Independent Auditor's Report

We have audited the accompanying financial statements of Webster Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Webster Savings Plan as of December 31, 2015, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

We have compiled the accompanying statement of net assets available for benefits as of December 31, 2014. We have not audited or reviewed the accompanying financial statement and, accordingly, do not express an opinion or provide any assurance about whether the financial statement is in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

WEBSTER SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Plan Description

The following description of the Webster (the Company) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are not covered under a collective bargaining agreement, who have one year of service and are age 21 or older. With respect to participant elective deferrals, employees who have completed one hour of service and are age 21 or older may participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan agreement and as allowable by law. The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. At the option of the Company, a matching contribution equal to a uniform percentage of each participant's contribution to the Plan may be made. During 2015, the Company elected to match 100% of employee's contributions up to 4% of each participant's eligible compensation. The Company may also make a discretionary contribution to the Plan at the option of the Board of Directors. During 2015, the Company elected to make contributions of \$1,087,462 to the Employee Stock Ownership Plan. Contributions are subject to certain limitations.

Participants direct the investment of all contributions, with the exception of Company stock, into various investment options offered by the Plan. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions made to the Plan, plus actual earnings thereon.

Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes must be repaid within five years unless it is granted to allow the participant to purchase his or her principal residence. The notes are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates at 4.25%. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant's vested account balance shall be distributed as a lump sum amount, in installments over a period of not more than their assumed life expectancy or a partial withdrawal.

Voting Rights

Shares of Company stock held in the Trust shall be voted by the Trustee in most instances. In certain extraordinary situations, such as a corporate merger, Treasury Regulations may require pass-through of voting rights in Company stock which has been fully paid for to Plan participants and beneficiaries.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can, at its discretion, pay for the purchase of the Company stock in a single sum or in installments with interest over a period not to exceed five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain trustee and administrative fees are paid by the Company.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement, under Topic 820 – Disclosure for Investment of Certain Entities that calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share as the practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which that practical expedient is not applied, will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted. The Plan has elected to early adopt ASU 2015-07.

In July 2015, the FASB issued ASU 2015-12, *Amendments to Plan Accounting*, under Topics 960, 962 and 965 (ASU 2015-12). Part I of ASU 2015-12 clarifies that contract value is the only required measurement for fully benefit responsive investment contracts (FBRICs) and clarifies that indirect investments in FBRICs through investment companies should no longer be reflected as FBRICs and therefore, should be reported at fair value. The amendments in Part II of ASU 2015-12 require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes to the financial statements. Part II also eliminates the requirement to disclose the net appreciation (depreciation) in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 are not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and should be applied retrospectively. The Plan has elected early adoption of ASU 2015-12, which had no impact on the statements of net assets available for benefits or statement of changes in net assets available for benefits.

Investment in Common Stock of the Company

At December 31, 2015 and 2014, the Plan owned 16,860 and 17,038 shares of Webster Industries, Inc., \$1.00 par value common stock with a fair value of \$8,969,488 and \$9,950,046, respectively. The shares were valued at \$532 and \$584 per share at December 31, 2015 and 2014, respectively. No dividends were received by the Plan in 2015.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets or liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

*Common
Collective
Trust:*

Valued at the net asset value (NAV) provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions and participants can transact daily.

Fair Value Measurements (continued)

Webster

Industries, Inc.

Common Stock: Valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual Funds in the fair value hierarchy	\$ 5,002,430	\$ -	\$ -	\$ 5,002,430

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

	Common Stock
Balance, beginning of year	\$ 9,950,046
Unrealized losses relating to assets still held at reporting date	(876,894)
Realized gain	56,641
Shares distributed to participants	(160,305)
Balance, end of year	\$ 8,969,488

Gains and losses (realized and unrealized) included in changes in fair value of Level 3 assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes to Financial Statements

December 31, 2015 and 2014

Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated September 8, 2015, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Parties-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Alerus Financial, N.A. (Alerus). Alerus is the custodian as defined by the Plan agreement and, therefore, these transactions qualify as party-in-interest. Strategic Investment Advisors is the investment manager of the Plan, and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to the parties-in-interest for administrative expenses amounted to \$38,113 during 2015.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2015 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
