Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by T. Rowe Price Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by T. Rowe Price Trust Company. Their report, dated October 8, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by T. Rowe Price Trust Company, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the Shentel Management Company 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution retirement plan covering substantially all eligible employees of Shentel Management Company (the “Company”) and its affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

All full and part-time employees are eligible to participate in the Plan upon completion of 60 days of service. Participation begins on the first day of the month following the date the eligibility condition is satisfied.

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, up to the maximum allowed by law. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Employees are automatically enrolled at an initial 4% of compensation deferral rate. In addition, the initial automatic deferral amount shall increase by 1% of compensation per year up to a maximum of 8% of compensation. All voluntary contributions are made by payroll deductions. The Company matches employee contributions in amounts equal to 100% of each employee’s contributions on the first 2% of regular compensation and 50% on the next 2% of regular compensation (excludes overtime and bonus). The Company match begins after one year of service with at least 1,000 hours of service. In addition, the Company made discretionary contributions, which totaled 5% of employees’ regular compensation (excluding overtime and bonus) in 2015. The Company’s discretionary contributions begin after sixty days of service.

Effective January 1, 2016 the Plan was amended to allow Roth contributions.

Participant accounts:

Each participant’s account is credited with the participant’s contributions, the Company’s matching and additional contributions, and allocations of Plan earnings and administrative fees. Allocations are based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested after three years of continuous employment with at least 1,000 hours of service per year.

Note 1. Plan Description (Continued)

Payment of benefits:

Upon termination of service, attainment of retirement age, or in the case of death or disability, participants may receive their accrued benefits in a single lump sum that can be rolled over into another qualified plan or paid in cash to the participant. Participants age 59½ or older may receive in-service withdrawals from their deferral and employer funded accounts. Hardship withdrawals are also permitted, subject to provisions described in the Plan document.

Notes from participants:

Participants may borrow from their accounts an amount greater than \$1,000 but not to exceed the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one year to five years or a longer period established when the loan is negotiated for the purchase of a primary residence. Notes are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar notes as defined in the Plan. For the years ended December 31, 2015 and 2014, interest rates were 4.25%. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts:

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$7,741 and \$21,458 respectively. Forfeitures from employer match accounts will be used to reduce future employer contributions to the Plan. In 2015, forfeitures of \$38,541 were allocated to remaining participants and \$55,644 were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

401(k) RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants

Notes from participants are valued at the principal amount outstanding plus accrued interest.

Administrative expenses:

Plan fees and administrative expenses are paid by the Plan and Company on a discretionary basis.

Benefit payments:

Benefits are recorded when paid.

Note 3. Accounting Changes

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820)*. The ASU eliminates the requirement for Plan's to disclose the significant investment strategies for investments in certain entities that calculate net asset value per share (or its equivalent). It also eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. It is to be applied retrospectively. Management has elected to adopt the ASU early.

Note 3. Accounting Changes (Continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Note 4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consists of unobservable inputs and has the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair values of the mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Note 5. Related Party Transactions

Certain administrative functions are performed by employees of the Company. These employees are also Plan participants. No such employee receives compensation from the Plan.

Plan participants invest in funds held or managed by the Plan Trustee, as well as other investment management companies. Investments in funds issued and managed by the Trustee are considered related-party transactions. Fees paid to the Trustee by the Plan for administrative services were \$3,696 net of \$10,063 in rebates, for the year ended December 31, 2015.

**NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan is a non-standardized prototype plan sponsored by AccuDraft, Inc. (the Company's ERISA advisor) and adopted by the Company. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. The Plan was subsequently restated and amended effective January 1, 2016 to an approved prototype plan sponsored by Plan Document Systems. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC* and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
