INDEPENDENT AUDITOR'S REPORT

To FirstStar HR Retirement Savings Plan
Dallas, TX

I have audited the accompanying financial statements of FirstStar HR Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2015, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on our audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the FirstStar HR Retirement Savings Plan as of December 31, 2015, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of plan assets held for investment, form 5500, schedule H, part IV, line 4i, is presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

FirstStar HR Retirement Savings Plan

Footnotes to Financial Statements **December 31, 2015**

NOTE A - DESCRIPTION OF PLAN

The following description of the FirstStar HR ("Company") Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete information about the Plan's provisions.

Effective January 1, 2015 the Plan name was changed from GPS Financial Services Inc., dba Employee Professionals Retirement Savings Plan to FirstStar HR Retirement Savings Plan. The plan Sponsor changed from GPS Financial Service Inc. to Essential HR Inc., dba FirstStar HR (Essential). The underlying worksite employers PEO services were transferred to Essential and the 401(k) plan was altered to reflect that change. No changes to the substantial elements of the plan or its operation occurred as a result of the name change and the plan sponsor change.

General

The plan is a voluntary employee contribution plan under code section 401(K) of the Internal Revenue Code, originally adopted on October 1, 1997. It is subject to the provisions of the Employee Retirement Income Security Act (*ERISA*). To reflect the co-employment relationship among the company, affiliates, and other employers and the employees, the Plan qualifies as a multiple employer plan as described in section 413(c) of the Internal Revenue Code (IRSC). In addition, the Company and the worksite employers can, at their discretion, match employee contributions as provided in the schedule of requirements and benefits applicable to the specific worksite employer. Participants should refer to the Summary Plan Description or plan document for a more complete description of the Plan's provisions, and their specific worksite employers' plan terms.

Plan Administration

The management and administration of the Plan is the responsibility of the Company and its designee. The Company has designated Mid-Atlantic Trust Company as the trustee of all the Plan's assets including substantially all the responsibility for investment, reinvestment, control and disbursement of the funds of the Plan. Slavic Integrated Administration, Inc. has been designated as the record keeper to perform certain reporting and administrative functions, as well as accounting for participant information.

Eligibility

Pursuant to the election set forth in each worksite employers' Election Agreement, certain worksite employees are eligible to participate in the Plan. The eligibility period applicable to a worksite employee is based on the eligibility option elected in the applicable Election Agreement made by the worksite employers. Age requirements for participation range from no requirement to the 21 years of age maximum defined by the code. Service requirements range from no prior service required to 1 year of service.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, including catch-up contributions as defined in the Plan, and subject to limits established by tax laws. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Pursuant to the elections set forth in each of the applicable Election Agreements, certain worksite

employees may receive one or more of the following types of Company contributions: (a) matching contributions, (b) qualified non-elective contributions, and (c) discretionary profit-sharing contributions. The contribution basis is set from time to time by each employer. All contributions are in the form of cash.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers multiple mutual funds for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and is charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service in the specific worksite employers; vesting schedules vary by employer, however all participants are 100% vested after six years of accredited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 4.25%, and are determined by the Plan's participating organizations. Principal and interest is paid to the participants' accounts through payroll deductions and must be done at least quarterly.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or by the purchase term-certain non-transferable annuity. Furthermore, participants may withdraw funds from their accounts for financial hardship.

Normal Retirement

A participant shall be entitled to a benefit at the date of actual retirement and attainment of age 65, as defined, equal to 100% of the balance in the respective participant's account as of the date of distribution. Until a participant actually terminates employment, the retirement benefit shall not be paid and the participant shall continue to be treated in all respects as a participant.

Early Retirement

Upon reaching age 59 1/2, a participant may apply to the administrator (but not more than once during any 12-month period) for a lump-sum distribution of any portion of the participant's account to the extent such account is fully vested.

Forfeited Accounts

At December 31, 2015 forfeited non-vested accounts totaled \$30,635. Forfeitures may be reallocated to participant accounts, used to reduce employer contributions or to pay Plan expenses. Forfeitures were used to reduce plan expenses for the year ended December 31, 2015.

Administrative Expenses

Generally, administrative expenses are paid by the Plan; however, certain administrative expenses have been paid by the Company. The total fees paid to the trustee for investment advisory and management were \$10,087 for the year ended December 31, 2015. Contract fees paid for administrative and record keeping provided by Slavic was \$37,007 for the year ended December 31, 2015. Audit fees were paid by the plan and reported as administrative expenses of \$5,000. Administrative expenses in the amount of \$52,093 are reported in the reductions on the statement of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets for plan benefits and reported amounts for the net changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are stated at the net asset value of shares held by the Plan at year end.

The plan presents in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments. Purchases and sales of securities are recorded on a trade-date basis. Gains or losses on sale of investments are determined by specific identification method. Interest income is recorded as received. Dividends are recorded on the ex-dividend date

Payment of Benefits

Benefits are recorded when paid.

Date of Management Review

Subsequent events were evaluated through October 12, 2015, which is the date the financial statements were available to be issued.

Participant Loans

Participant loans represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses

has been recorded as of December 31, 2015. If a participant ceases to make loan repayment and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefits payment is recorded.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of *ERISA*. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE C – PLAN ASSETS

As of December 31, 2015, the Plan's investments were held by Mid-Atlantic Trust Company, the Plan's trustee. The plan is a self-directed investment plan, where the participants allocate their assets based on choices available in the plan. Each participant selects their own allocation of assets. The following is a schedule of mutual fund investments that represent 5 percent or more of the Plan's net assets:

NOTE D — FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

For the years ended December 31, 2015. The Plan only holds assets that require level 1 inputs.

Level 1 fair values

Mutual funds are the only assets held by the plan and are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

NOTE E – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 17, 2008, that the Plan and its amendments are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken or expected to be taken. The Plan has no material uncertain tax positions. The Plan is not subject to income taxes. The Plan is open for examination for the tax years including 2014, 2013, and 2012, however there are currently no audits or examinations for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years 2011 and preceding.
