VILLAGE COPIER INCENTIVE

SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

## NOTE A - DESCRIPTION OF PLAN

The following description of the Village Copier Incentive Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The plan is a defined contribution plan covering substantially all full-time employees of Village Copier Inc., 10 East Copier Inc., 20 East Copier Inc., Printing House Press Ltd. (Company). It is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

2. Contributions - any full-time employee may elect semi-annually to participate in the plan. Participants may contribute up to 100 percent of pre tax annual compensation, as defined in the Plan. Contributions are subject to certain limitations.

3. Custodian - The custodian of the investment is Principal Life Insurance Company (Principal). Each participant elected to have their account invested in mutual fund accounts of which Principal is their custodian, or in a collective investment trust which is a fixed income fund held by Principal.

4. Participant Accounts - Each participant account is credited with the participant's contribution and allocation of the Plan's earnings. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants direct the investment of their contributions into various investment options offered by the custodian. They can change their investment by contacting directly with the custodian.

5. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon.

6. Payment of benefits – On termination of service due to death, disability, or retirement, a participant is entitled to receive the balance in his account. A participant may elect to receive the distribution either in a lump sum, or roll it over to an IRA. Distributions may also be made upon determination of financial hardships. Benefit payments to participants are recorded upon distribution.

7. Rollovers - Participants may rollover retirement accounts that they had before joining the plan into the Plan.

NOTE A - DESCRIPTION OF PLAN (continued)

8. Participant loans- Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum $50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account and bear interest at rates as determined by the custodian, which are commensurate with local prevailing rates as determined quarterly by the custodian. Principal and interest is paid ratably through monthly payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING – The financial statements are prepared on the accrual basis of accounting method. Contributions reflect the plan year for which the deposit was received.

ESTIMATES – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and the changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those amounts.

INVESTMENT VALUATION AND INCOME RECOGNITION – The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. There is no assurance that these values will exist at the time of a participant's retirement as market conditions may fluctuate and result in a reduction in available benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses – Certain administrative costs incurred by the Plan relating to investment transactions, and other administrative expenses have been paid by the Plan and allocated to the participant accounts.

Accounting principles generally accepted in the United States of America ("GAAP") define the fair market value an account would receive if it were to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a fair value hierarchy that prioritizes inputs to valuation methods used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Level 1 - unadjusted quoted prices in active markets for identical investments

Level 2 - inputs to the valuation methodology include:

- Unadjusted quoted prices for similar investments in markets that are either active or inactive ;
- Inputs other than quoted prices that are observable such as interest rates, yield curves, volatilities, etc.

Level 3 – significant unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are unavailable

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2015.

Mutual funds – Valued at the closing price reported on the active market on which the individual funds are traded. All of the investments in mutual funds were valued using the level 1 within the fair value hierarchy. The value as of December 31, 2015 was $2,208,190.

Collective investment trust and participant loans were valued using the level 2 within the fair value hierarchy. The value as of December 31, 2015 was as follows:

| | |
|---|---|
| Collective Investment Trust | $ 107,776 |
| Participant loans | 34,219 |

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

For collective investment trust the value included in the financial statements should be reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The value included in the financial statements at fair value approximated contract value at December 31, 2015.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

UNCERTAINTY IN INCOME TAXES– The Plan has adopted the provision pertaining to uncertain tax positions, ASC Topic 740, and has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements. The plan files U.S. federal tax returns. No income tax returns are currently under examination. The plan's federal tax returns for the prior three years remain subject to examination by the Internal revenue Service.

SUBSEQUENT EVENTS – In the preparation of these financial statements, management has evaluated events and transactions subsequent to December 31, 2015 through the date that the financial statements were issued.

NOTE C – INVESTMENT WITH INSURANCE COMPANY

In 1999, the Plan entered into an arrangement with John Hancock Life Insurance Company Of New York (JHANCOCK), an insurance company. JHANCOCK maintained the contributions in separate pooled accounts. The pooled accounts consisted of investments in various mutual funds. The accounts were credited with actual earnings on the underlying investments including appreciation in the underlying investments and charged for plan withdrawals, administrative expenses, and depreciation in the value of the underlying investments. In addition, JHANCOCK maintained a guaranteed account which earns interest at local prevailing rates.

In 2011, the investments in JHANCOCK were sold and transferred to Principal. Participants elected to invest the account balances in publicly traded mutual funds or in a fixed income account that is a collective investment trust, all of which is held by Principal as custodian.

The fixed income account earned an average of approximately 0.5% in 2015.

NOTE C - ADMINISTRATIVE EXPENSES

Principal as custodian of the Plan, maintains the investments and record keeping of the Plan, was entitled to be reimbursed for administrative expenses. For 2015, the total administrative expenses was $4,443.

## NOTE D - INCOME TAX

The Internal Revenue Service has ruled that the plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the plan's qualified status.

## NOTE E - TERMINATION

## NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various types of investments. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term, based on markets' fluctuations, and that such changes could materially affect the amounts reported in the Plan's statement of net assets available for benefits and participant account balances.
