1. DESCRIPTION OF PLAN:

The following description of the Acosta, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted effective September 30, 1961, amended and restated January 1, 2012, is a defined contribution plan covering all employees of Acosta, Inc. (the Company or Employer). Full-time employees are eligible to participate in the Plan at the time of employment; part-time employees are eligible after six months of employment. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA), as amended.

Effective August 1, 2014, the Plan was amended to merge the Mosaic Sales Solutions 401(k) Savings Plan (the Mosaic Plan) into the Acosta, Inc. 401(k) Retirement Plan and its related trust. Employees who either were participants in the Mosaic Plan or who were eligible employees under the Mosaic Plan as of July 31, 2014, continued to receive employer matching contributions each pay period at the rate that was in effect under the Mosaic Plan as of July 31, 2014.

Effective November 3, 2014, the Plan was amended to merge the Anderson Daymon Worldwide L.L.C. 401(k) Retirement Plan and Trust (the ADW Plan) into the Acosta, Inc. 401(k) Retirement Plan and its related trust.

Contributions

Participants may contribute a percentage of pre-tax annual compensation, as defined in the Plan agreement, up to the maximum amount permissible by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company matches 50% of participant contributions, up to 6% of the participant's eligible compensation. Effective January 1, 2015, the Plan was amended to provide for Company matching contributions to be made on a per pay period basis versus annually and the contribution is no longer contingent on the participant being employed on the last day of the Plan year. The Company may also make annual qualified non-elective contributions and additional discretionary matching contributions in an amount to be determined by the Company. Additional discretionary matching contributions should not exceed 50% of the Company's matching contribution. Company discretionary qualified non-elective contributions and additional discretionary matching contributions were not made during 2015 or 2014.

1. DESCRIPTION OF PLAN (CONTINUED):

Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching contributions, and Plan earnings or losses. Investment earnings are based on the participants' account balances and their investment elections, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, rollover contributions, and Company discretionary qualified non-elective contributions plus actual earnings thereon. Vesting in Company matching contributions and additional discretionary matching contributions is based on years of service on the following graduated scale:

Years of Service	Vesting Percentage
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $805,115 and $647,150, respectively. These accounts will be used to either reduce future Employer contributions or expenses related to the administration of the Plan. For the years ended December 31, 2015 and 2014, $1,175,248 and $696,139, respectively, of forfeited balances were used to reduce Employer contributions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested portion of their account, a distribution in the form of an annuity, installment payments or a combination of these payment options. Participants are allowed to make in-service withdrawals from their fully vested account balances upon reaching the age of 59 ½. The Plan also permits hardship withdrawals, in accordance with provisions specified in the Plan agreement.

1. DESCRIPTION OF PLAN (CONTINUED):

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants that had outstanding loans prior to January 1, 2007 are allowed to take out an additional loan as long as the total balance of all outstanding loans meets the above limits. Participants that did not have an outstanding loan as of January 1, 2007 are allowed to have one outstanding loan at a time. Loans are calculated on a fully amortized basis. Loan terms are not to exceed five years, unless for the purchase of a principal residence. Loans that were outstanding prior to January 1, 2007 shall be repaid in accordance with the original terms of the loan. The loans are collateralized by the balance in the participant's account and bear interest at the prime lending rate plus 2% as of the beginning of each month. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowances for credit losses have been recorded as of December 31, 2015 and 2014. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to employee contributions. Excess deferrals of $702,152 and $-0- were reduced from employee contributions for the years ended December 31, 2015 and 2014, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Administrative Expenses

The Plan is responsible for payment of expenses; however, the Company may elect to pay certain Plan expenses directly. Fees related to the administration of notes receivable and in-service withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share as a practical expedient. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the fair value disclosure is consistent with the fair value investment balance on the statements of net assets available for benefits. Additionally, the update removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as a practical expedient. ASU 2015-07 is effective for annual reporting periods beginning after December 15, 2015, with early adoption permitted. The Plan elected to early adopt ASU 2015-07 as of December 31, 2015 and has applied the guidance retrospectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

New Accounting Pronouncements (Continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early adoption permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan has elected to early adopt Parts I and II as of December 31, 2015 and has applied the guidance in both Parts retrospectively. Part III is not applicable to this Plan.

Subsequent Events

The Plan has evaluated subsequent events for adjustment to or disclosure in its financial statements through September 26, 2016, the date the financial statements were available to be issued. No recordable or disclosable events occurred through this date.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

3. FAIR VALUE MEASUREMENTS (CONTINUED):

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust (CCT) – The Plan invests in a stable value CCT. As the stable value fund is composed primarily of fully benefit-responsive investment contracts, it is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. As of December 31, 2015 and 2014, there were no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 456,816,992	$ ---	$ ---	$ 456,816,992
Total investments in the fair value hierarchy	$ 456,816,992	$ ---	$ ---	$ 456,816,992
Common collective trust*				51,552,094
Total investments, at fair value				$ 508,369,086

3. FAIR VALUE MEASUREMENTS (CONTINUED):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2014:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 442,861,230	$ ---	$ ---	$ 442,861,230
Total investments in the fair value hierarchy	$ 442,861,230	$ ---	$ ---	$ 442,861,230
Common collective trust*				52,557,889
Total investments, at fair value				$ 495,419,119

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan also holds other assets not measured at fair value on a recurring basis, which include employer contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has elected that information certified by the trustee not be subjected to any auditing procedures except for comparing such information to the related information contained in the accompanying financial statements and supplemental schedules. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate at December 31:

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED):

	2015	2014
Common collective trust	$ 51,552,094	$ 52,557,889
Mutual funds	456,816,992	442,861,230
Notes receivable from participants	7,725,778	7,671,547
Net depreciation in fair value of investments	(24,101,480)	(1,561,225)
Interest and dividends	27,548,603	29,669,693
Interest income on notes receivable from participants	373,816	359,627

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. PARTIES-IN-INTEREST TRANSACTIONS:

Certain Plan investments in mutual funds are managed by Fidelity Management Trust Company (Fidelity). Fidelity also performs recordkeeping and trust services through various related entities and, therefore, these transactions qualify as party-in-interest transactions.

The Newport Group Securities (Newport) serves as an advisor to the Plan and is considered a party-in-interest.

The Plan issues notes to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS:

The IRS has determined and informed the Company by a letter dated November 18, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS:

As described in the schedule of delinquent participant contributions (included in the supplemental information), the Employer did not remit certain contributions to the Plan in a timely manner, as defined by ERISA. The Employer has corrected such instances and reimbursed affected participants for lost income associated with the delay in contributions. These contributions are considered non-exempt party-in-interest transactions, which may result in an imposition of a 15% excise tax on the amount of the transactions. The tax status of the Plan is not affected by these non-exempt transactions and the Employer intends to pay all fines that may be imposed.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2015	2014
Net assets available for benefits per the financial statements	$ 516,094,864	$ 512,855,998

Net assets available for benefits per Form 5500	$ 516,094,864	$ 503,826,476

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED):

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2015:

Net increase in net assets available for benefits per the financial statements	$ 3,238,866
Change in employer contribution receivable	9,765,332
Change in adjustment from NAV to fair value for fully benefit-responsive investment contracts	(735,810)
Net income per Form 5500	$ 12,268,388
