Mueller Group, LLC Retirement Savings Plan No. 1

Notes to Financial Statements December 31, 2015 and 2014

Note 1: Plan Description

The following is a brief description of the Mueller Group, LLC Retirement Savings Plan No. 1 (the Plan). The Plan covers certain employees of Mueller Company, Anvil International, and Mueller Water Products, Inc. Mueller Group, LLC (the Company or Plan Sponsor) is a wholly owned subsidiary of Mueller Water Products, Inc. The Plan is a defined contribution plan providing retirement benefits to eligible employees of the Company. Participants should refer to the Plan Document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Non-union U.S. employees of the Company are eligible to participate in the Plan on the first day of the first payroll period beginning after date of hire. Union employees are not eligible to participate in the Plan unless their collective bargaining agreement provides for participation in the Plan.

Contributions

The Plan allows participants to contribute up to 50% of their eligible compensation on a before-tax basis subject to the annual limitation specified by the Internal Revenue Code (IRC).

Under the Plan's safe harbor election, the Company makes a mandatory matching contribution up to 4% of eligible compensation. Participants must make a contribution in order to receive a mandatory matching contribution. The Company may also elect to make discretionary matching and/or discretionary profit sharing contributions to the Plan.

Participants may also make rollover contributions to the Plan, provided the amount represents a balance from a qualified plan under the IRC and the amount is contributed to the Plan within 60 days of the original distribution.

Transfers

Certain employee job classification changes made during the year may warrant a transfer of participant accounts into the Plan from another Company-sponsored plan. These transfers represent the participant balance transfers in on the Statement of Changes in Net Assets Available for Benefits.

Vesting

Participants are immediately vested in their contributions, rollover contributions and mandatory employer matching contributions under the Plan's safe harbor election. Participants vest in discretionary matching contributions and discretionary profit sharing contributions based on vesting schedules between three and six years, as defined in the Plan Document. Upon termination of employment due to retirement, disability or death, the participant will be fully vested in that portion attributable to the discretionary matching and discretionary profit sharing contributions.

Participation

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings or losses, the Company's contributions, if any, and the participant's contributions. Allocation of earnings and/or losses is based on relative account balances and investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Withdrawals and Termination

Withdrawals from participant accounts may be made for the following reasons: termination of employment, financial hardship, retirement, death or attainment of age 59½.

Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan Document, and are subject to taxes in the year received. Hardship withdrawals result in a suspension of the right to make participant contributions to the Plan for a period of six months.

The Plan does not permit partial or periodic withdrawals from a participant's account, except for hardship withdrawals, attainment of age 70½ and from rollover contributions. Any other types of withdrawals must be for the entire vested balance.

Notes Receivable from Participants

The Plan allows participants currently employed by the Company to borrow amounts not to exceed 50% of their vested account balance. Notes receivable from participants at inception must exceed \$1,000 and cannot exceed \$50,000. Notes receivable bear interest at prevailing rates for comparable loans made by commercial lending institutions. Notes receivable repayments are generally made through payroll deductions and normally must be repaid within a five-year term unless the loan was used to purchase a primary residence, which allows extension of the term up to ten years. Notes receivable become due and payable in full once a participant terminates employment.

Plan Termination

The Company has reserved the right to amend, modify, suspend, or terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in that portion of their account attributable to employer contributions.

Plan Administration

The Plan's investments are administered by Fidelity Management Trust Company (the Trustee). Upon enrollment in the Plan, a participant may direct the investment of his or her employee and employer contributions in any of the Plan's investment options. The participant may change the investment elections on a daily basis.

Forfeitures

Forfeitures arising upon termination of a participant's employment shall be used to offset future employer matching contributions under the Plan and/or to pay the Plan's administrative expenses. If a terminated participant returns to employment within five years, the amount previously forfeited will be reinstated. Forfeited nonvested amounts available for use totaled \$41,266 and \$7,903 at December 31, 2015 and 2014, respectively. For the year ended December 31, 2015, no forfeitures were used to offset employer matching contributions and \$600 was used to pay Plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on the Plan's investments held throughout the year as well as those bought and sold during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of the Plan are paid out of the Plan unless paid by the Company. Transaction expenses are included as part of the cost of the related investments. Fees related to notes receivable from participants are paid by the borrowing participant.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient* (ASU 2015-12). ASU 2015-12 simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits and (iii) the net appreciation or depreciation for investments to be presented in the aggregate rather than disaggregated and disclosed by general type. The standard also eliminates the requirement to disclose the significant investment strategies for certain investments that are measured using the net asset value per share practical expedient. Further, ASU 2015-12 provides a practical expedient to permit benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. Parts I and II of this standard are effective for fiscal years beginning after December 15, 2015 with retrospective application. Part III of this standard is effective for fiscal years beginning after December 15, 2015 with prospective application. Early adoption is permitted. The Plan Sponsor is currently evaluating the impact of this standard on the Plan's financial statements.

Note 3: Tax Status of the Plan

No provision for income taxes has been included in the Plan's financial statements. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 2, 2011 that the Plan and related trust, as then designed, were in accordance with applicable sections of the IRC. The Plan has been amended since receipt of the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified as tax-exempt at December 31, 2015.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2015, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 4: Financial Information of the Plan Certified by the Trustee

Assets of the Plan are invested in the Mueller Master Trust (the Master Trust). At December 31, 2015 and 2014, the Master Trust included the investment assets of the Plan and one other Company-sponsored plan, the Mueller Group, LLC Retirement Savings Plan No. 2. Each participating plan has an undivided interest in the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value plus actual contributions and investment income less actual distributions, transfers and administrative expenses. The Plan's interest in the Master Trust as a percentage of net assets was approximately 82% at both December 31, 2015 and 2014.

The Master Trust investments, at fair value, are as follows:

	December 31,	
	2015	2014
Master Trust investments, at fair value:		
Mutual funds	<u>\$ 244,418,088</u>	<u>\$ 246,874,699</u>
Plan interest in Master Trust, at fair value	<u>\$ 200,190,573</u>	<u>\$ 202,570,077</u>

The net investment income of the Master Trust and the Plan interest in the Master Trust investment income for the year ended December 31, 2015 are as follows:

Net depreciation in fair value of mutual funds	\$ (6,037,613)
Interest and dividends, mutual funds	<u>9,110,182</u>
	<u>\$ 3,072,569</u>
Plan interest in Master Trust investment income	<u>\$ 2,640,444</u>

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Mueller Group, LLC Retirement Savings Plan No. 1

Notes to Financial Statements December 31, 2015 and 2014

Note 1: Plan Description

The following is a brief description of the Mueller Group, LLC Retirement Savings Plan No. 1 (the Plan). The Plan covers certain employees of Mueller Company, Anvil International, and Mueller Water Products, Inc. Mueller Group, LLC (the Company or Plan Sponsor) is a wholly owned subsidiary of Mueller Water Products, Inc. The Plan is a defined contribution plan providing retirement benefits to eligible employees of the Company. Participants should refer to the Plan Document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Non-union U.S. employees of the Company are eligible to participate in the Plan on the first day of the first payroll period beginning after date of hire. Union employees are not eligible to participate in the Plan unless their collective bargaining agreement provides for participation in the Plan.

Contributions

The Plan allows participants to contribute up to 50% of their eligible compensation on a before-tax basis subject to the annual limitation specified by the Internal Revenue Code (IRC).

Under the Plan's safe harbor election, the Company makes a mandatory matching contribution up to 4% of eligible compensation. Participants must make a contribution in order to receive a mandatory matching contribution. The Company may also elect to make discretionary matching and/or discretionary profit sharing contributions to the Plan.

Participants may also make rollover contributions to the Plan, provided the amount represents a balance from a qualified plan under the IRC and the amount is contributed to the Plan within 60 days of the original distribution.

Transfers

Certain employee job classification changes made during the year may warrant a transfer of participant accounts into the Plan from another Company-sponsored plan. These transfers represent the participant balance transfers in on the Statement of Changes in Net Assets Available for Benefits.

Vesting

Participants are immediately vested in their contributions, rollover contributions and mandatory employer matching contributions under the Plan's safe harbor election. Participants vest in discretionary matching contributions and discretionary profit sharing contributions based on vesting schedules between three and six years, as defined in the Plan Document. Upon termination of employment due to retirement, disability or death, the participant will be fully vested in that portion attributable to the discretionary matching and discretionary profit sharing contributions.

Participation

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings or losses, the Company's contributions, if any, and the participant's contributions. Allocation of earnings and/or losses is based on relative account balances and investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Withdrawals and Termination

Withdrawals from participant accounts may be made for the following reasons: termination of employment, financial hardship, retirement, death or attainment of age 59½.

Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan Document, and are subject to taxes in the year received. Hardship withdrawals result in a suspension of the right to make participant contributions to the Plan for a period of six months.

The Plan does not permit partial or periodic withdrawals from a participant's account, except for hardship withdrawals, attainment of age 70½ and from rollover contributions. Any other types of withdrawals must be for the entire vested balance.

Notes Receivable from Participants

The Plan allows participants currently employed by the Company to borrow amounts not to exceed 50% of their vested account balance. Notes receivable from participants at inception must exceed \$1,000 and cannot exceed \$50,000. Notes receivable bear interest at prevailing rates for comparable loans made by commercial lending institutions. Notes receivable repayments are generally made through payroll deductions and normally must be repaid within a five-year term unless the loan was used to purchase a primary residence, which allows extension of the term up to ten years. Notes receivable become due and payable in full once a participant terminates employment.

Plan Termination

The Company has reserved the right to amend, modify, suspend, or terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in that portion of their account attributable to employer contributions.

Plan Administration

The Plan's investments are administered by Fidelity Management Trust Company (the Trustee). Upon enrollment in the Plan, a participant may direct the investment of his or her employee and employer contributions in any of the Plan's investment options. The participant may change the investment elections on a daily basis.

Forfeitures

Forfeitures arising upon termination of a participant's employment shall be used to offset future employer matching contributions under the Plan and/or to pay the Plan's administrative expenses. If a terminated participant returns to employment within five years, the amount previously forfeited will be reinstated. Forfeited nonvested amounts available for use totaled \$41,266 and \$7,903 at December 31, 2015 and 2014, respectively. For the year ended December 31, 2015, no forfeitures were used to offset employer matching contributions and \$600 was used to pay Plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on the Plan's investments held throughout the year as well as those bought and sold during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of the Plan are paid out of the Plan unless paid by the Company. Transaction expenses are included as part of the cost of the related investments. Fees related to notes receivable from participants are paid by the borrowing participant.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient* (ASU 2015-12). ASU 2015-12 simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits and (iii) the net appreciation or depreciation for investments to be presented in the aggregate rather than disaggregated and disclosed by general type. The standard also eliminates the requirement to disclose the significant investment strategies for certain investments that are measured using the net asset value per share practical expedient. Further, ASU 2015-12 provides a practical expedient to permit benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. Parts I and II of this standard are effective for fiscal years beginning after December 15, 2015 with retrospective application. Part III of this standard is effective for fiscal years beginning after December 15, 2015 with prospective application. Early adoption is permitted. The Plan Sponsor is currently evaluating the impact of this standard on the Plan's financial statements.

Note 3: Tax Status of the Plan

No provision for income taxes has been included in the Plan's financial statements. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 2, 2011 that the Plan and related trust, as then designed, were in accordance with applicable sections of the IRC. The Plan has been amended since receipt of the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified as tax-exempt at December 31, 2015.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2015, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 4: Financial Information of the Plan Certified by the Trustee

Assets of the Plan are invested in the Mueller Master Trust (the Master Trust). At December 31, 2015 and 2014, the Master Trust included the investment assets of the Plan and one other Company-sponsored plan, the Mueller Group, LLC Retirement Savings Plan No. 2. Each participating plan has an undivided interest in the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value plus actual contributions and investment income less actual distributions, transfers and administrative expenses. The Plan's interest in the Master Trust as a percentage of net assets was approximately 82% at both December 31, 2015 and 2014.

The Master Trust investments, at fair value, are as follows:

	December 31,	
	2015	2014
Master Trust investments, at fair value:		
Mutual funds	<u>\$ 244,418,088</u>	<u>\$ 246,874,699</u>
Plan interest in Master Trust, at fair value	<u>\$ 200,190,573</u>	<u>\$ 202,570,077</u>

The net investment income of the Master Trust and the Plan interest in the Master Trust investment income for the year ended December 31, 2015 are as follows:

Net depreciation in fair value of mutual funds	\$ (6,037,613)
Interest and dividends, mutual funds	<u>9,110,182</u>
	<u>\$ 3,072,569</u>
Plan interest in Master Trust investment income	<u>\$ 2,640,444</u>

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to the above information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information.

Note 5: Fair Value Measurements

Mueller Group, LLC Retirement Savings Plan No. 1

Notes to Financial Statements December 31, 2015 and 2014

Note 1: Plan Description

The following is a brief description of the Mueller Group, LLC Retirement Savings Plan No. 1 (the Plan). The Plan covers certain employees of Mueller Company, Anvil International, and Mueller Water Products, Inc. Mueller Group, LLC (the Company or Plan Sponsor) is a wholly owned subsidiary of Mueller Water Products, Inc. The Plan is a defined contribution plan providing retirement benefits to eligible employees of the Company. Participants should refer to the Plan Document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Non-union U.S. employees of the Company are eligible to participate in the Plan on the first day of the first payroll period beginning after date of hire. Union employees are not eligible to participate in the Plan unless their collective bargaining agreement provides for participation in the Plan.

Contributions

The Plan allows participants to contribute up to 50% of their eligible compensation on a before-tax basis subject to the annual limitation specified by the Internal Revenue Code (IRC).

Under the Plan's safe harbor election, the Company makes a mandatory matching contribution up to 4% of eligible compensation. Participants must make a contribution in order to receive a mandatory matching contribution. The Company may also elect to make discretionary matching and/or discretionary profit sharing contributions to the Plan.

Participants may also make rollover contributions to the Plan, provided the amount represents a balance from a qualified plan under the IRC and the amount is contributed to the Plan within 60 days of the original distribution.

Transfers

Certain employee job classification changes made during the year may warrant a transfer of participant accounts into the Plan from another Company-sponsored plan. These transfers represent the participant balance transfers in on the Statement of Changes in Net Assets Available for Benefits.

Vesting

Participants are immediately vested in their contributions, rollover contributions and mandatory employer matching contributions under the Plan's safe harbor election. Participants vest in discretionary matching contributions and discretionary profit sharing contributions based on vesting schedules between three and six years, as defined in the Plan Document. Upon termination of employment due to retirement, disability or death, the participant will be fully vested in that portion attributable to the discretionary matching and discretionary profit sharing contributions.

Participation

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings or losses, the Company's contributions, if any, and the participant's contributions. Allocation of earnings and/or losses is based on relative account balances and investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Withdrawals and Termination

Withdrawals from participant accounts may be made for the following reasons: termination of employment, financial hardship, retirement, death or attainment of age 59½.

Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan Document, and are subject to taxes in the year received. Hardship withdrawals result in a suspension of the right to make participant contributions to the Plan for a period of six months.

The Plan does not permit partial or periodic withdrawals from a participant's account, except for hardship withdrawals, attainment of age 70½ and from rollover contributions. Any other types of withdrawals must be for the entire vested balance.

Notes Receivable from Participants

The Plan allows participants currently employed by the Company to borrow amounts not to exceed 50% of their vested account balance. Notes receivable from participants at inception must exceed \$1,000 and cannot exceed \$50,000. Notes receivable bear interest at prevailing rates for comparable loans made by commercial lending institutions. Notes receivable repayments are generally made through payroll deductions and normally must be repaid within a five-year term unless the loan was used to purchase a primary residence, which allows extension of the term up to ten years. Notes receivable become due and payable in full once a participant terminates employment.

Plan Termination

The Company has reserved the right to amend, modify, suspend, or terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in that portion of their account attributable to employer contributions.

Plan Administration

The Plan's investments are administered by Fidelity Management Trust Company (the Trustee). Upon enrollment in the Plan, a participant may direct the investment of his or her employee and employer contributions in any of the Plan's investment options. The participant may change the investment elections on a daily basis.

Forfeitures

Forfeitures arising upon termination of a participant's employment shall be used to offset future employer matching contributions under the Plan and/or to pay the Plan's administrative expenses. If a terminated participant returns to employment within five years, the amount previously forfeited will be reinstated. Forfeited nonvested amounts available for use totaled \$41,266 and \$7,903 at December 31, 2015 and 2014, respectively. For the year ended December 31, 2015, no forfeitures were used to offset employer matching contributions and \$600 was used to pay Plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on the Plan's investments held throughout the year as well as those bought and sold during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of the Plan are paid out of the Plan unless paid by the Company. Transaction expenses are included as part of the cost of the related investments. Fees related to notes receivable from participants are paid by the borrowing participant.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient* (ASU 2015-12). ASU 2015-12 simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits and (iii) the net appreciation or depreciation for investments to be presented in the aggregate rather than disaggregated and disclosed by general type. The standard also eliminates the requirement to disclose the significant investment strategies for certain investments that are measured using the net asset value per share practical expedient. Further, ASU 2015-12 provides a practical expedient to permit benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. Parts I and II of this standard are effective for fiscal years beginning after December 15, 2015 with retrospective application. Part III of this standard is effective for fiscal years beginning after December 15, 2015 with prospective application. Early adoption is permitted. The Plan Sponsor is currently evaluating the impact of this standard on the Plan's financial statements.

Note 3: Tax Status of the Plan

No provision for income taxes has been included in the Plan's financial statements. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 2, 2011 that the Plan and related trust, as then designed, were in accordance with applicable sections of the IRC. The Plan has been amended since receipt of the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified as tax-exempt at December 31, 2015.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2015, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 4: Financial Information of the Plan Certified by the Trustee

Assets of the Plan are invested in the Mueller Master Trust (the Master Trust). At December 31, 2015 and 2014, the Master Trust included the investment assets of the Plan and one other Company-sponsored plan, the Mueller Group, LLC Retirement Savings Plan No. 2. Each participating plan has an undivided interest in the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value plus actual contributions and investment income less actual distributions, transfers and administrative expenses. The Plan's interest in the Master Trust as a percentage of net assets was approximately 82% at both December 31, 2015 and 2014.

The Master Trust investments, at fair value, are as follows:

	December 31,	
	2015	2014
Master Trust investments, at fair value:		
Mutual funds	<u>\$ 244,418,088</u>	<u>\$ 246,874,699</u>
Plan interest in Master Trust, at fair value	<u>\$ 200,190,573</u>	<u>\$ 202,570,077</u>
The net investment income of the Master Trust and the Plan interest in the Master Trust investment income for the year ended December 31, 2015 are as follows:		
Net depreciation in fair value of mutual funds		\$ (6,037,613)
Interest and dividends, mutual funds		<u>9,110,182</u>
		<u>\$ 3,072,569</u>
Plan interest in Master Trust investment income		<u>\$ 2,640,444</u>

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to the above information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information.

Note 5: Fair Value Measurements

Mutual funds are valued at the net asset value of shares held by the Plan at December 31, 2015 and 2014. There were no changes in the methodologies used during the year.

The assets of the Master Trust, within the fair value hierarchy are presented below:

	Level 1

	2015	2014
Mutual funds:		
Large cap funds	\$ 99,166,492	\$ 100,884,523

Short term investments	33,239,479	37,152,798
	<u>\$ 244,418,088</u>	<u>\$ 246,874,699</u>

Note 6: Reconciliation of Financial Statements to Form 5500

Change in adjustment to accrue employer contributions receivable	2,480	
Decrease in net assets, as reported in the accompanying financial statements	<u>\$ (2,239,405)</u>	

Note 7: Party-in-Interest Transactions

The Trustee performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. The Trustee is also the record-keeper as defined in the Plan Document. Any transactions with the Trustee qualify as party-in-interest transactions as do notes receivable from participants. Fees for these services paid to the Trustee were \$26,941 for the year ended December 31, 2015. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

Note 8: Prohibited Transactions

The Plan Sponsor deducted, via payroll withholding, an aggregate of \$12,662 during 2015, from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL Rules and Regulations. The Company intends to file Form 5330 with the IRS and intends to remit the required excise tax on the transaction. In addition, the Plan Sponsor intends to make a restoration contribution to restore lost earnings.

Note 9: Subsequent Events

Plan management has evaluated for subsequent events between the date of the Statement of Net Assets Available for Benefits at December 31, 2015 and the report date, which is the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
