NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 1 **Description of Plan**

The following description of the McAlpin Industries, Inc. Employees' Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of McAlpin Industries, Inc. (the Company). Prior to August 1, 2015, the Plan covered employees who were 21 years of age or older and who completed three months of service during the Plan year. Effective August 1, 2015, the Plan eliminated the age and service requirement and newly hired employees are immediately eligible for Participation in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each participant may contribute up to the maximum amount allowed by law. Prior to August, 2015, participants could contribute up to 25% of their pretax annual compensation, as defined by the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and increases 1% annually up to a maximum of 10% of compensation unless instructed otherwise by the Participant. The Company matches 35 percent of the first 5 percent of compensation that a participant contributes to the Plan. Additional annual profit sharing amounts may be contributed at the discretion of the Company's Board of Directors. Participants direct the investment of all employee and employer contributions into various investment options offered by the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution (if any), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 **Description of Plan - Continued**

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in employer discretionary profit sharing and match contributions are based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable From Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) 50% of the vested account balance or (ii) $50,000, reduced by the highest outstanding loan balance during the prior 12-month period.

The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent, ranging from 4.25% to 5.25% at December 31, 2015 and have maturity dates between 2016 and 2024. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, hardship, retirement, termination or other reason, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account balance.

In December, 2014, a terminated participant requested a distribution of his account balance of $9,607. The distribution was processed in 2015. In accordance with filing instructions to the Form 5500, this distribution is included as a benefit claim payable at the Plan year end; however, accounting principles generally accepted in the United States of America require that the liability presentation be excluded from the statements of net assets available for benefits.

Forfeited Accounts
At December 31, 2015 and 2014, forfeited non-vested accounts totaled $1,938 and $12,278, respectively. These accounts may be used to reduce future employer contributions or pay Plan expenses. In 2015, $14,336 was used to reduce employer contributions and $-0- was used to pay Plan expenses. In 2014, no forfeitures were used to reduce employer contributions or pay Plan expenses.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Accounting Changes

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in the fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustees. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 **Significant Accounting Policies - Continued**

Notes Receivable from Participants
Notes Receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contribution Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants prior to March 15 of each subsequent Plan year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid for by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events for potential recognition and disclosure through October 12, 2016, the date the financial statements were available to be issued.

Note 3 **Certified Information**
The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by TD Ameritrade Trust Company and Mass Mutual Trust Company, the trustees, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule. The trustees have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014 and the related investment income and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2015. Additionally, the trustees have certified the information in the schedule of assets (held at end of year) as of December 31, 2015.

Note 4 **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 **Fair Value Measurements - Continued**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	**$ 7,670,269**	**$ -**	**$ -**	**$ 7,670,269**

	Assets at Fair Value as of December 31, 2014			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	**$8,008,668**	**$ -**	**$ -**	**$8,008,668**

Note 5 **Related Party Transactions and Party-In-Interest Transactions**

Certain Plan investments were money market funds managed by the TD Ameritrade Trust Company. TD Ameritrade Trust Company was the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Note 6 **Tax Status**

The Plan adopted a non-standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the prototype plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Note 6 **Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

Note 7 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account balance.

Note 8 **Risk and Uncertainties**

The Plan provides for investments which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the levels of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 **Reconciliation to Form 5500**

The following is a reconciliation of the net assets available for benefits per the Form 5500 to the financial statements at December 31, 2015 and 2014:
