsor has obtained an opinion letter dated January 1, 2009, in which the IRS stated that the plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for the tax years prior to 2012.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Level 1 Fair Value Measurements

Registered investment companies (mutual funds) - Valued at the net asset value (NAV) of shares held by the Plan using prices quoted by the relevant pricing agent.

Common/collective trust - Units held in the common/collective trust are valued using the NAV of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily. The common/collective trust funds measured at NAV have not been classified in the fair value hierarchy.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014:

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As described in Note B-6, the Plan made direct payments to the audit firm, the trustee and the third party administrator for various services which amounted to \$68,881 and \$87,271 for the years ended December 31, 2015 and 2014, respectively. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE I - DATE OF MANAGEMENT'S REVIEW AND SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2016, which is the date on which the financial statements were available to be issued.

No other subsequent events were identified that would require an adjustment to or disclosure in the accompanying financial statements.
