Independent Auditor's Report

To the Plan Administrator and Plan Management
The Liberty Lines 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Liberty Lines 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2015, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus Trust Company and Reliance Trust, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust held the Plan's investment assets and executed investment transactions from October 1, 2015 to December 31, 2015, and that Ascensus Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2015 to September 30, 2015. The plan administrator has obtained a certification from the Reliance Trust as of December 31, 2015 and for the period October 1, 2015 to December 31, 2015 and from Ascensus Trust Company for the period January 1, 2015 to September 30, 2015 that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets Held at End of Year (modified cash basis) as of December 31, 2015 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Frontier Trust Company, the trustee of the Plan. Their report dated September 29, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations– 2015

The form and content of the information included in the 2015 financial statements and supplemental schedule (modified cash basis), other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of The Liberty Lines 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers substantially all full-time employees of The Liberty Lines Transit, Inc. (the "Company"). Employees become eligible to participate in the Plan upon completion of three months of service. There is no minimum age requirement. The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute 1% to 25% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Additional profit sharing amounts may be contributed at the option of the Company. The Company did not contribute to the Plan during the year ended December 31, 2015. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Code limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and allocation of the Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon and in any discretionary contribution made by the Company.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest rates in effect at the time of the origination of the loan. Principal and interest is paid ratably through payroll deductions. During the year ended December 31, 2015, $83,518 of notes receivable from participants were cancelled due to nonpayment by the respective participants.

1. Plan Description, continued

Payment of benefits

On termination of service due to death, disability, retirement or termination, or any other reason, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, either in lump-sum, annual installments or purchase of an annuity contract. In the event of a serious financial hardship, participants may withdraw a portion of their participant accounts not to exceed the amount required to meet the immediate need.

2. Summary of Significant Accounting Polices

Basis of accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting. The primary differences from financial statements prepared under accounting principles generally accepted in the United States of America arise from accounting for investment income/(loss) and contributions which are recorded when received, and investment and administrative expenses are recorded when paid, rather than recording such items on an accrual basis. Accordingly, the financial statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Adoption of new accounting pronouncements

In July 2015, the FASB issued ASU 2015-12, *"Plan Accounting – Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient"*. The purpose of the new ASU is to reduce the cost and complexity in employee benefit plan accounting and improve areas of GAAP while maintaining or improving the usefulness of the information provided to the users of financial statements. Part I eliminates the requirements to measure the fair value of the fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only measurement for fully benefit-responsive investment contracts. Part I also clarifies that indirect investments in fully benefit-responsive investment contracts through investment companies are not in the scope of the fully benefit-responsive investment contracts and therefore should not be categorized as such. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation/(depreciation) in fair value by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general asset type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is in a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is not required. Part III simplifies accounting for a plan with a fiscal year end that does not coincide with a calendar month end.

2. Summary of Significant Accounting Polices, continued

Adoption of new accounting pronouncements, continued

The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part I and II are to be applied retrospectively. Management has elected to early adopt Part II and therefore certain disclosures as described above have been eliminated. Parts I and III do not apply to this Plan. Such adoption is preferable as it simplifies reporting requirements, as described above. The adoption has no effect on the net assets available for benefits and changes in net assets available for benefits as of and for the year ended December 31, 2014.

In May, 2015, the FASB issued ASU 2015-07, *"Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per share (or its Equivalent)"*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The purpose of this new ASU is to eliminate the diversity in the way in which investments measured using net asset value per share as a practical expedient are classified in the fair value hierarchy.

This ASU is effective for fiscal years beginning after December 15, 2016 for all non-public entities, with early adoption permitted. The amendments are to be applied retrospectively. Management has elected to early adopt the amendments of this ASU. Such adoption is preferable as it eliminates diversity in reporting, as described above. The adoption has no effect on the net assets available for benefits and changes in net assets available for benefits for the year ended December 31, 2014.

Estimates

The preparation of the financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. Summary of Significant Accounting Polices, continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Through September 2015, related fees were recorded as administrative expenses and expensed when incurred. Effective October 2015, related fees are assessed in the note receivable balance. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are recorded as distributions based on the terms of the Plan Document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Prior to October 2015, fees related to the administration of notes receivable were recorded as administrative expenses, as discussed above. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

3. Information Certified by Reliance Trust and Ascensus Trust Company (formerly, Frontier Trust Company)

Effective October 1, 2015, all investments were transferred to JPMorgan Chase Bank, N.A. and Reliance Trust was appointed trustee. Prior to October 1, 2015, the investments were held at Frontier Trust Company.

During 2015, Frontier Trust Company changed its name to Ascensus Trust Company.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The trustee, Reliance Trust has supplied the plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, transactions, and income presented in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and the Statement of Changes in Net Assets Available for Benefits for the period October 1, 2015 through December 31, 2015, and the supplemental Schedule of Assets Held at End of Year as of December 31, 2015.

The trustee, Ascensus Trust Company (formerly, Frontier Trust Company) has supplied the plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, transactions, and income presented in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2014 and the Statement of Changes in Net Assets Available for Benefits for the period January 1, 2015 through September 30, 2015.

4. Fair Value Measurements

FASB ASC 820, "*Fair Value Measurements*", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – 2015

Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements, continued

Stable value collective trust fund - 2015

A stable value fund that is comprised primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 30 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds - 2014

Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan, other than fixed income and government funds, are deemed to be actively traded (Level 1). Fixed income funds are designated as Level 2 instruments and valuations are obtained from readily-available pricing sources for comparable instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$16,969,731	$ -	$ -	$16,969,731
Total assets in the fair value hierarchy	16,969,731	-	-	16,969,731
Investments measured at net asset value (a):				
Stable value collective trust	-	-	-	156,846
Investments at fair value	$16,969,731	$ -	$ -	$17,126,577

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Fair Value Measurements, continued

	Assets at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$12,865,532	$4,563,651	$ -	$17,429,183
Investments at fair value	$12,865,532	$4,563,651	$ -	$17,429,183

Investments Measured Using the Net Asset Value per Share Practical Expedient

In accordance with the fair value measurements and disclosures guideline; the following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2015 Fair Value	**Unfunded Commitments**	**Frequency (if currently eligible)**	**Redemption Notice Period**
Stable Value Collective Trust – JPMCB Stable Asset Income F15	$156,846	N/A	Daily	30 days

5. Related-Party Transactions and Party-In-Interest Transactions

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others.

Effective October 1, 2015, certain Plan investments are shares of mutual funds managed by JPMorgan Chase Bank, N.A. JPMorgan Chase Bank, N.A., is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for record-keeping, custodial and trustee services are included in net depreciation in fair value of the investments as they are paid through revenue sharing, rather than a direct payment.

Through September 30, 2015, certain Plan investments were shares of mutual funds managed by Oppenheimer Funds (“Oppenheimer”). Oppenheimer is the custodian, therefore, these transactions qualify as party-in-interest transactions.

5. Related-Party Transactions and Party-In-Interest Transactions, continued

Further, Oppenheimer provided certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and Oppenheimer. Oppenheimer receives revenue from mutual fund service providers for services Oppenheimer provides to the funds. This revenue is used to offset certain amounts owed to Oppenheimer for its administrative services to the Plan. If the revenue received by Oppenheimer from such mutual fund service providers exceeds the amount owed under the MSA, Oppenheimer remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants.

The Plan makes loans to participants and therefore, these transactions qualify as party-in-interest.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

7. Tax Status

Effective October, 2015, the Plan has been restated to adopt the Great-West Trust Company Defined Contribution Prototype Plan and Trust for which the Internal Revenue Service has determined and informed Great-West Trust Company, LLC by an opinion letter dated March 31, 2014 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code.

Prior to October 1, 2015, the Plan was an adoption of a prototype plan which obtained its latest opinion letter on March 31, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the Internal Revenue Code. Although the Plan was amended since receiving the opinion letter, the Plan's administrative and tax counsel believe that the Plan was designed, and was being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2016, which is the date the financial statements were available to be issued.
