INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Management
Hyland Software 401(k) Plan
Westlake, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Hyland Software 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility for the 2015 Financial Statements

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our audit opinion on the 2015 financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Opinion on the 2015 Financial Statements

In our opinion, the financial statements referred to in the first paragraph of the Hyland Software 401(k) Plan as of December 31, 2015, and for the year then ended, present fairly, in all material respects, the financial status of the Hyland Software 401(k) Plan as of December 31, 2015, and changes in its financial status for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit of the Plan's financial statements as of and for the year ended December 31, 2015, was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2015 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2015, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2015 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Matter—2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under the ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Life Insurance Company and Principal Trust Company, the custodian of the Plan. Their report, dated September 28, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HYLAND SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN

The following description of the Hyland Software ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of the Company who have reached age twenty-one. The Plan is subject to the provisions of ERISA.

Contributions. Each year, participants may contribute up to 75% of annual compensation, as defined in the Plan, on a pre-tax or after tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution up to the percentage of the amount of the salary reduction a participant elected to defer. The actual matching percentage will be determined each year by the Company. Additional profit sharing amounts may be contributed at the option of the Company's board of directors to employees who have 1,000 or more hours of service in the Plan year and an active participant as of the plan year end. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's deferral contribution, employer discretionary matching contribution, as well as allocations of the Company's discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' account. Loan terms range from one to five years unless used for the purchase of a primary residence. The loan interest rates for the plan years ended December 31, 2015 and 2014 were 4.25% - 5.50%. Principal and interest are paid ratably through payroll deductions.

HYLAND SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN (continued)

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or in periodic installments. The Plan Administrator may automatically make a lump-sum distribution for account balances less than \$5,000. Terminated participants are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeited Accounts. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$5,944 and \$6,577, respectively. These accounts will be used to reduce future employer contributions and pay plan expenses. During the plan years ended December 31, 2015 and 2014, \$132,846 and \$95,557, respectively of forfeited accounts were used to reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought or sold as well as held during the year.

HYLAND SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administration, recordkeeping and financial advisor fees are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified for comparative purposes to conform to the presentation in the 2015 financial statements.

NOTE C – INVESTMENTS

The Plan's investments are held by a brokerage firm and are all participant directed. Plan management has elected to early adopt and retroactively apply ASU No. 2015-12, which designates contract value as the only required measure for fully benefit-responsive contracts and simplifies required investment disclosures.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value for the following:

	<u>December 31, 2015</u>	<u>December 31, 2014</u>
Level 1 investments	\$ (233,450)	\$ 4,661,454
Level 2 investments	(806)	209,627
Investments, at contract value	36,688	26,463
Total	<u>\$ (197,568)</u>	<u>\$ 4,897,544</u>

HYLAND SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measure. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued based upon reported NAV of the underlying investments, multiplied by the units held, which represent the values at which each sub-account can redeem its investments.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	<u>Assets as of December 31, 2015</u>		
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>
Mutual funds	\$ 18,821,281	\$ 18,821,281	
Pooled separate accounts	76,458,094	76,327,678	\$ 130,416
Total	<u>\$ 95,279,375</u>	<u>\$ 95,148,959</u>	<u>\$ 130,416</u>

	<u>Assets as of December 31, 2014</u>		
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>
Mutual funds	\$ 16,896,552	\$ 16,896,552	
Pooled separate accounts	68,066,762	68,045,259	\$ 21,503
Total assets in the fair value heirarchy	<u>\$ 84,963,314</u>	<u>\$ 84,941,811</u>	<u>\$ 21,503</u>

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract through the Principal Stable Value Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

There are no reserves against the value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a monthly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include 1) amendments to the plan documents; 2) merger or consolidation of investors; 3) group terminations or layoffs; 4) implementation of an early retirement program; 5) termination or partial termination of the investment; 6) failure to meet certain tax qualifications; 7) participant communication that is designed to influence participants not to invest in the investment; 8) transfers to competing options without meeting the equity wash provisions of the investment; 9) the Plan sponsor withdraws without the appropriate notice to the investment or issuer. The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

HYLAND SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. Management of the portfolio is not in accordance with investment guidelines
2. A breach of any material obligation under the Principal Stable Value Fund's underlying wrap agreement
3. Any representation or warranty made by the contract holder becomes untrue in any material way
4. A replacement of the investment advisor without prior consent of the issuer
5. The Principal Stable Value Fund is terminated or ceases to qualify as a group trust or plans cease to meet appropriate tax qualifications
6. The underlying wrap of the Principal Stable Value Fund becomes a prohibited transaction within the meaning of Section 406 of ERISA

NOTE F – PARTY IN INTEREST TRANSACTIONS

For years ended December 31, 2015 and 2014, certain plan investments are pooled separate accounts and common collective trusts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE H - TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the Plan's financial statements.

HYLAND SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE H - TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – NONEXEMPT TRANSACTIONS

Participant contributions of \$315 and \$331 were withheld from participants' pay during the years ended December 31, 2015 and 2014, respectively, but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the plan asset rules. This constituted a loan from the Plan to the plan sponsor for those periods. Lost earnings on the late remittances were remitted to the plan during 2015 and 2014.

NOTE K – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
