Independent Auditor's Report

To the Trustees and Board of Directors
Illinois School Bus Inc. Money Purchase Pension Plan & Trust
Oak Brook, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Illinois School Bus Inc. Money Purchase Pension Plan & Trust, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Transamerica Financial Life Insurance Company, the current custodian of the Plan and Nationwide Trust Company, the former custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians held the Plan's assets and executed transactions. The Plan Administrator has obtained a certification from the current custodian as of and for the period from September 1, 2015, to December 31, 2015, and the former custodian from January 1, 2015, to August 31, 2015, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Emphasis of Matter
As discussed in Note 2 to the financial statements, the entity adopted new accounting guidance related to the presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the statements of net assets available for benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Our disclaimer of opinion is not modified with respect to this matter.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the current and former custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1. Plan Description

The following brief description of Illinois School Bus Inc. Money Purchase Pension Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General: The Plan is a money purchase pension plan covering employees of Illinois School Bus Company, Inc. (the Employer). To be eligible, employees need to complete one year of service, as defined by the plan agreement, and need to be at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a portion of their gross wages, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer is required to make a minimum contribution of 5 percent of the participants' base compensation. The Employer has met the minimum funding requirements for the year ended December 31, 2015. For the year ended December 31, 2015, the Employer contributed approximately $129,000 to the Plan. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with participant contributions and receives an allocation of Employer contributions, plan earnings, forfeitures of terminated participants' nonvested accounts and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service, as defined by the Plan. A participant vests 20 percent each year starting in year two and is 100 percent vested after six years of credited service.

Forfeitures: At December 31, 2015 and 2014, forfeited nonvested accounts totaled $7,126 and $3,875, respectively. Forfeited contributions shall supplement employer contributions and are reallocated to participants. In 2015, there were no forfeitures allocated to active participants based on eligible compensation, as defined. Forfeitures may also be used to pay plan expenses.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Rates on loans outstanding are between 4.25 and 5.25 percent. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon termination of service, attainment of age 70-1/2, death, or retirement, a participant may receive a lump-sum amount equal to the value of his or her account, an annuity or an installment. Benefits are recorded when paid.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment contracts: Investments held by a defined contribution plan are required to be reported at fair value, except for direct investments in fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. For private entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Plan adopted amendments in this update for the plan year ended December 31, 2014. The impact of adopting these amendments is reflected in Note 4.

Note 2. Significant Accounting Policies (Continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Accounting Standards Codification (ASC) Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

  The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Parts I and II of this update for the plan year ended December 31, 2015, and the amendments in Parts I and II were retrospectively applied to the December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The amendments in Part III do not apply to the Plan. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Transamerica Financial Life Insurance Company (the Current Custodian) and National Trust Company (the Former Custodian)

The following is a summary of the Plan's asset and income information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the current and former custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current and former custodians, that information provided to the Plan Administrator by the current and former custodians, related to the following assets and income, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

The following information has been certified and provided by Nationwide Trust Company:

	2015	2014
Shares of registered investment companies, at fair value	$ -	$ 1,311,387
Money market fund	-	3,875
Notes receivable from participants	-	46,094
Net depreciation in fair value of investments	(56,602)	
Interest income on notes receivable from participants	1,205	

The following information has been provided by Transamerica Financial Life Insurance Company:

	2015
Units of pooled separate accounts	$ 1,259,654
Guaranteed investment contract	7,126
Net appreciation on fair value of investments	22,236
Interest on guaranteed investment contract	15

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Shares of registered investment companies and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of pooled separate accounts: Valued at the NAV of units held by the pooled separate accounts. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015			
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				1,259,654
Total investments at fair value				$ 1,259,654

	2014			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 1,311,387	$ -	$ -	$ 1,311,387
Money market fund	3,875	-	-	3,875
Total assets at fair value	$ 1,315,262	$ -	$ -	$ 1,315,262

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2015 and 2014:

Investment	2015	2014	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of pooled separate accounts	$ 1,259,654	$ -	$ -	Daily	None

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers in or out of Level 3.

Note 5. Investment Contract with Insurance Company

In September 2015, the Plan has entered into a fully benefit-responsive insurance contract issued by Transamerica Financial Life Insurance Company that simulates the performance of a guaranteed investment contract. The fully benefit-responsive investment contract provides preservation of principal, maintains a stable interest rate, and provides daily liquidity at contract value for participant withdrawals and transfer in accordance with the provisions of the Plan. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. The crediting interest rate for the investment contract cannot be less than .80 percent for the period January 1, 2015 to June 30, 2015 and cannot be less than .75 percent for the period July 1, 2015 through December 31, 2015. At December 31, 2015, the interest rate for the investment contract was .75 percent.

As described in Note 2, because the guaranteed insurance contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for the benefits attributable to the guaranteed insurance contract. Contract value, as reported to the Plan by Transamerica Financial Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to layoffs, Plan termination, business closings, re-organization, liquidations and the failure of the Plan to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code ("IRC"). The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Related-Party Transactions

Certain plan investments are shares of registered investment companies managed by the current and former custodians. These transactions qualify as party-in-interest transactions. For the year ended December 31, 2015, there were $1,586 and $6,681 in fees paid by the Plan to the current and former custodians.

Certain administrative and trustee functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Tax Status

Effective January 1, 2015, the Plan has adopted a non-standardized prototype Money Purchase Pension plan sponsored by Nationwide Financial Services. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently operating in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
