INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Bruns Construction Enterprises Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Bruns Construction Enterprises Employee Stock Ownership Plan, which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Bruns Construction Enterprises Employee Stock Ownership Plan as of December 31, 2015, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

A. DESCRIPTION OF PLAN

The following brief description of the Bruns Construction Enterprises Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

1. General - Bruns Construction Enterprises (Company) established the Bruns Construction Enterprises Employee Stock Ownership Plan effective as of January 1, 2015. The Plan operates as an unleveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administration Committee comprising up to three persons appointed by the Sponsor Company's Board of Directors. The Plan has an independent third party trustee.

2. Eligibility - Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours of service during such plan year and are 21 or over. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

3. Contributions - The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make any regularly scheduled payments of principal and the interest due on any term loan that the Plan may have.

4. Payment of Benefits - Distributions on account of death, disability, or retirement are made in lump sum. If the value of the vested account exceeds $25,000, payment will be in substantially equal payments not to exceed five years.

A. DESCRIPTION OF PLAN – (Continued)

5. Voting Rights - The plan administrator shall have the right to direct the Trustee as to the voting of allocated shares upon any matter which any other shares of the Company may be or have a right to be voted, except that each participant shall have the right to so direct the trustee as to the voting of shares allocated to his or her account. The plan administrator shall have the right to direct the Trustee as to the voting of any unallocated shares held in the Plan on any matter upon which any other shares of the Company may be or shall have the right to be voted.

6. Plan Termination - The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee should direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

7. Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

8. Vesting - If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service, after the first year of service, and are 100% vested after six years of service.

A. DESCRIPTION OF PLAN – (Continued)

9. Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution or transfer to another qualified plan.

10. Forfeitures – Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The shares of Company common stock are valued at fair value. See Note C for discussion of fair value measurements.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels" Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Measurements

The fair value of the Company's common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums. As of December 31, 2015, the Plan has not purchased shares of common stock.

The Employee Benefits Administration Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015 there were no significant transfers into or out of Level 3.

D. TAX STATUS

In the opinion of the Plan's council, the Plan is qualified and the Trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. A determination letter has been applied for from the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

E. ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the Plan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

F. RISKS AND UNCERTAINTIES

The Plan's investments will consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

G. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and will have indebtedness guaranteed by the Company. These are related party and party-in interest transactions. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

H. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 to Schedule H of Form 5500:

	12/31/2015
Net assets available for benefits per the financial statements	$ 2,567,016
Net assets available for benefits per Schedule H to the Form 5500	$ 2,567,016

I. SUBSEQUENT EVENT

On October 1, 2016, the Bruns Construction Enterprises Employment Stock Ownership Trust (Trust), established under the Bruns Construction Enterprises Employment Stock Ownership Plan (the Plan and together with the Trust, the ESOP), purchased all 100,000 of the common shares of the Company representing 100% of the outstanding shares of the Company on October 1, 2016. The total purchase price was $23,600,000 in the form of promissory notes issued to the sellers. The terms of the note require the Trust to make monthly payments of $286,333, including interest of 8%, for 120 months.

Date of Management's Review

Subsequent events were evaluated through October 13, 2016, which is the date the financial statements were available to be issued.
