Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

1. Plan Description

The following description of CognosHR 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan formed January 1, 2015, to provide retirement savings to the employees of CognosHR, LLC. (the "Company"). In addition, the Plan covers employees of participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan. The Trustees determine the appropriateness of the Plan's investments offerings and monitors investment performance. The Company as Plan Administrator maintains all necessary employment records and determines participant eligibility.

For the purposes of these financial statements, "participating employer" refers to all business entities that have adopted this plan. These entities have contracted with the Company for the employment of some or all of its personnel, and these employees are deemed employees of the participating employer. Each participating employer may designate the parameters to the matching contribution, if any, and whether its employees will receive credit for purposes of eligibility and vesting with a predecessor entity.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the participating employer's contribution portion of their accounts plus actual earnings thereon is based on the years of continuous service. The vesting schedules are determined in accordance with the option selected by the participating employer in its adoption agreement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 2% over prime. Principal and interest is paid ratably through payroll deductions over a period not longer than five years unless loan proceeds were used to acquire a primary residence.

Payment of Benefits

Upon termination of services due to death, disability, or retirement, a participant may elect to take a lump-sum distribution or a series of equal installments over a participants assumed life expectancy. On termination of service a participant may elect to receive their vested account balance as a lump sum payment. However, if a participant's vested balance is less than $5,000 at termination of service may only be distributed in a single lump-sum distribution. Rollover contribution and allocable rollover earnings are not taken into account when determining the $5,000 threshold.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. Loan administrations fees are charged directly to the participant's account and are included in administrative expenses.

Forfeited Accounts

At December 31, 2015, forfeited nonvested accounts totaled $2,197. These accounts will be used to either (1) reduce future employer contributions or (2) pay administrative expenses from the respective participating employer. In 2015, no employer contributions were reduced by forfeitures.

2. Summary of Accounting Policies

The financial statements of the Plan have been prepared under the accrual method of accounting.

Investment held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with United States of America generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosure. Actual results could differ from those estimates.

Administrative Expenses

The costs incurred for the administration of the Plan are paid by the sponsors.

Subsequent Events

We monitor significant events occurring after the balance sheet date and prior to the issuance of the financial statements to determine the impacts, if any, of events on the financial statements to be issued. The Plan has evaluated subsequent events through the date which the financial statements are issued. See Note 11 for further details.

3. Investments

Investments that represent 5% or more of the Plan's net assets are separately identified below as of December 31, 2015:

Blackrock Lifepath Index 2045 K	$ 337,397
Blackrock Lifepath Index 2050 K	545,412
Vanguard 500 Index Admiral	201,714

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits.

		Fair Value Measurements Using	
	Total	**(Level 1)**	**(Level 2)**
December 31, 2015			
Mutual Funds			
Blend	$ 1,425,221	$ 1,425,221	$ -
Growth	158,695	158,695	
Value	110,365	110,365	
Other	50,885	50,885	
Total Assets in the Fair Value Hierarchy	1,745,166	1,745,166	-
Investments Measured at Net Asset Value			
Common / Collective Trust Funds	41,532	-	-
Total investments at fair value	$ 1,786,698	$ 1,745,166	$ -

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quotes and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Fair Value Methodologies

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the year ended December 31, 2015, there were no such transfers.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Collective Trust Fund	$ 41,532	N/A	Daily	12 months

5. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

In line with generally accepted accounting principles in the United States of America, the Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

8. Summary of Information Certified by Plan Trustee
