ILLINOIS DERMATOLOGY INSTITUTE, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

1 . DESCRIPTION OF PLAN

The following description of the Illinois Dermatology Institute, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering employees (as defined in the plan agreement) of Illinois Dermatology Institute, LLC and Physician Billing Specialists, LLC (the "Employer") that have attained at least one year of service and are age 21 or older. PBC Advisors, LLC is responsible for the general administration of the Plan, as appointed by the Employer. Ascensus Trust Company ("Ascensus") is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Participants may elect to defer up to 100% of their pretax annual compensation, subject to the Internal Revenue Service (IRS) maximum limitation, which was $18,000 in 2015. The Plan also permits "catch-up" contributions for those participants who are age 50 or older. Rollovers from another employer's qualified retirement plan are accepted. For 2015 and 2014, the Company provided an employer safe harbor contribution to each eligible plan participant equal to 3% of the participant's annual compensation. In addition, the Employer has made a discretionary profit sharing contribution to the plan in 2015 and 2014. The discretionary contributions are paid in the subsequent year, along with the safe harbor contribution. For the year ended December 31, 2015, the safe harbor contribution was $100,559 and the discretionary contribution was $601,464.

Plan's participants. Participants must evaluate their own investment goals and objectives and choose the investment funds best suited. Certain employees may also participate in a self-directed brokerage account.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Employer's safe harbor matching contribution, any discretionary employer contributions, and earnings or losses. Allocations are based on the participant's earnings or account balances, as defined. Plan earnings are allocated on a daily basis. Participants self-direct their contributions to the 401(k) plan and their share of the Company's employer safe harbor match and discretionary contributions among the investment options available under the Plan.

Vesting - Participants are fully vested in their salary deferral and employer safe harbor match contributions as of the first day in which they participate in the Plan. Participants are 20% vested in any discretionary profit sharing contributions and employer matching contributions after two years of vesting service as defined by the Plan and are 100% after six years of credited services or upon reaching normal retirement age.

Forfeitures - Forfeitures are retained in the Plan and may be used to pay administrative expenses and/or reduce any future employer contributions. Unallocated forfeiture balances as of December 31, 2015 and 2014 were $9,265 and $6,990, respectively.

1 . DESCRIPTION OF PLAN - CONTINUED

Participant Loans - Effective with the amendment signed in September 2015, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years; the plan administrator may permit a longer repayment term for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate determined by the plan administrator. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits - Upon termination of service, retirement, death, disability, or attainment of age 59-1/2 with six years of plan participation, the entire vested amount of the participant's account balance is payable to the participant or participant's beneficiaries. There are no restrictions on in-service distributions of rollover amounts. A participant may elect to receive their vested account balance as a lump sum distribution, a rollover into another qualified plan, or a combination of more than one distribution type.

Plan Termination - Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in any matching and discretionary contribution accounts.

Subsequent Events - The Plan has evaluated subsequent events through October 6, 2016, the date the financial statements were available to be issued.

2 . SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition -The Plan's investments are valued at fair value using quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The mutual funds held by the Plan are deemed to be actively traded.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2 . SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investments - The Plan's investments are stated at fair value, which generally represents reported market value as of the last business day of the year. Investments in money market funds are carried at cost, which approximates fair value. Dividends, interest, capital gains, realized and unrealized gains and losses and investment expenses for mutual funds are included in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits, and consist of the realized gains or losses and the unrealized appreciation or depreciation of these investments.

Adoption of Recent Accounting Pronouncements - The Plan adopted Auditing Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* , during the year ended December 31, 2015. This ASU reduces complexity in employee benefit plan financial reporting and disclosure requirements. Upon adoption of the standard, plans are no longer required to: measure fully benefit-responsive investment contracts at fair value, disaggregate investments by nature, risks and characteristics, and disclose individual investments that represent five percent or more of net assets available for benefits or disclose net appreciation or depreciation for investments by general type. This update is effective for annual and interim periods beginning after December 15, 2015, with early adoption permitted.

Administrative Expenses - Certain management, administrative and legal services are provided to the Plan by the Employer, without charge to the Plan.

Payment of Benefits - Benefits are recorded when paid.

3 . TAX STATUS

The Internal Revenue Service has issued an opinion letter dated March 31, 2014 indicating that the Plan, as designed, is a qualified plan under Internal Revenue Code section 401(a). The Employer believes that the Plan, as designed, is being operated in accordance with applicable regulations and therefore, is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4 . INFORMATION CERTIFIED BY THE PLAN'S INVESTMENT TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the investment custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant loans, as shown in the statement of net assets available for benefits as of December 31, 2015.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Schedule H, line 4i - Schedule of assets (held at end of year) - December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5 . RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially effect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6 . FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles related to fair value measurement. Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

These principles also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial Instrument's categorization within the fair value hierarchy is based upon the lowest of input that is significant to the fair value measurement. There are three levels of inputs that may be used to measure fair value:

7 . FAIR VALUE MEASUREMENTS - CONTINUED

Level 1: quoted prices in active markets for identical assets or liabilities;

Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that bare not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities ; or

Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following summarizes the classification of investments at December 31, 2015 and 2014 by classification and method of valuation:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,752,428	$ -	$ -	$ 7,752,428

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,015,187	$ -	$ -	$ 7,015,187

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets.

8. OTHER EMPLOYER CONTRIBUTIONS RECEIVABLE

During the year ended December 31, 2015, it was determined that certain bonuses were excluded from the eligible compensation calculation for employee deferral purposes and employer matching calculations. Total amount due to the plan is $3,169 which is included in other employer contributions receivable. Management corrected during 2016.
