The following brief description of the Kalmbach Feeds, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as restated with an effective date of January 1, 2012, is a defined contribution plan covering all employees who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and is administered by Kalmbach Feeds, Inc. (the "Company"). As of December 31, 2015 and 2014, Fifth Third Bank (the "Trustee") held the Plan's assets.

Eligibility

All employees are eligible to become participants in the Plan after reaching age 21 or older, and having 3 months of service for elective deferrals. To be eligible for the discretionary match and profit sharing contributions, employees must have one year of service.

Contributions

Participants can contribute up to 100 percent of eligible compensation. However, contributions may not exceed limitations established under section 402(g) of the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan permits catch-up elective deferrals for participants over 50 years of age subject to IRC limitations. Participants may also make rollover contributions to the Plan from certain types of individual retirement accounts. Employees are automatically enrolled into the plan after eligibility provisions are met at a deferral rate of 6%, unless otherwise instructed.

If the participant meets certain Plan criteria, the Plan Sponsor may make a discretionary matching contribution. For the 2015 and 2014 Plan years, the matching contribution amount was equal to 50% of the employee contributions up to 6% of the participant's gross wages.

If a participant meets certain Plan criteria, the Company, at its option, can also make a discretionary profit-sharing contribution to the Plan. The Company made discretionary profit-sharing contributions in the amounts of $628,587 and $371,668 (modified cash basis) for the years ended December 31, 2015 and 2014, respectively.

Forfeitures

Forfeitures are used to reduce the Company's contributions, and if so elected by the Company, to reduce administrative expenses. Forfeitures of $22,000 and $15,000 were used during 2015 and 2014, respectively, to reduce the Employer's contributions. Unused forfeitures at December 31, 2015 and 2014 were $3,850 and $2,027, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's matching contribution, discretionary profit-sharing contribution, earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are immediately vested in their contributions, rollover contributions, and any actual earnings thereon. Vesting of the Company's discretionary matching and profit-sharing contributions and related earnings is based upon years of service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits
The full value of a participant's account becomes payable upon retirement age of 65, disability or death. Upon termination of employment for any other reason, a participant's account becomes payable. All benefits will be paid as a lump-sum distribution, or at the option of the participant, benefits can be paid through installment payments. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain "hardship" circumstances. The Plan also provides for participants who have attained the age of 59½ to make a withdrawal from their account, subject to certain restrictions. On termination of service, if a participant's account is less than $1,000, the participant must receive a lump-sum amount equal to the value of his or her account balance.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 limited to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are generally due in installment payments of principal plus interest, at an interest rate of prime plus 1% (4.25% for 2015 and 2014), with maturity dates ranging from one to five years. The term of the loan may exceed five years if the loan is for the purchase of the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses
Certain administrative expenses are paid for by the Company. The remaining administrative expenses are paid by the Plan.

Plan Termination
Although it has not expressed an intention to do so, the employer has the right under the Plan to alter or amend the Plan in whole or in part, provided that no such change shall in any way affect the vesting rights of the employees under this Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis. Contributions and investment income are recognized when received, and disbursements are recognized when made. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates
In preparing the Plan's financial statements, the Plan administrator is required to make estimates and assumptions that affect the reported amounts of Plan assets, and liabilities, and the reported increases and reductions of Plan assets during the reporting period. Actual results could differ from these estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits
Benefits are recorded when paid.

Valuation of Investments and Income Recognition
The Plan's investments are stated at current market value. The Plan's interest in the Goldman Sachs Stable Value Collective Trust is valued at fair value based on the information reported by the trustee using audited financial statements of the trust at year-end. The change in the difference between fair value and the cost of the investments, along with gains (losses) from sales of investments, is reflected in the Statements of Changes in Net Assets Available for Benefits as net (depreciation) appreciation in the fair value of investments.

Purchases and sales of securities are recorded on a settlement-date basis. Dividends are recorded when received.

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

The Plan utilized various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Recent Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board ("FASB") issued *ASU 2015-07, Disclosure of Investments in Certain Entities that Calculate Net Asset Value per* Share. This ASU, among other items, eliminates the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient. This ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan did not early adopt this guidance.

To reduce the complexity of Plan investment accounting and disclosures, management of the Plan has elected to apply the early adoption provisions of FASB ASU 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensuses of the Emerging Issues Task Force ("ASU 2015-12").* Early adoption of ASU 2015-12 also allows the retroactive simplification of certain investment note disclosures. Plans may early adopt any of the ASU's three parts without early adopting the other parts. The Plan has early adopted Part II of this guidance for 2015 and 2014.

NOTE 3 - SUMMARY OF FINANCIAL DATA CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the Trustee is complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

A summary of information included in the financial statements, which has been certified, is as follows:

	2015	2014
Investments	$ 17,889,445	$ 17,195,413
Notes receivable from participants	448,785	460,886
Net (depreciation) appreciation of investments	(993,487)	199,949
Dividends	672,874	566,012
Interest on participant loans	19,465	18,760

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan has adopted Accounting Standards Codification ("ASC") No. 820, Fair Value Measurements. ASC No. 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC No. 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued based on quoted prices in an active market.

Common/Collective trusts: Valued based on information reported by Goldman Sachs and Fifth Third using the audited financial statements of the collective trusts at year end.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 14,157,272	$ 0	$ 0	$ 14,157,272
Common/Collective Trusts	0	3,675,906	0	3,675,906
Other investments	56,267	0	0	56,267
Total investments at fair value	$ 14,213,539	$ 3,675,906	$ 0	$ 17,889,445

	Assets at fair value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 13,682,928	$ 0	$ 0	$ 13,682,928
Common/Collective Trusts	0	3,440,690	0	3,440,690
Other investments	71,795	0	0	71,795
Total investments at fair value	$ 13,754,723	$ 3,440,690	$ 0	$ 17,195,413

NOTE 5 - BENEFIT RESPONSIVE INVESTMENT

The Plan has entered into a benefit-responsive investment in The Goldman Sachs Stable Value Collective Trust (GS Fund), a separate investment trust within the collective trust. The GS Fund's investment objective is to earn income, while seeking to preserve capital and stability of principle. The GS Fund will attempt to accomplish its investment objective by investing in stable value investment contracts.

In a Synthetic Guaranteed Investment Contract ("synthetic contracts", collectively "contracts"), the GS Fund enters into a contract with an issuer to receive a rate of return based on underlying investments which the GS Fund acquires, retains title to and holds in a separately identified custody account. The underlying investments typically include portfolios of fixed income securities or units in other interest in other fixed income collective trusts. The rate of return is based on a formula described within the terms of the contract (the "crediting rate"). The incremental value (if any) of the contract itself is based on i) issuer ratings as determined by the credit ratings, which are published by rating agencies and ii) the present value of the change in each contract's replacement cost.

Contracts will contain a formula for periodic reset of the contract crediting rate. The basic function of the crediting rate formula is to amortize (or "Smooth") the gain or loss (realized and unrealized) experience of the underlying portfolio of securities over the duration of the assets underlying such contract. A contract's crediting rate provides a fixed return for a period of time until the next monthly reset.

For the period ended December 31, 2015 and 2014, the average yield based on the earnings of the GS Fund's underlying investments was 1.97% and 1.32%, respectively.

For the period ended December 31, 2015 and 2014, the average yield based on actual interest credited to participants was 1.65% and 1.35%, respectively.

There are certain circumstances in which a withdrawal from the GS Fund would be redeemed at fair value rather than contract value. These circumstances may include Employer initiated events as follows: the partial or complete termination of the participating trust; the exclusion from coverage of a group of employees by the sponsor of the participating trust; the implementation of an early retirement program by the sponsor of the participating trust; a termination of employment. It is not probable an event would occur that would limit the GS Fund's ability to transact at contract value.

Contracts define certain termination events that permit the issuer to terminate the contract at market value, which would result in the GS Fund receiving the market value of the covered assets as of the date of termination. Issuer termination events vary by contact and typically may include some or all of the following: the GS Fund or the collective trust is fully or partially terminated or fails to be exempt from federal income taxation; the GS Fund merges with another fund or entity; a security is sold or subject to a lien other than as permitted under the contract; the termination or replacement or "change in control" as defined in the contract of the Trustee or investment adviser without the issuer's consent; there is a material change in law, regulation, ruling, or accounting requirements applicable to the GS Fund or the contract issuer; the bankruptcy of the GS Fund; the amendment of the Declaration of Trust or change in the investment objectives or administration of the GS Fund without the issuer's consent; the level of "impaired securities" as defined in the contract exceeds an agreed upon amount of the GS Fund assets; and other events or circumstances provided for in the contract.

Contracts also define certain termination events that permit the provider to terminate the contract at market value and pursuant to which the GS Fund would receive the market value of the covered assets as of the date of termination. Thus, if the market value of the covered assets is less than the contract value of the termination date, the contract does not require the issuer to pay any excess of contract value over the market value. As a result, this type of termination will result in a market value adjustment. A contract market value adjustment may affect the GS Fund's ability to maintain a stable net asset value of $1.00 per unit.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2015 and 2014, respectively.

December 31, 2015		Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value (collective trust)	$	3,675,906	N/a	Daily	30 Days

December 31, 2014		Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value (collective trust)	$	3,440,690	N/a	Daily	30 Days

NOTE 6 - TAX STATUS

The Internal Revenue Service (the "IRS") has determined by letter dated March 31, 2008, that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, accordingly, exempt from Federal income taxes. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended and restated since receiving the IRS determination letter to encompass all previous amendments. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014 and for the years then ended, that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 - PARTIES-IN-INTEREST TRANSACTIONS

The Company, which is a party-in-interest, provides certain administrative services to the Plan at no charge. The cost of providing these services constitutes exempt party-in-interest transactions under ERISA. Certain Plan investments are mutual funds accounts of the Trustee for which the Plan is charged.

Certain participants have borrowed on their vested account balances. As the individuals are participants in the Plan, these transactions qualify as party-in-interest transactions.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 13, 2016, the date which the financial statements were available to be issued.

As of January 1, 2016, the Plan merged in the Kalmbach Swine 401(k) and Profit Sharing Plan ("Swine"). The merger resulted in the addition of $2,570,457 of additional investment assets and $131,785 of additional participant loans. For Form 5500 purposes, Swine investment assets and participant loans were transferred to the Plan as of December 31, 2015. For financial statement purposes, the Swine investment assets and participant loans were reflected on the Plan's financial statements as of January 1, 2016.

The Plan was additionally restated as of January 1, 2016, changing the eligibility conditions for elective deferrals from ninety days of employment to sixty days of employment.
