NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Avtron Aerospace, Inc. 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Avtron Aerospace, Inc. (the Company) who have attained eighteen years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute to the Plan up to 85% of their annual compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan within 90 days after entry date. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. On the first day of each Plan year thereafter, the deferral rate is increased automatically by 1% until the participant reaches a 6% deferral rate. The Company is required to make safe harbor employer matching contributions. The safe harbor matching contribution is equal to 100% of participants' contributions of the first 1% of eligible compensation, as defined, and 50% of contributions in excess of 1%, up to 6% of eligible compensation, as defined. The Plan also allows the Company the option to make discretionary non-elective contributions. During 2015, no non-elective contributions were authorized. Contributions are subject to certain IRS limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, rollover contributions, and allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's discretionary non-elective contributions are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in the Company's non-elective contributions, and matching contributions made prior to 2011, after 6 years of credited service. Participants are 100% vested in the Company's safe harbor matching contributions after 2 years of credited service.

Notes Receivable from Participants

The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at Prime interest rate (3.5% and 3.25% at December 31, 2015 and 2014) plus 1%, as defined, in accordance with the Plan's loan policy. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a future period. If the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used to reduce future employer contributions or are allocated to participants. There were no forfeited non-vested accounts at December 31, 2015. At December 31, 2014, forfeited non-vested accounts totaled \$9,200. During 2015, approximately \$3,100 was transferred to the forfeiture account, and approximately \$630 was used to reduce employer contributions. Approximately \$11,670 was transferred out of the forfeiture account and allocated to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Adoption of ASU 2015-12

The Plan has elected to early adopt Financial Accounting Standards Board ASU 2015-12 for 2015. As such, the Plan has changed the presentation and disclosure of fully benefit-responsive investment contracts to contract value and has eliminated certain disclosures related to investments. The statement of net assets available for benefits and certain related disclosures at December 31, 2014, have been retroactively adjusted to conform to the new standards.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Great-West Life & Annuity Insurance Company (Great-West) and Great-West Trust Company, LLC (Great-West Trust), the trustees of the Plan (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Great-West and Great-West Trust as of December 31, 2015 and 2014, representing investments in mutual funds and a guaranteed investment contract.

Investments of participant's contributions and the Company's contributions into these funds are at the direction of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2015 and 2014, and for the year ended December 31, 2015, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEES

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditors' examination with regard to statements or information prepared and certified by Great-West and Great-West Trust, the trustees.

Great-West and Great-West Trust have certified as to the completeness and accuracy of the investments they hold, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2015 and 2014, and for the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of level 1 mutual funds at December 31, 2015, totaling \$14,873,276.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of level 1 mutual funds at December 31, 2014, totaling \$13,853,416.

The Plan did not hold any Level 3 assets during the year.

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTES TO THE FINANCIAL STATEMENTS

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The guaranteed investment contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula established by the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: premature termination of the contract by the Plan, plant closings, layoffs, Plan termination, bankruptcy, mergers and early retirement incentives, or the failure of the trust to qualify for exemption from federal income taxes or any require prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West and Great-West Trust. Great-West and Great-West Trust are the trustees as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Great-West provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Great-West. Great-West receives revenue from mutual fund service providers for services Great-West provides to the funds. The revenue received by Great-West from such mutual fund service providers is remitted to the Plan quarterly in accordance with the terms of the MSA. Such amounts may be applied to pay administrative expenses or allocated to the accounts of participants. During 2015, the revenues remitted to the Plan amounted to \$7,500.

NOTES TO THE FINANCIAL STATEMENTS

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TAX STATUS

The Plan has adopted a volume submitter plan provided by Great-West. Great-West has received an opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. OPERATIONAL ERRORS

During 2016, the Company identified certain operational errors related to the calculation of the employer safe harbor match. The Company intends to file a Voluntary Correction Program (VCP) submission with the IRS, outlining the operational issues and proposed resolution and corrective action. An employer corrective contribution receivable of \$60,538 has been recorded as of December 31, 2015, in the accompanying statement of net assets available for benefits for the estimate of the correction at the date of the financial statements. The corrective contribution includes lost earnings. The Company does not expect the VCP submission to affect the Plan's tax status.
