NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1: DESCRIPTION OF PLAN

The following description of the Rineco Chemical Industries, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, which was established January 1, 1993 and amended and restated effective January 1, 2009, is a defined contribution plan maintained for the benefit of eligible employees of Rineco Chemical Industries, Inc. (the Employer, Plan Sponsor and Plan Administrator). Generally, an employee is eligible to participate in the Plan on the first day of the next month after reaching age 21 and completing 6 months of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Plan Administrator utilizes the services of John Hancock Life Insurance Company to process investment transactions and maintain participant account balances. Fees paid by the Plan for recordkeeping services totaled approximately $10,000 for the year ended December 31, 2015.

Certain duties related to administration of the Plan are performed by employees of the Plan Sponsor; however, the Plan Sponsor does not charge the Plan for the estimated cost of such services. Expenses paid by the Plan Sponsor on behalf of the Plan totaled approximately $12,000 for the year ended December 31, 2015.

(b) Contributions

Participants may contribute any amount of annual compensation, as specified in the Plan, not to exceed limitations imposed by the Internal Revenue Service (IRS). The Employer may make discretionary matching contributions up to 1% of each employee's compensation after one year of service. The matching contribution percentage is determined annually by the Plan Sponsor. Employer contributions are also subject to limitations imposed by the IRS.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions, if any, as well as allocations of Plan earnings and forfeitures of terminated participants' nonvested accounts, if any, net of certain administrative expenses. Allocations are generally based on participant account balances, as specified in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are fully vested at all times in their own contributions plus actual earnings thereon. Vesting in Employer contributions and earnings thereon is based on years of service, as defined in the Plan agreement. A participant is one hundred percent vested in Employer contributions upon retirement, permanent disability or death, or after six years of credited service.

NOTE 1: DESCRIPTION OF PLAN (Continued)

(e) Investment Options

Participants may direct the investment of their contributions in one or more investment options offered under the Plan's group annuity contract with John Hancock, including a variety of pooled separate accounts structured for different levels of risk tolerance and time horizons and guaranteed interest accounts. Participants may change their investment options at any time.

(f) Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans may be extended for periods not to exceed five years except when loan proceeds are used for the purchase of the borrower's primary residence, in which case the loan may be extended at the discretion of the Plan Administrator. Loans are secured by the participant's vested account balance and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan Administrator. Principal and interest are paid through payroll deductions.

(g) Hardship Withdrawals

In case of immediate and heavy financial hardship, a participant may withdraw all or a portion of the participant's vested account balance. A withdrawal shall be deemed for purposes of an immediate and heavy financial hardship if the withdrawal is necessary for certain eligible expenses, such as medical care, the purchase of a principal residence for the participant, payment of tuition and related education fees for the next twelve months of post-secondary education, payments necessary to prevent eviction of the participant from his or her principal residence or to avoid foreclosure on said residence, payments for funeral or burial expenses or expenses to repair damage to the participant's principal residence.

If a hardship withdrawal is made, the participant's salary deferral is suspended for six months after the receipt of the hardship withdrawal.

(h) Forfeitures

The nonvested portion of a participant's account to which the participant is not entitled upon termination is deemed a forfeiture. As allowed under the Plan agreement, forfeitures are used first to restore the forfeitures of any rehired participants and then to offset administrative expenses. Any remaining amounts are allocated among participants' accounts as additional employer matching contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately $1,100.

(i) Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or his or her designated beneficiary) may elect to receive the participant's vested account balance in either a lump-sum distribution, as a direct rollover to another plan or in partial cash distributions over a period of time to be determined by the participant, not to exceed his or her life expectancy. For terminations of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions after a participant's attainment of age 59-1/2 are permitted as specified in the Plan agreement.

NOTE 1: DESCRIPTION OF PLAN (Continued)

(j) Termination of the Plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and Custodian. See Note 4 for further discussion on the determination of fair value amounts.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes realized and unrealized gains and losses on investments bought and sold, as well as those held during the year.

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(d) Payments of Benefits

Benefits are recorded when paid. There are no amounts allocated to withdrawing participants that have not been paid at December 31, 2015 and 2014.

(e) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Recently Adopted Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) which includes changes to disclosures for certain entities that calculate net asset value per share (or its equivalent). Prior to this issuance, FASB Topic 820 permitted a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value per share of the investment and required the reporting entity to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, under the amendments in ASU No. 2015-07, investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at net asset value per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy.

In July 2015, FASB issued ASU No. 2015-12 (Part II), Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): Plan Investment Disclosures, which simplified investment disclosure in benefit plans. Part II of ASU No. 2015-12 states that plans will no longer be required to disclose individual investments that represent 5% or more of the net assets available for benefits. Plans will also no longer be required to disclose the net appreciation or depreciation in the fair value of investments for the period by general type. However, disclosure will still be required of aggregate appreciation or depreciation in investments. Under Part II, plans will no longer have to group and disclose classes of assets based on the nature, characteristics and risks under the requirements of FASB Accounting Standards Codification (ASC) 820, Fair Value Measurement. Rather, plans will only have to group and disclose classes of assets based on general type as required by FASB ASC Topics 960, 962 and 965.

These requirements are effective for fiscal years beginning after December 15, 2015. Management has elected to adopt ASU No. 2015-07 and ASU No. 2015-12 Part II during the year ended December 31, 2015.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all information pertaining to the Plan's interest in the group annuity contract and the related income, information in the notes to the financial statements and information in the supplemental schedule was certified by the Plan's Custodian, John Hancock Life Insurance Company, as of December 31, 2015 and 2014, and for the year ended December 31, 2015. This information was not subject to audit procedures except for comparing it to the related information included in the financial statements and supplemental schedule.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN (Continued)

The following information included in the accompanying financial statements, related notes and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's Custodian.

	2015	2014
Investments		
Group annuity contract with insurance company:		
Pooled separate accounts	$ 5,015,211	$ 5,078,478
Guaranteed interest account	$ 15,785	$ 10,004
Investment Income		
Net depreciation in fair value of investments	$ (79,892)	N/A

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Guaranteed Interest Account

The guaranteed interest accounts cannot be sold to a third-party; thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. Therefore, the fair value of the guaranteed interest accounts is determined using a market approach and is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement.

Pooled Separate Accounts

The fair values of the pooled separate accounts are based on the net asset value per unit of each pooled separate account in which the Plan invests multiplied by the number of units held by the Plan at the financial reporting date. The net asset value is determined based on the market values of the underlying assets comprising the pooled separate accounts. Underlying investments in mutual funds or equity securities are measured using quoted market prices in active market for identical assets. Underlying investments in fixed income securities are measured based on the pricing data provided by outside valuation service providers who generally use the mean of bid and ask prices, but may also use alternative observable pricing inputs for certain securities. The fair value of all of these investments are used in determining the NAV of the pooled separate accounts, which are not publicly quoted. This is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Fair Value	Level 1	Level 2	Level 3
December 31, 2015				
Guaranteed interest account	$ 15,785	$ -	$ 15,785	$ -
Investments measured at net asset value [(a)]	5,015,211	-	-	-
	$ 5,030,996	$ -	$ 15,785	$ -

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

	Fair Value	Level 1	Level 2	Level 3
December 31, 2014				
Guaranteed interest account	$ 10,004	$ -	$ 10,004	$ -
Investments measured at net asset value [(a)]	5,078,478	-	-	-
	$ 5,088,482	$ -	$ 10,004	$ -

[(a)] In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	Fair Value Estimated Using Net Asset Value per Share December 31, 2015			
Investment	**Fair Value**	**Unfunded Commitment**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Pooled Separate Accounts	$ 5,015,211	n/a	Daily	None

	Fair Value Estimated Using Net Asset Value per Share December 31, 2014			
Investment	**Fair Value**	**Unfunded Commitment**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Pooled Separate Accounts	$ 5,078,478	n/a	Daily	None

NOTE 5: EXCESS CONTRIBUTIONS PAYABLE

The financial statements reflect a liability for excess contributions payable of $72,375 and $69,279, for the years ended December 31, 2015 and 2014, respectively, for contributions in excess of amounts allowed by the IRS.

NOTE 6: TAX STATUS

The Plan obtained its latest determination letter on September 20, 2010, in which the IRS informed the Plan Sponsor, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the date of the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting standards require the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan may be subject to audit by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The investment options offered to Plan participants are exposed to various risks such as interest rate, market and credit risks. Certain of the investment options may include foreign securities. There are certain additional risks involved when investing in foreign securities that are not present with investments in domestic securities. These risks may involve foreign currency exchange rate fluctuations, adverse political and economic developments and the possible prevention of currency exchange due to foreign governmental laws or restrictions. In addition, the liquidity of foreign securities may be more limited than that of domestic securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Plan's financial statements.

NOTE 8: TRANSACTION WITH RELATED PARTIES

During the years ended December 31, 2015 and 2014, the Plan held units of participation in a group annuity contract offered by the Custodian of the Plan. These transactions are allowable parties-in-interest transactions under ERISA.
