INDEPENDENT AUDITOR'S REPORT

To the Administrator and Participants of
The University of Findlay Defined Contribution Retirement Plan
Findlay, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The University of Findlay Defined Contribution Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively TIAA-CREF), including TIAA-CREF as agents for TIAA-CREF Trust Company, FSB (TIAA-CREF Trust Company) and as agents for JP Morgan Chase Bank, N.A. (JP Morgan) except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that TIAA-CREF held the Plan's investment assets and executed investment transactions as of December 31, 2015 and 2014 for the year ended December 31, 2015, and that TIAA-CREF Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2015 to December 31, 2015 and that JP Morgan held the Plan's investment assets at December 31, 2014. The plan administrator has obtained certifications from TIAA-CREF, including certification from TIAA-CREF on behalf of TIAA-CREF Trust Company and JP Morgan as of December 31, 2015 and 2014 and for the year ended December 31, 2015 that the information provided to the plan administrator by TIAA-CREF is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by TIAA-CREF, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE UNIVERSITY OF FINDLAY
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - PLAN DESCRIPTION

The following description of The University of Findlay Defined Contribution Retirement Plan ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the University of Findlay ("the University"), who are at least 21 years old and have completed one year of service, except student employees, part-time employees and adjunct professors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions and Vesting: The Plan does not allow for participant elective deferrals. The University is required to make a matching contribution based on years of service. The University makes the matching contributions based on the following schedule:

Years of Service 1-6:	University will contribute 5% of eligible compensation, mandatory employee contribution equal to 5% of eligible compensation.
Years of Service 7-11:	University will contribute 7% of eligible compensation, mandatory employee contribution equal to 3% of eligible compensation.
Years of Service 11+:	University will contribute 10% of eligible compensation, mandatory employee contribution not required.

Effective December 31, 2015, due to the merger of The University of Findlay Tax Deferred Annuity Plan into the Plan (as discussed in Note 9), participants may defer eligible earnings on a pre-tax or after-tax basis, upon their date of hire. The University does not make any matching contributions on these elective employee deferrals. The Plan allows participants who have attained age 50 by the end of the Plan year to make catch-up contributions in accordance with Code Section 414(v). Participants may contribute funds from another qualified plan as rollover contributions. A participant is immediately 100% vested in all contributions.

Investment Options: Upon enrolling in the Plan, a participant may direct the investment of their account into any of the investment options offered by the Plan. Participants generally may change their investment elections daily.

Participant Accounts: Each participant's account is credited with the participant's contribution, the University contribution, and Plan's earning. Participant's accounts are charged with applicable withdrawals and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Payment of Benefits: Upon termination of service, a participant may elect to receive the value of his or her account in the form of a joint and survivor annuity, a single life annuity, or a lump sum payment. Effective December 31, 2015, due to the Plan Merger, a participant may withdraw all or a portion of the value of his or her vested interest prior to termination of employment upon meeting certain requirements as set forth in the Plan document.

Investment Management Expenses: Investment management expenses are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 1 - PLAN DESCRIPTION (Continued)

Assets Pledged as Collateral: Participants are permitted to obtain loans directly from Teachers Insurance and Annuity Association (TIAA). Adequate security is required and a portion of the participant's account serves as collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity Account. In general, the amount of the loan may not exceed the lesser of \$50,000 reduced by the highest outstanding loan balance in a participant's vested account during the prior 12-month period. The minimum loan amount is \$1,000. The loans bear a rate of interest as determined in the controlling contract and may be fixed or variable. The amount of Plan assets which are held in the TIAA Traditional Annuity Account as collateral for loans issued by TIAA to participants was not material as of December 31, 2015.

Reclassifications: During 2015 management re-evaluated the measurement inputs that are available for the Plan's interests in the College Retirement Equities Fund (CREF) and TIAA variable annuity accounts and determined that these investments do not qualify for the use of net asset value as a practical expedient because these investments are structured similarly to mutual funds and have quoted prices (reflecting net asset values) that are published and reflect the basis for executing transactions in these annuity accounts. Accordingly, because management has determined that these investments have readily determinable fair values, they are reflected as having Level 1 fair value measurement inputs, rather than Level 2, as previously presented.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Adoption of New Accounting Standards: In July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to the measurement, reporting and disclosure of fully benefit-responsive investment contracts (FBRICs) and amended various other disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance requires FBRICs to be measured, presented, and disclosed only at contract value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of FBRICs from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt this standard which required retrospective application to all periods presented. The adoption of this standard had no effect on the Plan's net assets available for benefits or changes therein.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive investment contracts are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

NOTE 3 - INVESTMENTS – UNAUDITED INFORMATION

TIAA-CREF held investment assets and executed investment transactions therein as of December 31, 2015 and 2014 and for the year ended December 31, 2015; TIAA-CREF Trust Company, FSB (TIAA-CREF Trust Company) held investment assets and executed investment transactions therein from January 1, 2015 to December 31, 2015; and JP Morgan Chase Bank, N.A. (JP Morgan) held investment assets at December 31, 2014. Substantially all information pertaining to investments included in the financial statements has been certified by TIAA-CREF, including certification from TIAA-CREF on behalf of JPMorgan and TIAA-CREF Trust Company. This information has not been audited by independent auditors.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements were determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy were defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of its investments.

Mutual Funds: The fair values of mutual fund investments were determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Variable Annuity Contracts: The fair values of variable annuity contracts were determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

TIAA Traditional Annuity Contracts: The TIAA Traditional Annuity contracts are individual guaranteed fixed annuity investment contracts issued by TIAA ("Issuer"). Due to certain liquidity restriction provisions, some of the contracts within the TIAA Traditional Annuity contract are not fully benefit-responsive and, accordingly, are measured at fair value. TIAA and Plan management have determined contract value to be the most reasonable estimate of fair value for contracts that are not fully benefit-responsive. Contract value is the aggregation of contributions, plus interest that is credited, less applicable withdrawals. The fair values of the Plan's non-fully benefit-responsive investment contracts have been estimated by TIAA to approximate contract value, based upon a discounted cash flows analysis methodology that discounts the projected cash flows using risk-adjusted market discount rates which correlate closely with TIAA Traditional Annuity's historical interest crediting rates (Level 3 inputs).

The contract values are guaranteed by TIAA and reflect the exit value available to the Plan and Plan participants. Based upon recent credit ratings for TIAA, management believes no adjustment to contract value is required related to credit quality. Since investment contracts are not transferable, there is no market from which to obtain observable market prices for the contracts held by the Plan or comparable contracts. The Plan administrator reviews and evaluates the TIAA Traditional Annuity contract valuation methodology and assumptions provided by TIAA on an annual basis as of the Plan's financial statement date. The plan administrator then presents TIAA's fair value estimate and documentation of its applicable valuation methodology and assumptions for the contracts, along with the Plan's applicable financial statement footnote disclosures to the Plan's Investment Committee for its approval of the valuation estimate and financial statement disclosures.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Plan holds unallocated, fully benefit responsive investment contracts through its investment holdings in the TIAA Traditional Account (TIAA; Issuer). The TIAA - Traditional Individual Fixed Annuity Contracts are individual guaranteed fixed annuity traditional investment contracts issued by TIAA.

Within the TIAA Traditional Individual Fixed Annuity Contracts are six types of contracts available to participants: the Retirement Annuity (RA), the Group Retirement Annuity (GRA), the Retirement Choice (RC), the Supplemental Retirement Annuity (SRA), the Group Supplement Retirement Annuity (GSRA), and the Retirement Choice Plus (RCP). The type of contract through which a participant allocates to the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid above the guaranteed minimum interest rate, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. There are certain liquidity restrictions on the RA, GRA, and RC contracts.

Participants with RA, GRA, and RC contracts have certain restrictions over the availability of lump-sum withdrawals from the contracts as well as over the number of installments in which participant-initiated transfers and participant-initiated withdrawals are made. Based on these provisions, the RA, GRA, and RC contracts are considered to be non-fully benefit-responsive. As there are no comparable restrictions over the SRA, GSRA and RCP contracts, those contracts are considered fully benefit-responsive. Participants in the Plan hold investments in both non-fully benefit-responsive and fully benefit-responsive contracts through the TIAA Traditional Account. As of December 31, 2015 and 2014, the Plan's investments in fully benefit-responsive TIAA Traditional Annuity contracts were \$4,949,247 and \$0, respectively.

TIAA maintains the contributions to the TIAA Traditional Annuity contracts in its general account. TIAA's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

All TIAA Traditional Annuity contracts are directly between TIAA and the participants. Benefit payments from the contracts are paid as an annuity or a lump-sum, as defined in the contracts and as elected by the participant upon meeting the eligibility requirements. There are no conditions specified in any of the contracts under which participant withdrawals and transfers would be restricted or made at a value other than contract value or the annuity or lump-sum benefit, as defined in the contracts. The contracts do not provide any provisions that would allow the Issuer to terminate the contracts between the Issuer and the participants.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor ("DOL") regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. The Plan holds variable annuity contracts, mutual funds and investment contracts issued by TIAA-CREF; therefore, these transactions and the Plan's payment of investment management fees to TIAA-CREF qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the University. The Plan paid \$58,672 for investment advisory services for the Plan year 2015, these fees also constitute as party-in-interest transactions.

NOTE 7 - TAX STATUS

Effective during 2013, the Internal Revenue Service began accepting applications for opinion and advisory letters for prototype and volume submitter 403(b) Plans. As of the date on the independent auditor's report, the Plan has not yet received a favorable opinion or advisory letter. Although a favorable letter has not yet been received, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and its related regulations.

NOTE 9 - PLAN MERGER

Effective December 31, 2015, The University of Findlay Tax Deferred Annuity Plan was merged into the Plan. This merger was performed for administrative simplicity and has no effect on the benefits provided.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 10, 2016, which is the date the financial statements were available to be issued.
