NOTE 1. DESCRIPTION OF THE PLAN

The Wilbert Funeral Services, Inc. Employee Stock Ownership Plan is a stock ownership plan sponsored by Wilbert Funeral Services, Inc. ("Company" or "Employer"). Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The purpose of this Plan is to enable eligible employees of the Company and of any participating affiliates to share in the growth and prosperity of the Company and to provide participants with an opportunity to accumulate capital for their future economic security. A primary purpose of the Plan is to enable participants to acquire a proprietary interest in the Company. Consequently, the Plan is designed to be primarily invested in Employer Securities over the life of the Plan.

This Plan, effective as of January 1, 2015, is intended to qualify as an Employee Stock Ownership Plan, as defined in Section 4975(e)(7) of the Internal Revenue Code (hereinafter referred to as the "Code"). In addition, in accordance with Section 54.4975-11(a)(5) of the Treasury Regulations, this Plan also forms a portion of the Plan which is a Stock Bonus Plan, which is intended to qualify under Section 401(a) of the Code.

All Trust assets acquired under this Plan as a result of Contributions, income and other additions to the Trust will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan which is administered by the Plan Committee for the exclusive benefit of Participants in the Plan and their Beneficiaries. It is intended that all benefits, rights and features of this Plan be uniformly available to all Participants

Eligibility: Each employee shall become eligible to participate in the Plan retroactively to the first day of the Plan Year during which the Employee has completed a Year of Service, measured during the Eligibility Computation Period. All employees who were employed by the Employer on the Effective Date of this Plan are automatically eligible to participate in this Plan as of the Effective Date. Upon the Employee so becoming eligible, participation shall be based on the total Covered Compensation paid to the Employee for the entire Plan Year during which the Employee becomes eligible to participate.

Except in the case of death, Disability or Retirement, a Participant will share in the allocation of Contributions and Forfeitures only if the Participant is still employed by the Employer on the last day of the Plan Year and has accumulated 1,000 or more Hours of Service during the Plan Year.

Contributions: For purposes of all Plan years beginning on or after January 1, 2016, contributions will be allocated in shares of Company Stock or paid in cash as of each Anniversary Date among the Accounts of Participants who meet the requirements of eligibility in the proportion that each such Participant's Covered Compensation bears to the total Covered Compensation of all such Participants for that year. Shares of Employer Securities released from the suspense Account by reason of the payment of interest and principal on a Securities Acquisition Loan shall be allocated as of each Anniversary Date among the Accounts of Participants in the Plan who meet the requirements of eligibility of the Plan, in the proportion that each such Participant's Covered Compensation bears to the total covered Compensation of all such Participants for that year.

Participant Accounts: The Plan Committee shall establish and maintain individual Accounts for each Participant in the Plan. The Company Stock Account of each Participant will be credited as of each Anniversary Date with the Participant's allocated share of Company Stock (including fractional shares) purchased and paid for by the Trust or contributed in kind by the Company, with Forfeitures of Company Stock and with stock dividends on Company Stock held in the Participant's Company Stock Account.

As of December 31, 2015, the Plan has a total of 601participants participating in the Plan.

Investments: All investments will be made by the Trustee only upon the direction of the Plan Committee. All purchases of Company Stock shall be made at no more than fair market value, as determined by the Plan Committee pursuant to a valuation analysis prepared by an Independent Appraiser.

Forfeitures: Upon termination from employment by the Company, a participant's non-vested portion of Company contributions and earnings is considered forfeiture and is used to reduce future Company contributions to the Plan. The Plan maintained a balance of $0 in the forfeiture account at December 31, 2015.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates: The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make certain estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan invests in company stock which represents a concentration of investments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the value of the participants account balances and the amounts reported in the financial statements.

Investments Valuation: All accounts shall be valued as of the appropriate valuation Date. The Company or the Plan Committee may require other valuations from time to time as necessary. Any valuation of Company Stock contributed to or purchased by the Plan shall be determined by the Plan Committee based on a valuation by the Independent Appraiser.

Realized and Unrealized Gain on Investments: The realized gain or loss on investments represents the difference between the proceeds at the transaction date and the cost or recorded value of the investment. Unrealized gains or losses on investments represent the net change at year-end between current value and the recorded value of the investments at the time of purchase or the beginning of the year, whichever is later.

Administrative Expenses: Normal brokerage charges which are included in the cost of securities purchased (or charged to proceeds in the case of sales) shall be paid by the Trust. The Company shall pay all expenses in connection with the design, establishment, or termination of the Plan. The Trust shall pay all costs of administering the Plan and Trust, unless such expenses are paid by the Company.

Payments of Benefits: Benefits are recorded when paid.

NOTE 3. INCOME TAX STATUS

The Plan has applied for and but not yet received a Determination Letter from IRS that is expected to informed the Company that the Plan is designed in conformity with the applicable requirements of the Code. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan continues to be tax exempt. Generally accepted accounting principles ("GAAP") require Plan management to evaluate the tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely not would be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan Administrator has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All investments are measured at fair market value as determine by the Plan Committee pursuant to a valuation analysis prepared by an Independent Appraiser and are classified as Level 1.

NOTE 7. PLAN TERMINATION

Although the Company has established the Plan with the bona fide intention and expectation that it will be able to make contributions indefinitely, nevertheless, the Company shall not be under any obligation or liability to continue its contributions or to maintain the Plan for any given length of time.
