The Aulick Employee Retirement Plan
Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Aulick Employee Retirement Plan (Aulick Leasing Corp and related employers) 401(k) ("The Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions

1. *General.* The Plan is a defined contribution plan covering all full-time employees of the company who have one year of service and are age 21 or older. The Plan was adopted January 1, 2005. The plan is subject to the provisions of ERISA.
2. *Contributions.* Each year, participants may contribute up to the maximum allowed under the law. The limit for 2015 is \$18,000 with a catch-up provision of \$6,000 for those participants who are at least age 50 or more before the end of the calendar year. Participants may also contribute amounts representing distributions (rollovers) from other qualified retirement plans. Participants direct the investment of their account. The plan currently offers various mutual funds as investment options for participants. The company contributes 100% of the first 3% of compensation contributed, then 50% of the next 2% of compensation contributed. The company may make a discretionary profit sharing contribution. Contributions are subject to certain limitations.
3. *Participant Accounts.* Each participant's account is credited with the participant's contributions, the company contribution, an allocable portion of any Plan's earnings and is charged an allocable portion of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are vested 100% immediately in their contributions of salary deferrals including catch-up contributions, rollover contributions and safe harbor contributions. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 5 years of credited service. Participants will be credited with a year of service at the end of the twelve month period beginning on their date of hire with at least 1,000 hours of service during such period.
5. *Notes Receivable from Participants.* Participants may no longer borrow from their accounts. The outstanding loans are secured by the balance in the participant's account and bear an interest rate of 4.25%-5.25% depending on when the loan was taken out. The interest rate charged is a commercially reasonable rate of interest. The Administrator will determine a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. The interest rate will be fixed for the duration of the loan. Principal and interest is paid ratably through payroll deductions not to exceed 5 years.
6. *Payments of Benefits.* On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or minimum required payments. For termination of service for other reasons, a participant may receive

Note 1 – Description of Plan (Continued)

6. the value of the vested interest in his or her account as a lump-sum or may elect to postpone the distribution until required beginning date.
7. *Forfeited Accounts.* At December 31, 2015 and 2014 there were \$-0- forfeited non-vested accounts. Forfeitures may be used to pay plan expenses then offset employer's contribution obligations.
8. *Plan Amendments.* On January 7, 2013, the Plan amended Section 4(a), Affiliated Employers/Participating Employers of the Aulick Employee Retirement Plan to 4(b) to read: The Employer is a member of a Controlled Group and, the Affiliated Employers will adopt the Plan as Participating Employers. Effective on January 7, 2013, ShirAul, LLC, an Affiliated Employer elected to become a Participating Employer in the Plan. Participants were enrolled beginning July 1, 2014.

On October 2, 2013, the Plan amended Section 43(b) Loans to Participants, of the Aulick Employee Retirement Plan to 43(a) to read: "Loans are NOT permitted." Effective on January 1, 2014, no new loans will be permitted under the Plan. The current notes receivable to participants will continue to be repaid at their current interest rate and payment plan until paid in full.

The effects of such amendments will be an increase to Plan Assets by allowing additional participants from the new Affiliated Employer in future years. And then there will be a reduction in Plan Assets by reducing the Notes Receivable to Participants in future years to zero.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements

Note 2 – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid from the plan's assets and allocated among the accounts of all participants in the plan. Except for certain expenses that are attributable to participants such as loan origination fees associated with notes receivable.

Subsequent Events

The plan has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued.

NOTE 4—FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014

	<u>Fair Value Measurements at December 31, 2015</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>

Total Assets at Fair Value	<u>\$4,823,407</u>	<u>763,528</u>	<u>-</u>	<u>\$5,586,935</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note 5 – Related-Party Transactions

There are no related-party transactions between the company and the Plan.

Note 6 – Information Certified by the Trustee

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (the trustee of the Plan).

Note 7 – Note Receivable from Participants

During the year ended December 2015, Plan participants were not permitted to borrow against their account balances. Loan repayments totaled \$26,036 in principal and \$2,199 in interest. Taxable loan payment distributions (which are included in benefit payments) were \$6,766. Repayments of principal and interest are allocated to the participant's investment accounts as established in the Plan.

The Aulick Employee Retirement Plan
Notes to Financial Statements

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the company contribution portion of their account.

Note 9 – Tax Status

The Internal Revenue Service has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax provisions taken by the plan and recognize a tax liability (or asset) in the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 10 – Plan Administration

Certain administrative functions are performed by officers or employees of the company. No such officers or employees receive compensation from the Plan. Generally, administrative expenses, other than those expenses charged directly to the Plan by John Hancock Life Insurance Company, are paid directly by the company.

Note 11 – Benefits Paid

Benefits paid to participants of the Plan consist of minimum distributions, pre-retirement withdrawals, termination of employment, loan defaults and hardship withdrawals. Benefits paid were \$650,571 and \$511,641 for December 31, 2015 and 2014, respectively.

Note 12 – Risks and Uncertainties

The Plan's participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
