Independent Auditor's Report

To the Administrative Committee and Participants of the
The Lanier Law Firm, P.C. 401(k) Plan
Houston, Texas

We were engaged to audit the accompanying financial statements of The Lanier Law Firm, P.C. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of the Plan

The following description of The Lanier Law Firm, P.C. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established January 1, 2005, as amended and restated effective January 1, 2008. The Plan, sponsored by The Lanier Law Firm, P.C. (the "Plan Sponsor" or "Employer"), has an income deferral feature under Section 401(a) of the Internal Revenue Code (the "IRC") and is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and its subsequent amendments.

The Plan has been adopted by the Plan Sponsor, as well as the following related employers under common control (collectively, the "Employer"), for the benefit of their employees:

- The Lanier Law Firm PLLC (New York Law Firm)
- The Lanier Law Firm, P.C. (Los Angeles Law Firm)
- Becky's Janitorial Services, Inc.
- Mud & Wood, Inc. (Potter's Wheel)
- The Lanier Foundation
- The Lanier Theological Library Foundation

Administration of the Plan

The Plan Sponsor is the plan administrator. Voya Retirement Insurance and Annuity Company (the "Custodian" or "Voya") is the investment custodian and record keeper for the Plan's participant-directed assets as of December 31, 2015 and 2014 and for the year ended December 31, 2015. July Business Services is the third party administrator of the Plan as of December 31, 2015 and 2014 and for the year ended December 31, 2015.

Eligibility

All employees of the Employer are eligible to participate in the Plan upon attaining 21 years of age and completion of six months of service. After satisfying the minimum age and service requirements, participants are able to enter the Plan coinciding with or on the next following entry date which occurs on the first day of the 1st, 4th, 7th and 10th month of the plan year.

Contributions

Participants may make tax deferred contributions (salary deferral contributions) during the plan year as defined in the plan document, in whole percentage increments, up to the maximum amount allowed by law ($18,000 for 2015). The Plan allows participants to make ROTH after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make additional tax deferred catch-up contributions (up to $6,000 for 2015).

The Plan permits the Employer to make discretionary matching contributions during each plan year. Furthermore, the Employer may make additional discretionary profit sharing contributions on behalf of eligible participants, at its sole discretion. The Employer made matching contributions during the plan year. The Employer match was equal to 50% of the first 6% of eligible compensation. The Employer did not make any discretionary profit sharing contributions during the plan year. The amount of a participant's annual compensation which may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the Plan shall not exceed the amount permitted annually by Internal Revenue Service ("IRS") limits, which was $260,000 for 2015.

The Plan provides for an automatic deferral election feature for all participants hired subsequent to January 1, 2011. Under the automatic deferral feature, all such participants will automatically have 3% of their compensation withheld and contributed to the Plan as a salary deferral contribution, unless the participant affirmatively elects not to have such automatic deferral take effect. For participants who have not entered into a salary deferral election, each plan year the automatic deferral percentage will increase by 1% of the participant's compensation, up to a maximum of 6% of the participant's compensation.

Vesting

Participants are 100% vested in their salary deferral contributions and any rollover contributions, as well as earnings on those amounts. Vesting in the Plan Sponsor's discretionary matching contributions and discretionary profit sharing contributions and related earnings are based on completion of years of service and commences after completion of three years of service, at which time participants become 100% vested. Participants will automatically become vested upon death or disability.

Participant Accounts

The Plan provides for participant-directed investment programs for individual participants as provided by the Custodian. Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's discretionary matching contributions and discretionary profit sharing contributions and (b) plan earnings (or losses), as well as an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options daily.

Notes Receivable from Participants

The Plan allows participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to 50% of their vested account balance not to exceed $50,000, and may have only one note receivable outstanding at a time. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with the published prime rate plus 1% on the day of the note request. Principal and interest is repaid by the participant through payroll deductions in accordance with the plan document. Notes are to be repaid within five years unless the note is used for the purchase of the participant's primary residence.

Payment of Benefits

Benefits are generally paid upon normal retirement, death, full or permanent disability, or termination of employment, as defined in the plan document. Upon normal retirement, death, full or permanent disability, a participant is entitled to receive 100% of their account balance. Upon termination of employment, a participant is entitled to receive the vested portion of their account balance. Employees whose vested account balance is less than or equal to $5,000 upon termination of employment will have an involuntary cash-out distribution. Benefits are paid in lump-sum amounts.

If a participant is age 59½ or older, a participant may withdraw all or a portion of their account balance in the Plan. In-service distributions will only be permitted if the participant is 100% vested in the amounts being withdrawn.

If a participant has a "financial hardship" (as that term is defined by the IRS guidelines), it is possible to withdraw all or portion of their deferred compensation in the Plan up to the amount needed to satisfy the hardship, regardless of age. A participant's pretax deferrals are suspended for six months after each hardship withdrawal.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to certain employer contributions. Forfeitures are used to first pay plan expenses in the plan year in which the forfeiture occurs and then are used to reduce future employer contributions. Forfeitures occur upon the earlier of when the participant takes their distribution or has been terminated for a period of at least five years. At December 31, 2015 and 2014, the forfeited unallocated non-vested accounts were $24,247 and $7,253, respectively. For the year ended December 31, 2015, $0 was used to reduce employer discretionary contributions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are held by the Custodian pursuant to a group annuity contract, which provides for self-directed investment programs for individual participants. A significant portion of the investments held by the Custodian are related to insurance contracts characterized as pooled separate accounts. The pooled separate accounts are stated at net asset value as reported to the Plan by the Custodian.

The Plan also invests in a guaranteed interest account which is a fully benefit-responsive investment contract characterized as a fixed account. The fixed account is not a separate account investment choice but it is an investment in the Custodian's general account which seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The fixed account is stated at net asset value as reported to the Plan by the Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon terms of the plan agreement. No allowance for credit losses have been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Fees and Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and other participant directed expenses, are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Recently Issued Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by ASC 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value ("NAV") per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). The amendments in Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit-responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. The amendments in Part II of ASU 2015-12 will require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirement to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 provide a practical expedient to permit plans to measure their investments and investment related accounts as of a month-end date closest to their fiscal year for plans with fiscal year ends that do not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted.

Plan management reviewed both ASU 2015-07 and ASU 2015-12, and elected to early adopt both standards as they believe it will simply plan accounting and its presentation in the financial statements. As such, the accounting and disclosures in these financial statements and notes to the financial statements follow ASU 2015-07 and ASU 2015-12, and accordingly, these provisions are applied retrospectively.

3. Information Certified by the Investment Custodian

As permitted by the rules and regulations of the Department of Labor with respect to reporting and disclosure under ERISA, the plan administrator has obtained a certification from the Custodian that the investments held by the Custodian (stated at cost and fair value) together with all other transactions related to those investments, are complete and accurate as of December 31, 2015 and 2014, and for the year ended December 31, 2015. The following represents the certified data as of December 31, 2015 and 2014, and for the year ended December 31, 2015.

December 31,	**2015**	**2014**
Pooled separate accounts	$ 11,502,132	$ 12,150,111
Guaranteed interest account	540,982	791,710

Year Ended December 31,	**2015**
Net depreciation in fair value of pooled separate accounts	$ (159,038)
Interest, dividend and other income	7,113

The Plan's independent auditors did not perform auditing procedure with respect to this information, except for comparing such information certified by the Custodian to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows the standard related to fair value measurement for its investments recognized at fair value. The standard defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The standard establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

The three levels of the fair value hierarchy as defined by the standard are as follows:

- *Level 1*: Valuations utilizing quoted, unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access. This is the most reliable evidence of fair value and does not require a significant degree of judgment.

- *Level 2*: Valuations utilizing quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly for substantially the full term of the asset or liability.

- *Level 3*: Valuations utilizing significant, unobservable inputs. This provides the least objective evidence of fair value and requires a significant degree of judgment. Inputs may be used with internally developed methodologies and should reflect an entity's assumptions using the best information available about the assumptions that market participants would use in pricing an asset or liability.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description for the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2015 and 2014.

- *Pooled Separate Accounts*: These accounts are valued on a net unit basis as determined by Voya on the last business day of the plan year. As discussed in Note 2, the Plan adopted ASU 2015-07 which removed the requirement to categorize and disclose investments for which fair value is measured using the NAV per share as the practical expedient within the fair value hierarchy. All of the Plan’s investments recorded at fair value of $11,502,132 and $12,150,111 at December 31, 2015 and 2014, respectively, are pooled separate accounts. The pooled separate accounts are valued as a practical expedient. The calculated NAV is directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the Custodian and the daily equivalent of any fees charged. The underlying investments held by each pooled separate account are traded on an active market. Due to the nature of these investments, there are no unfunded commitments or redemption restrictions. Furthermore, the underlying investments of these pooled separate accounts consist solely of mutual funds, each of which follows the investment strategies of those underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Contract Value Measurement

The Plan has an investment in a fixed account offered by the Custodian. The Custodian maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the Custodian. Contract value is equal to contributions received plus interest credited, less payments, withdrawals or transfers. The interest rate credited on the contract varies based on a formula determined by the Custodian, but will not be less than a guaranteed floor interest rate determined annually. The interest rate credited for 2015 and 2014 was 1.15%, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not withdraw more than 20% of the beginning of the year balance of the contract without incurring a penalty. Plan Sponsor believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Custodian may not terminate the contract at any amount less than contract value.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statements of changes in net assets available for benefits are prepared on a contract value basis. The fair value of the Plan's interest in the contract is based on information reported by the issuer at year end. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

6. Plan Termination

Although it has not expressed any intent to terminate the Plan, the Employer has a right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances and would be distributed in accordance with the plan document.

7. Income Tax Status

The Plan Sponsor amended and restated the Plan, effective January 1, 2008, by adopting a Non-Standardized Profit Sharing/401(k) Volume Submitter Plan sponsored by July Business Services which received a favorable advisory letter from the Internal Revenue Service on October 29, 2008 indicating that the form of the plan is acceptable for use by employers for the benefit of their employees. An adopting employer may generally rely on this letter as evidence that the Plan is qualified under section 401(a) of the IRC. The Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires the plan administrator to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to and including 2012.

8. Parties-In-Interest

The Custodian receives contributions, manages the investments of the Plan, and makes payments to participants in accordance with the plan document. July Business Services is the third-party plan administrator and manages the operations of the plan; therefore, the transactions between the Custodian and the third-party administrator qualify as party-in-interest. The Plan Sponsor has approved these transactions and functions. Notes receivable from participants also qualify as party-in-interest transactions.

9. Subsequent Events

The Plan evaluates events and transactions occurring after the statement of net assets available for benefits date, up to the date the financial statements are available for issuance. The Plan evaluated such events and transactions through October 6, 2016, which is the date the financial statements were available for issuance, and has determined that other than described below, there are no events that require recognition in the financial statements or disclosure in the notes to the financial statements.

Subsequent to year end, the Plan was amended and restated, effective January 1, 2016, by adopting the current non-standard profit sharing/401(k) volume submitter plan offered by July Business Services. The adoption did not have any material effects on the Plan or its operations.
