General: The Plan is a defined contribution plan covering employees of L&M Radiator, Inc. (the Company, Employer, or Plan Administrator). Employees 18 years of age or older are eligible to participate in the Plan on the first day of the month after one month of service. Nonresident aliens, seasonal employees, consultants, interns, leased employees, and union employees, unless required by a collective bargaining agreement, are not eligible for the Plan. For the purpose of the Company's discretionary matching contribution, eligibility occurs when the employee is 18 years or older, has completed one month of service, and is employed on the last day of the plan year. For the purpose of the Company's discretionary profit sharing contribution, eligibility occurs when the employee is 18 years or older, has worked 1,000 hours during a plan year, is employed on the last day of the plan year, and does not participate in the L&M Radiator, Inc. Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100 percent of their eligible compensation according to the Plan's provisions and the maximum dollar amount allowed by the Internal Revenue Code (IRC). Participants who have attained 50 years of age before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute as rollovers amounts representing distributions from other qualified defined benefit or defined contribution plans and certain IRAs. Participants direct the investment of Plan contributions into various investment options offered by the Plan.

The Company may elect to make a discretionary matching contribution to the Plan. The Company made a matching contribution equal to 20 percent of employee deferrals up to 4 percent of eligible compensation for the year ended December 31, 2015.

The Company may also elect to make discretionary profit sharing contributions to the Plan. The Company made a discretionary profit sharing contribution equal to 4 percent of eligible compensation for the year ended December 31, 2015.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of investment income, and is charged with an allocation of administrative expenses and investment loss. Allocations are based on the participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participant and Company matching contributions and the earnings thereon are immediately vested. Company profit sharing contributions and the earnings thereon are subject to a vesting schedule based on years of continuous service. A participant will be 100 percent vested after three years of credited service. Notwithstanding the above, participants shall, however, become 100 percent vested in their account upon attaining retirement (age 65), early retirement (age 55) while still employed, their death, or becoming totally and permanently disabled.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Note transactions are treated as transfers between the investment fund and the note account. Note terms range up to five years, or longer if the note proceeds are used for the purchase of a principal residence. The notes are secured by the balance in the participant's account and bear a fixed rate of interest. Interest rates at December 31, 2015 ranged from 5.25 percent to 7.00 percent. Principal and interest are paid ratably through regular payroll deductions or remitted directly by participants.

Payment of benefits: Upon termination of employment due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of lump-sum or installment payments. The Plan also allows for in-service withdrawals at age 59½ or in the case of financial hardship, subject to certain restrictions. If the value of a participant's vested benefit is less than \$5,000, the benefit will be paid in a lump sum.

Forfeitures: Forfeited nonvested accounts amounted to approximately \$1,600 and \$6,300 at December 31, 2015 and 2014, respectively. These accounts are used to pay plan expenses and to reduce Company contributions. During 2015, the Plan used approximately \$6,300 of forfeited nonvested accounts to reduce Company contributions.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default in accordance with Plan provisions, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of Assets (Held at End of Year).

Note 2. Summary of Accounting Policies (Continued)

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain other administrative expenses are paid directly by the Plan. Certain asset management and administrative expenses of the Plan are charged against the Plan's investment results.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Upon adoption, ASU 2015-07 shall be applied retrospectively to all periods presented. The Plan adopted ASU 2015-07 for the 2015 plan year, and retrospectively applied it to the 2014 plan year. Prior year disclosures in Note 4 have been revised to reflect the retrospective application.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965)* (ASU 2015-12). ASU 2015-12 designates contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. ASU 2015-12 also eliminates the requirements to disclose individual investments that represent 5 percent or more of the net investments available for benefits and simplifies the level of disaggregation of investments that are measured using fair value. The Plan adopted ASU 2015-12 for the 2015 plan year, and retrospectively applied it to the 2014 plan year. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Trustees

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Newport Trust Company, the current trustee, as of and for the year ended December 31, 2015, and Wilmington Trust, the former trustee, as of December 31, 2014, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule relating to the following assets:

	2015	2014
Cash	\$ 1,294	\$ -
Investments, at fair value:		
Mutual funds	6,551,988	6,276,540
Collective trust fund	1,385,737	1,659,249
Notes receivable from participants	233,102	218,963

Newport Trust Company also certified to the completeness and accuracy of \$(430,084) of net depreciation in fair value of investments, \$388,900 of interest and dividends related to the aforementioned investments, and \$11,344 of interest on notes receivable from participants for the year ended December 31, 2015.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

L&M Radiator, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Mutual funds are valued based on publicly quoted active market prices, of shares held by the Plan at year-end.

Collective trust fund: The collective trust fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers in or out of Levels 1, 2, or 3.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following sets forth by level, within the fair value hierarchy, the Plan's investment assets carried at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,551,988	\$ -	\$ -	\$ 6,551,988
Investments measured at NAV (a)				1,385,737
Total investments at fair value				\$ 7,937,725

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,276,540	\$ -	\$ -	\$ 6,276,540
Investments measured at NAV (a)				1,659,249
Total investments at fair value				\$ 7,935,789

(a) In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent as a practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following presents additional disclosures of the Plan's investments whose fair value is estimated using NAV per share as a practical expedient, when fair value is not readily determinable, as of December 31, 2015 and 2014.

	Investments as of December 31, 2015 and 2014				
	Fair Value as of December 31, 2015	Fair Value as of December 31, 2014	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust fund	\$ 1,385,737	\$ 1,659,249	\$ -	Daily	None

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

L&M Radiator, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 6. Income Tax Status

The Plan has adopted the Newport Retirement Services, Inc. Volume Submitter 401(k) Profit Sharing Plan. The Internal Revenue Service (IRS) has issued an opinion letter stating that the Newport Retirement Services, Inc. Volume Submitter 401(k) Profit Sharing Plan is acceptable under Section 401 of the IRC. The opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Party-in-Interest Transactions

The Newport Group provides administrative services, and therefore, these transactions qualify as party-in-interest transactions. Administrative expenses consist of \$10,039 for fees paid to The Newport Group during 2015.

Note 8. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the 2015 statement of net assets available for benefits.
