NOTE A - DESCRIPTION OF THE PLAN

The following description of the Dimensions Management of Chippewa Falls 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Dimensions Management of Chippewa Falls, LLC (the Company). The purpose of the Plan is to provide eligible employees of the Company with retirement and other benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established effective January 1, 2015.

Participation

Employees are eligible to make elective deferrals into the Plan after having completed six months of service and having reached 21 years of age. The eligibility to receive a matching contribution or profit sharing contribution is age 21 and six months of service. The entry dates of the Plan are January 1 and July 1. Participants enter the plan on the next entry date coinciding with or next following the date on which the eligibility is met. The eligibility to receive a matching contribution or profit sharing contribution is age 21 and one year of service.

Contributions

A participant may elect to defer up to 100% of his or her compensation on a pretax basis. The Plan also allows for after-tax contributions through its Roth 401(k) account option. All employee contributions are subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation, and their contributions invested in a designated default investment option until changed by the participant.

The Company may make discretionary matching contributions or profit sharing contributions to this Plan. The Company made no matching contributions or profit sharing contributions for the Plan year ended December 31, 2015.

Vesting

Participants are vested immediately in their employee contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The vesting schedule for matching and discretionary employer contributions is as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
1 but less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit -responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by Dimensions Management of Chippewa Falls, LLC (the Company) and are excluded from these financial statements. Fees related to the administration of participant withdrawals and plan administration are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated the subsequent events through October 12, 2016 the date the financial statements were available to be issued.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, the custodian of the Plan's investment assets, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2015, and the related investment activity reflected in the Statements of Changes in Net Assets Available for Plan Benefits for the year then ended, and the supplementary Schedule of Assets (Held at End of Year) as of December 31, 2015.

NOTE D - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Great-West Life & Annuity Insurance Company is a party-in-interest as defined by the Plan as a result of investing Plan assets and providing services. Administrative fees were paid to Great-West Life & Annuity Insurance Company in the amount of \$25 for the plan year ended December 31, 2015. Goldleaf Partners is a party-in-interest as defined by the Plan as a result of providing third party administration services. Administrative fees were paid to Goldleaf Partners in the amount of \$25 for the plan year ended December 31, 2015. LPL Financial, LLC is a party-in-interest as defined by the Plan as a result of providing investment advisory services. Administrative fees were paid to LPL Financial, LLC in the amount of \$104 for the plan year ended December 31, 2015

NOTE E - TAX STATUS

The Dimensions Management of Chippewa Falls 401(k) Plan was adopted under the Volume Submitter 401(k)/Profit Sharing Plan sponsored by Goldleaf Partners effective January 1, 2015. The Prototype Plan Sponsor has obtained from the IRS an opinion letter dated March 31, 2014, specifying that the form of this adoption agreement and the basic plan document satisfy, as of the date of the opinion letter, Code Section 401. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the plan is qualified and the related trust is tax exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is not subject to income tax examinations for years prior to 2015, the initial plan year.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE G - FAIR VALUE MEASUREMENTS – cont'd

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets of the Plan measured at fair value:

Pooled Separate Accounts: the initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value determined in a manner similar to mutual fund NAV calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the record keeping system reflects the accurate value for the day.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 136,031	\$ -	\$ 136,031
Total Assets at Fair Value	\$ -	\$ 136,031	\$ -	\$ 136,031

NOTE H - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
