Note 1. Description of the Plan

The following description of the Flagship Food Group 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan established January 1, 2010. The Plan is available to all full-time non-union employees of Flagship Food Group, LLC (the Plan Sponsor), Flagship Food Group North America, LLC (FFG), TVBG, LLC (TVBG), Sataria Acquisition LLC (Sataria Acquisition), and DBB Marketing Company, Inc. (DBB) (collectively, the Employers) who have attained the age of 17. Employees are eligible to participant in the Plan on the first day of employment with the Employers unless they are excluded per the Plan Document. Excluded employees include non-resident aliens, leased employees, employees under a collective bargaining agreement and employees not reported on the payroll records. The assets of the Plan are maintained in a trust managed by John Hancock Life Insurance Company (U.S.A.) (the Trustee). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute up to 100 percent of their annual pretax compensation, as defined in the Plan, not to exceed the limits allowed by Internal Revenue Service (IRS) regulations. Participants who attain the age of fifty by the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans. For the year ended December 31, 2015, the Plan Sponsor made safe harbor matching contribution equal to 100 percent up to 3 percent of compensation and 50 percent of the next 2 percent of participant compensation.

Participant accounts and investment options: Each participant's account is credited with the participant's contributions, employer safe harbor matching contributions and allocations of the Plan's earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the participant's eligible compensation, participant contributions, investment elections and/or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct both employee and employer contributions to be invested among various investment options offered by the Plan. Participants may change their investment options at any time during the year via phone or internet access to Trustee.

Vesting: Participants are immediately vested in their deferral contributions, rollover contributions, safe harbor matching contributions, and the allocated earnings thereon. Vesting in the remainder of employer contributions is based on years of continuous service as follows:

Years of Service	Nonforfeitable Percentage
Less than 1	0%
1	33%
2	66%
3 or more	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or within a reasonable period of time that is longer than five years for a note used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at the Wall Street Journal prime rate plus two percent. Principal and interest are paid ratably through payroll deductions. Notes outstanding at December 31, 2015, bear interest at 5.25 percent and are due through June 2026.

Note 1. Description of the Plan (Continued)

Payment of benefits: Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. In-service distributions are allowed for participants attaining the age of 59½. Participants may also elect to roll over their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. Participants may also withdraw money from their account in the event of financial hardship.

Participants with vested account balances less than $5,000 but greater than or equal to $1,000 will automatically have their vested account balance rolled into an individual retirement account unless they otherwise instruct the third party administrator and take a lump-sum distribution as soon as practicable following termination. Participants with vested account balances less than $1,000 must take a lump-sum distribution as soon as practicable following termination.

Forfeited accounts: Forfeitures of terminated participants' nonvested accounts are first used to pay Plan expenses, and any remaining forfeitures are used to reduce employer contributions. At December 31, 2015 and 2014, unused forfeitures totaled $6,532 and $1,532, respectively. During the year ended December 31, 2015, no forfeitures were used to pay administrative expenses or reduce employer contributions.

Administrative expenses: Certain administrative functions are performed by employees of the Employers. No such employee receives compensation from the Plan. Administrative expenses of the Plan are charged against earnings, except to the extent expenses are paid by the Employers.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various funds as investments instruments. Insurance company pooled separate accounts are invested in mutual funds, which are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivables are treated as distributions based upon the terms of the Plan Document.

Investment valuation and income recognition: Investments are stated at fair value. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as those held during the year.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07*, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this Update are effective for fiscal periods beginning after December 15, 2016. Early adoption is permitted. The Plan adopted this Update during the 2015 plan year and the prior year disclosures in Note 4 have been revised to reflect the retrospective application.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)—(I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor (DOL) Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted Part II during the 2015 plan year, and the amendments in Part II were retrospectively applied to December 31, 2014. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2015	2014
Investments, at fair value:		
Pooled separate accounts	$ 4,234,151	$ 4,028,418
Guaranteed investment contracts	-	38,190
	$ 4,234,151	$ 4,066,608
Cash	$ 6,532	$ 1,532
Notes receivable from participants	$ 82,184	$ 106,773

The Trustee also certified to the completeness and accuracy of the investment income (loss) information (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2015, included on the statement of changes in net assets available for benefits.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014. There were no transfers between Level 1, 2, or 3 assets during the year ended December 31, 2015.

Pooled separate accounts: Unit value calculated based on the observable NAV of the underlying investment. NAV is used as a practical expedient. The pooled separate accounts are not classified within the fair value hierarchy pursuant to ASU 2015-07.

Guaranteed Investment Contracts (GICs): These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus the liabilities, then divided by the number of shares outstanding. The GICs are not classified within the fair value hierarchy pursuant to ASU 2015-07.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4. Fair Value Measurements (Continued)

(a) This investment category typically invests in other mutual funds and are designed for investors who are planning to retire during the target date year. This category's objective and strategy typically becomes more conservative over time primarily by reducing its allocation to equity mutual funds and increasing its allocations in fixed-income mutual funds.

(b) This investment category seeks a high total investment return consistent with the preservation of capital and with prudent investment risk. Common stocks typically comprise the portfolio's total assets, with other investments in other securities, including convertibles, warrants, preferred stocks, debts, futures, and options.

(c) This investment category seeks long-term capital growth and appreciation. The category normally invests in equity securities of U.S. companies expected to increase in value over time.

(d) This investment category seeks long-term capital appreciation. The category normally invests in equity securities of U.S. companies expected to increase in value over time.

(e) This investment category seeks long-term total return and a high level of current income. This category primarily invests in equity securities of companies with large capitalizations.

(f) This investment category seeks to maximize long-term total return and provide inflation protection and income consistent with investments in inflation-indexed securities. This category normally invests in inflation-indexed bonds of varying maturities or fixed income securities regarded as bonds.

Note 5. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts and the guaranteed investment contracts, which are managed by the Trustee. Therefore, these transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules. Fees paid by the Plan for service charges amounted to $28,025 for the year ended December 31, 2015.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100 percent vested in their accounts and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 7. Tax Status

The Plan is a defined contribution volume submitter plan sponsored by Kravitz, Inc., the third party administrator. The volume submitter plan has received an opinion letter from the IRS dated March 31, 2014, as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax provisions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements; therefore, no provision of liability for income taxes has been included in the financial statements. The Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2012.
