OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Oregon Healthcare Resources Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution profit sharing plan which includes a salary deferral arrangement commonly referred to as a 401(k) plan. The Plan covers substantially all employees of OHR Physician Group, P.C. and Oregon Healthcare Resources, LLC (collectively, the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). OHR Physician Group, P.C. is the Plan’s sponsor and serves as plan administrator.

Eligibility – Eligible employees for elective deferrals, employer safe harbor matching contributions, and employer discretionary matching contributions are those who have completed 30 days of consecutive employment and are at least 18 years of age. Eligibility for profit sharing contributions are those who have completed at least 1,000 hours of service in a consecutive 12-month period and are at least 18 years of age.

Contributions

Participant contributions – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions – The Company may make discretionary profit sharing and matching contributions to the Plan. The discretionary profit sharing contribution for the year ended December 31, 2015 was \$1,676,461.

Employer safe harbor – The Company makes safe harbor contributions for each active Plan participant in an amount equal to 1) 100% of the amount of the participant’s elective contributions that do not exceed 3% of the participant’s safe harbor compensation; and 2) 50% of the amount of the participant’s elective contributions that exceed 3% of the participant’s safe harbor compensation but that do not exceed 5% of the participant’s safe harbor compensation. The safe harbor contribution for the year ended December 31, 2015 was \$1,363,294.

Contributions are subject to regulatory limitations.

OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Description of Plan (continued)

Participant accounts – Each participant’s account is credited with the participant’s contributions and Company matching contributions as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the Company’s discretionary employer match and profit sharing contribution portion of their accounts is based on years of continuous service. Participants vest in the Company’s employer match and profit sharing contributions based on the following schedule:

<u>Years of service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant’s account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2015, the rates of interest on outstanding loans ranged from 3.25% - 4.25% with various maturities through October 2030.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or in a single life or joint annuity. Effective May 1, 2015, annuity distributions will no longer be permitted and the only form of distribution available will be a lump sum distribution. If termination is due to death, disability, or retirement at or beyond age 62, a participant is considered to be 100% vested even if the participant has not been credited with six years of vesting service. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Description of Plan (continued)

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, and are first used to reduce the matching contribution, including the safe harbor contribution and, if any forfeitures remain unallocated after completing the preceding allocation, the remainder is to be allocated as an employer contribution pursuant to terms of the Plan or used to pay plan expenses. Total forfeitures available to reduce the Company's future contributions were \$16,143 at December 31, 2015 (\$24,082 at December 31, 2014). Forfeitures used to reduce employer contributions totaled \$889 in 2015.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Accounting Standards Updates

ASU 2015-07 - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent).

The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient). ASU 2015-07 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that an investment for which fair value is measured using a NAV practical expedient be removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the investment disclosures in Note 3 have been modified as of December 31, 2014 as well.

ASU 2015-12 - In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation or depreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.

OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (continued)

ASU 2015-12 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Investment valuation – The investments are reported at fair value. The Plan's custodian, Charles Schwab Trust Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Expenses – General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, plan administration, and loan transaction fees are paid by the Plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 12, 2016, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Units held in common/collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Note 3 – Fair Value Measurements (continued)

The Plan has investments in the Schwab Managed Retirement 2010, 2020, 2030, 2040, 2050 and Income trust funds (the Funds) which are common/collective trusts. The Funds invest in a diversification of assets, including, but not limited to, Large Cap Equities, Mid Cap Equities, Small Cap Equities, International Equities, Fixed Income and Stable Value funds. The Funds seek to provide total return for investors retiring approximately at or near the years 2010, 2020, 2030, 2040, and 2050. There are no redemption restrictions on the common/collective trusts or any of the underlying investments.

The Morley Stable Value Fund is a collective trust designed to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high quality stable investment contracts, as well as cash and cash equivalents. Each contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments (fully benefit-responsive).

The Morley Stable Value Fund is presented at contract value which approximates fair value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan's ability to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of such events, which would also limit the Plan's ability to transact at contract value with participants, is probable.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 18, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 – Party-In-Interest Transactions

Certain Plan investments are managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Note 8 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 9 - Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and has remitted these amounts to participants' accounts during 2015.
