Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of the Lithko Contracting, Inc. Prevailing Wage Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution profit sharing plan covering hourly employees of Lithko Contracting, Inc. (the "Company") whose employment is regulated by the Davis-Bacon Act or other prevailing wage laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). State Street Bank and Trust is the trustee of the Plan.

Contributions

Each Plan year, the Company will make a prevailing wage contribution equal to \$2.50 per hour on behalf of any participant whose eligibility is regulated by the Davis-Bacon Act or other prevailing wage laws. Employee and rollover contributions are not permitted in the Plan.

Participant Investment Account Options

The Plan currently offers 10 mutual funds and a stable pooled fund as investment options for participants. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the Company's contribution and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions, plus actual earnings thereon.

Payment of Benefits

On termination of services due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payments made over a period in monthly, quarterly, semiannually, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes to Financial Statements

December 31, 2015 and 2014

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the plan at year end. Interest-bearing cash is carried at cost, which approximates fair value.

The Diversified Investment Advisors Stable Pooled Fund is solely invested in the Wells Fargo Stable Return Fund W. This fund is a stable pooled fund, which is a commingled pool of the Wells Fargo Trust for Employee Benefit Plans. The fund may invest in fixed-interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed-income securities.

The Plan's interests in this fund is valued based on information reported by the investment advisor using the audited financial statements of the stable pooled fund at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Lithko Contracting Inc. Prevailing Wage Plan

Notes to Financial Statements

December 31, 2015 and 2014

Plan Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) volume submitter plan and trust sponsored by Transamerica Retirement Solutions. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter dated March 31, 2014 from the Internal Revenue Service stating that the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code. The Plan has been amended since the prototype plan received the determination letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and that the plan was qualified and the related trust was tax exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company or the Plan, at the Company's discretion.

Reclassifications

Certain reclassifications have been made to the 2014 financial statements to conform to the 2015 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Change in Accounting Principle

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented. The guidance in ASU 2015-12 also clarifies that indirect investments in fully benefit-responsive investment contracts (FBRICs) should not be reflected as FBRICs and, therefore, should be reported at fair value. Concurrent with the Plan's adoption of ASU 2015-12, the statements of net assets available for benefits for all periods presented no longer reflect the common collective trust fund as a FBRIC and as such the investment is now measured at fair value without an adjustment to contract value.

Note 4: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief:

- Investments as shown in the statement of net assets available for benefits as of December 31, 2015 and 2014
- Investment (loss) income as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2015 and 2014
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2015

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, which are managed by Transamerica Corporation ("Transamerica") including certain Transamerica mutual funds managed by Transamerica, and shares of a stable pooled fund (Diversified Investment Advisors Stable Pooled Fund), which are managed by Massachusetts Fidelity Trust Company (MFTC). Transamerica is the record keeper and MFTC is an Iowa Trust Company and an affiliated company of Transamerica. MFTC is the trustee of the Diversified Investment Advisors Stable Pooled Fund, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services were \$4,230 and \$200 for the years ended December 31, 2015 and 2014, respectively.

The Company provides the Plan with certain accounting and administrative services for which no fees are charged.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Notes to Financial Statements

- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014:

December 31, 2015

Notes to Financial Statements

December 31, 2015 and 2014

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and a money market fund. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include the stable pooled fund, which is valued based upon the quoted market prices of the underlying investments.

Mutual funds: Valued at quoted market prices in active markets.

Stable pooled fund: Valued at the net asset value (NAV) as reported by the funds daily. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
