INDEPENDENT AUDITORS' REPORT

Board of Trustees
Child Guidance & Family Solutions 401(k) Retirement Savings Plan
Akron, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Child Guidance & Family Solutions 401(k) Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits on a modified cash basis as of December 31, 2015, and the related statement of changes in net assets available for benefits on a modified cash basis for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2015, and for the year then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2015 financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

To the Board of Trustees
Child Guidance & Family Solutions 401(k) Retirement Savings Plan

Other Matter - Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2014 Financial Statements

The statement of net assets available for benefits of Child Guidance & Family Solutions 401(k) Retirement Savings Plan as of December 31, 2014 was audited by Bruner Cox LLP, whose practice became part of CliftonLarsonAllen LLP as of June 1, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report, dated September 21, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2014 financial statements and (b) the form and content of the information included in the 2014 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO MODIFIED CASH BASIS FINANCIAL STATEMENTS

CHILD GUIDANCE & FAMILY SOLUTIONS 401(k) RETIREMENT SAVINGS PLAN

Note 1. Description of the Plan

The following description of the Child Guidance & Family Solutions 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering substantially all employees of Child Guidance & Family Solutions (the Agency or Plan Sponsor) who are not classified as temporary employees and who have completed three consecutive months of service with the Agency. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may make pre-tax contributions according to their elected salary reduction percentages. Participants also have the option to make after-tax Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to contribute additional catch up contributions. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Agency makes matching contributions in an amount equal to 50% up to a maximum of 1% of a participant's eligible compensation. Contributions are subject to certain limitations imposed by the Internal Revenue Code.

In addition, the Agency has the right to make discretionary contributions to the Plan. These contributions shall be unrelated to any employee contributions made during the Plan year. No discretionary contributions were made during the Plan year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with his or her elective deferral, and an allocation of (a) the Agency's matching contributions, (b) Plan earnings, and (c) the Agency's discretionary contributions and plan expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have a 100% non-forfeitable vested interest in their portion of contributions. Vesting in the Agency's contribution is based on years of continuous full-time service as follows:

Years of service	Vested percentage
1	25%
2	50%
3	100%

CHILD GUIDANCE & FAMILY SOLUTIONS 401(k) RETIREMENT SAVINGS PLAN

Note 1. Description of the Plan (Continued)

Forfeitures

Forfeitures may be used to pay administrative expenses or reduce employer contributions at the Agency's discretion. As of December 31, 2015 and 2014, forfeiture balances were \$25,802 and \$14,138, respectively. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2015. Forfeitures used to pay fees totaled \$3,342 for the year ended December 31, 2015.

Payment of Benefits

Upon termination, death, disability, or retirement, participants with a vested interest in their accounts of \$1,000 or more may elect to receive a lump-sum distribution, rollover the amount into another qualified plan, or leave their funds invested in the Plan. Participants with a vested interest in their accounts of less than \$1,000 automatically receive lump-sum distributions. Additionally, the Plan has provisions for active participants to make hardship withdrawals from their account, subject to limitations and restrictions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, whereas income is recognized when received, disbursements are recognized when paid and investments are recorded at fair value.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Expenses of the Plan are paid by the Agency or the Plan as provided by the plan document.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTES TO MODIFIED CASH BASIS FINANCIAL STATEMENTS
CHILD GUIDANCE & FAMILY SOLUTIONS 401(k) RETIREMENT SAVINGS PLAN

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Agency has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants shall be 100% vested in their accounts and the trustee shall distribute account balances to participants in accordance with the Plan.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensuses of the Emerging Issues Task Force. The amendments in this update (1) requires a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies and increases the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provides benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Part II of this update for the 2015 Plan year, and it was retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Capital Bank and Trust Company

The Plan's investment information including investments held as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee, Capital Bank and Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the investments.

Note 4. Fair Value Measurements

The FASB topic *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under this FASB topic are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at fair value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,551,902	\$ -	\$ -	\$ 6,551,902

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Income Tax Status

The Plan adopted a standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Plan management is required to evaluate tax positions taken by the Plan. As of December 31, 2015 and 2014, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related Party Transactions

Plan investments include shares of registered investment companies managed by The American Funds, an affiliate of Capital Bank and Trust Company, trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

CHILD GUIDANCE & FAMILY SOLUTIONS 401(k) RETIREMENT SAVINGS PLAN

Note 1. Description of the Plan

The following description of the Child Guidance & Family Solutions 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering substantially all employees of Child Guidance & Family Solutions (the Agency or Plan Sponsor) who are not classified as temporary employees and who have completed three consecutive months of service with the Agency. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may make pre-tax contributions according to their elected salary reduction percentages. Participants also have the option to make after-tax Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to contribute additional catch up contributions. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Agency makes matching contributions in an amount equal to 50% up to a maximum of 1% of a participant's eligible compensation. Contributions are subject to certain limitations imposed by the Internal Revenue Code.

In addition, the Agency has the right to make discretionary contributions to the Plan. These contributions shall be unrelated to any employee contributions made during the Plan year. No discretionary contributions were made during the Plan year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with his or her elective deferral, and an allocation of (a) the Agency's matching contributions, (b) Plan earnings, and (c) the Agency's discretionary contributions and plan expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have a 100% non-forfeitable vested interest in their portion of contributions. Vesting in the Agency's contribution is based on years of continuous full-time service as follows:

Years of service	Vested percentage
1	25%
2	50%
3	100%

Note 1. Description of the Plan (Continued)

Forfeitures

Forfeitures may be used to pay administrative expenses or reduce employer contributions at the Agency's discretion. As of December 31, 2015 and 2014, forfeiture balances were \$25,802 and \$14,138, respectively. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2015. Forfeitures used to pay fees totaled \$3,342 for the year ended December 31, 2015.

Payment of Benefits

Upon termination, death, disability, or retirement, participants with a vested interest in their accounts of \$1,000 or more may elect to receive a lump-sum distribution, rollover the amount into another qualified plan, or leave their funds invested in the Plan. Participants with a vested interest in their accounts of less than \$1,000 automatically receive lump-sum distributions. Additionally, the Plan has provisions for active participants to make hardship withdrawals from their account, subject to limitations and restrictions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, whereas income is recognized when received, disbursements are recognized when paid and investments are recorded at fair value.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Expenses of the Plan are paid by the Agency or the Plan as provided by the plan document.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

CHILD GUIDANCE & FAMILY SOLUTIONS 401(k) RETIREMENT SAVINGS PLAN

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Agency has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants shall be 100% vested in their accounts and the trustee shall distribute account balances to participants in accordance with the Plan.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensuses of the Emerging Issues Task Force. The amendments in this update (1) requires a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies and increases the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provides benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Part II of this update for the 2015 Plan year, and it was retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Capital Bank and Trust Company

The Plan's investment information including investments held as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee, Capital Bank and Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the investments.

Note 4. Fair Value Measurements

The FASB topic *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under this FASB topic are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended December 31, 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Income Tax Status

The Plan adopted a standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.
