Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. GOSH ENTERPRISES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

NOTE 1 - PLAN DESCRIPTION

The following description of the Gosh Enterprises Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General - The Plan was established on January 1, 1996 and was amended and restated as of October 1, 2010. The Plan is a defined contribution plan covering all employees who are employed by Gosh Enterprises, Inc., Charley's Steakery, Inc., Bibibop, LLC, and Solar Planet (collectively, the Company). Employees are eligible to participate in the Plan after completing one year of service, as defined, and if they are age 21 or older. Eligible employees may enter the Plan on the first of the month following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

John Hancock Life Insurance Company (John Hancock) was the record keeper and custodian of the Plan assets, invested all contributions, and allocated to each participant account its proportionate share of the funds' investment earnings for the period from January 1, 2014 through September 30, 2014. Effective October 1, 2014, ADP, Inc. replaced John Hancock as record keeper, and State Street Bank and Trust Company became the trustee.

Contributions - Participants may contribute to the Plan each year a portion of their eligible earnings between 1% and 90%, as defined by the Plan, not to exceed the limits imposed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 33 mutual fund investment options for participants and four common collective trusts. The Plan allows participants who have attained age 50 by the end of the Plan year to make catch-up contributions in accordance with Code Section 414(v). The Company makes a matching contribution equal to 50% of the first 6% of a participant's elective deferrals to the Plan. The Plan also allows the Company to make additional discretionary contributions. During the years ended December 31, 2015 and 2014, no additional contributions were made.

Participant Accounts - Each participant's account is credited with the participant's contribution, employer's contribution and the earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of service. A participant is 100% vested after three years of credited service. The nonvested balance is forfeited upon termination of services. Upon retirement, death or disability, participants become 100% vested in their accounts.

Payment of Benefits - Upon termination of service, death, disability, or normal retirement, a participant, or his or her beneficiary, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

GOSH ENTERPRISES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 1 - PLAN DESCRIPTION (Continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 amount referred to in the preceding sentence is reduced by the highest outstanding loan balance the participant had under the Plan during the previous one-year period. The number of outstanding notes is limited to one per participant. The notes are secured by the balance in the participant's account and bear interest at Prime plus 2%. Principal and interest is paid ratably through biweekly payroll deductions.

Automatic cash-out and rollover provisions - The Plan includes automatic rollover provisions. These provisions provide for terminated participants with vested balances of less than \$5,000 to take a distribution as soon as practicable following their termination of employment. The participant may elect whether to receive the distribution or to rollover the distribution to another retirement plan such as an individual retirement account. The Plan allows for involuntary cash-outs for terminated participants with vested balances of \$1,000 or less.

Forfeitures - At December 31, 2015 and 2014, forfeited non-vested accounts amounted to \$4,979 and \$6,981, respectively. At the discretion of the Company, forfeitures may be used to pay administrative expenses of the Plan or reduce the employer match; otherwise, forfeitures are allocated among participants' accounts, in the same manner as employer contributions. During 2015, \$2,150 of forfeitures were utilized to reduce the employer match.

Administrative Expenses - Asset management fees are allocated to participant accounts on a pro rata basis. Participants are also charged for certain fees associated with the issuing of loans and withdrawals. The Plan sponsor pays certain recordkeeping and administrative expenses on behalf of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by the Company in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payments of Benefits - Benefits to participants are recorded when paid.

GOSH ENTERPRISES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. The Plan's Management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends, gains and losses, and appreciation and depreciation of mutual funds and the common collective trust are presented net.

Notes Receivable from Participants - These notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Recent Accounting Pronouncements - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). This ASU eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient in FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement. Reporting entities must provide sufficient information to enable users to reconcile total investments in the fair value hierarchy and total investments measured at fair value in the statement of financial position. Additionally, the scope of current disclosure requirements for investments eligible to be measured at NAV will be limited to investments to which the practical expedient is applied. This guidance is effective for nonpublic entities in fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. This guidance requires retrospective application. Early adoption is permitted for all entities. The Plan administrator has elected to early-adopt this amendment. The results of this implementation did not have an impact on the net assets available for benefits and the related changes in net assets available for benefits, but rather affected only certain presentation and related disclosures within the financial statements.

GOSH ENTERPRISES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In July 2015, the FASB issued ASU 2015-12 Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. This ASU reduces the complexity in employee benefit plan reporting. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Currently, fully benefit-responsive investment contracts are required to be measured at contract value with a reconciliation of contract value to fair value, when these measures differ, on the face of the plan financial statements. Part II eliminates the requirement to disclose individual investments representing 5% or more of net assets available for benefits for both participant-directed investments and nonparticipant-directed investments. Additionally, net appreciation or depreciation in investments for the period is no longer required to be disaggregated and disclosed by general type, however, should still be presented in the aggregate. Part II also requires that investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This ASU is effective for nonpublic entities for fiscal years beginning after December 15, 2015. A reporting entity should apply the amendments to Parts I and II retrospectively to all periods presented, while Part III should be applied prospectively. Early application is permitted. The Plan administrator has elected to early-adopt these amendments where applicable. The results of this implementation did not have an impact on the net assets available for benefits and the related changes in net assets available for benefits, but rather affected only certain presentation and related disclosures within the financial statements.

Subsequent Events - The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has received certification from State Street Bank and Trust Company, trustee of the Plan's assets, as to the completeness and accuracy of the investments. Such information includes the composition and current value of the investments reported in the statement of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 4 - TAX STATUS

Effective October 1, 2014, the Plan adopted a form of a prototype plan sponsored by ADP Inc. The prototype plan received an opinion letter dated July 8, 2014 from the Internal Revenue Service, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GOSH ENTERPRISES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 4 - TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be substantiated by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Additionally, the Plan had no interest and penalties related to income taxes. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to examinations for years prior to 2012.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

GOSH ENTERPRISES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 7 - FAIR VALUE MEASUREMENTS

FASB accounting standard for Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at December 31, 2015 and 2014. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the Plan's portion of the net asset value of shares held by the Common Collective Trust at December 31, 2015 and 2014. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.
