Report on the Financial Statements

We were engaged to audit the accompanying financial statements of EyeCare Associates, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule of Assets Held for Investment Purposes at End of Year as of the year ended December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 1. Description of Plan and Summary of Accounting Policies

Description of Plan

The following description of the EyeCare Associates, Inc. 401(k) Plan (the Plan) provides general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

- A. **General** - The Plan is a defined contribution plan created on January 1, 2002, covering substantially all full-time employees of EyeCare Associates, Inc. (the Company) who have at least one year and 1,000 hours of service, and have attained age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. **Contributions** - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. In order to maintain "safe harbor" status, the Company makes a non-elective contribution equal to one hundred percent of the first three percent deferred by the participant plus fifty percent of the participant's deferrals between three and five percent of the participant's compensation. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.
- C. **Participant Accounts** - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. **Vesting** - Participants are immediately vested in their contributions and the Company's "safe harbor" and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.
- E. **Investment Options** - A participant may direct account balances and contributions in one percent increments into any of the pooled separate accounts and guaranteed investment accounts offered by Massachusetts Mutual Life Insurance Company (Mass Mutual). Participants may change investment options daily.

Note 1. Description of Plan and Summary of Accounting Policies - Continued

- F. **Forfeited Accounts** - If any portion of a participant's matching contribution account is forfeited during a plan year, it will be used to reduce the employer matching fund contribution and allocated among the accounts of the participants who receive a matching contribution for the plan year based on their compensation. At December 31, 2015 and 2014, the Plan did not hold a balance in its forfeited nonvested account.
- G. **Payment of Benefits** - Upon retirement, death or disability, a participant (or beneficiary) may elect to receive the entire amount of his/her account in one lump sum payment. If employment is terminated for reasons other than retirement, death or disability, participants may be entitled to all or part of their account, depending on their vesting percentage.
- H. **Administration** - Mass Mutual is the appointed custodian of the Plan. Certain administrative expenses are paid directly by the Company. Administrative and trust expenses paid by the Company and not charged to the plan were \$7,764 and \$6,835 for the years ended December 31, 2015 and 2014, respectively. Fees paid to national broker-dealers for the maintenance and custody of the Plan's assets are paid from the assets of the Plan.

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized in the period in which they are earned. Expenses are recognized in the period in which they are incurred.

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting. The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments.

Note 1. Description of Plan and Summary of Accounting Policies - Continued

Basis of Accounting - Continued

The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part II of this Update will also require that investments (both participant-directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of this Update reduces complexity in employee benefit plan accounting by providing a practical expedient that permit plans to measure investments and investment related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end. The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively.

The Plan adopted this Update for the 2015 plan year, and the amendments were retrospectively applied to December 31, 2014. Prior year disclosures in Note 11 have been revised to reflect the retrospective application. The impact of adopting this Update are reflected in the financial statements.

The pooled separate accounts are stated at fair value based on quoted market prices, if available. Guaranteed investment contracts are stated at net contract value.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments is the difference between the proceeds received or aggregate fair market value of investments determined at the end of the year and the aggregate fair value of investments determined at the beginning of the year or cost if acquired during the year. Dividends are recorded on the ex-dividend date.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Note 2. Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the custodian.

	2015	2014
Investments:		
Pooled separate accounts	\$ 8,859,443	\$ 8,470,603
Guaranteed investment contracts - unallocated	77	74
Guaranteed investment contracts	2,315,038	2,085,421
Investment (loss) income	(32,513)	448,583

Note 3. Investment Contract with Insurance Contract

MassMutual Retirement Services' (MMRS) general investment account investment option for defined contribution plans is a guaranteed interest account provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees.

Note 3. Investment Contract with Insurance Contract

Contract value is also often referred to as “Book Value”. MMRS considers this investment option to be fully benefit-responsive notwithstanding the liquidation value events under the contract that limit the ability of the plan to transact at contract value.

As of December 31, 2014, if the plan’s contract has a market value formula that uses Barclays Capital U.S. Aggregate Index (excluding treasuries), then the fair value presented represents the calculated market value determined in accordance with the contractual market value formula in effect on that date. If the plan's contract has a market value formula that uses the Moody's Baa Corporate Average index, Mass Mutual is giving the plan the option of using either: (a) the Moody’s market formula without regard to capital gains or losses, or (b) the Barclays market value formula including an adjustment for capital gains or losses, depending on which produces the higher value. As of December 31, 2014, the Barclays market value formula produced higher value than the Moody’s market value formula. Accordingly, this good faith estimate of fair value is based on the Barclays market value formula even though it may not be presently included in the plan’s contract

As of December 31, 2015, the plan’s contract had a multi-index market value formula. The current year fair value represents the calculated market value determined in accordance with the contractual market value formula currently in effect.

As described in Note 1, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by MMRS, represents contributions plus credited interest less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2015 and 2014 was \$2,315,115 and \$2,085,495, respectively. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account.

Note 3. Investment Contract with Insurance Contract - Continued

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change in position resulting in employment by an entity controlling, controlled by, or under common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the plan of one or more groups or classifications of participants; (6) partial or complete plan termination; or (7) plan disqualification.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields:	2015	2014
Based on actual earnings	2.74%	2.36%
Based on interest rate credited to participants	2.74%	2.36%

Note 4. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5. Plan Merger

On June 30, 2015, the Board of Directors of Clarkson EyeCare, a controlling party of EyeCare Associates, approved the merger of this Plan into the EyeCare Partners 401(k) Plan, effective January 3, 2017. As a result, all investments will be transferred from the Plan into the EyeCare Partners 401(k) Plan on that date.

Note 6. Tax Status

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401 (a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan; however, the Plan Administrator believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Note 7. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Note 8. Related Party Transactions

The investments of the Plan are shares of mutual funds managed by the custodian, and therefore, these transactions qualify as party-in-interest transactions.

Note 9. ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2015 and 2014, the Plan's sponsor maintained bond coverage in the amount of \$1,000,000 and \$500,000, respectively.

Note 10. Income Taxes

The Plan follows FASB codification ASC 740-10 in accounting for uncertainty in income taxes. The Plan's income tax filings for years ended December 31, 2012 and subsequent remain subject to audit by various taxing authorities. The Plan has evaluated its tax positions and interpretations, and believes its positions are appropriate based on current facts and circumstances.

Note 11. Fair Value of Assets and Liabilities

The Plan accounts for fair value measurements in accordance with FASB ASC 820. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 11. Fair Value of Assets and Liabilities - Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets and liabilities itemized below were measured at fair value during the years ended December 31, 2015 and 2014 using the market and income approaches. The market approach and income approach was used for Level 2 and Level 3, respectively.

December 31, 2015	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investment in pooled separate accounts	\$ <u>8,859,443</u>	\$ <u>-</u>	\$ <u>8,859,443</u>	\$ <u>-</u>

Note 12. Subsequent Events

The Plan Administrator of the EyeCare Associates, Inc. 401(k) Plan has evaluated events through October 11, 2016, the date which the financial statements were available to be issued.

Effective January 3, 2017, all investments of the Plan will be transferred from the Plan and transferred into the EyeCare Partners 401(k) Plan. See Note 5 for additional information.
